Oil on Gessoboard

Kaitlyn Lau

Studio 346

Waking Light

Oil on Canvas

About the Exhibition

Over the past 20 years, the Banana Factory Arts Center has played an important role as a community resource and incubator for artists. The resident artists are the heart and soul of our creative community, inspiring individuals of all ages and abilities and providing access to high-quality arts education. From giving support and feedback to each other as peers, to serving as teachers, mentors, innovators and community change-makers on a daily basis, they work tirelessly to bring their ideas into fruition through experimentation and innovation.

The work exhibited within the gallery is a great way to highlight the diversity in style, medium and presentation of the Resident Artists and to celebrate their talent and growth. We invite you to look closely to see what inspires them, ask them about their creative process and purchase original work for your own collection.
