

Trend, Harry K.

Mojave Marine Station Leads In War Bond Sales

The Marine Corps Air Station at Mojave, Cal., of which Captain Harry K. Trend of Bethlehem is the War Bond officer, leads all Marine Corps aviation units in the sale of War Bonds. **MAR 15 1944**

As War Bond officer, Captain Trend has for the second time in recent months been publicly commended by his commanding officer. Previously he was commended because the station had achieved the best record on the West Coast.

The Mojave station is the only aviation unit boasting 100 per cent regular purchases by both military and civilian personnel.

Prior to entering the Marine Corps in 1942 Captain Trend was secretary of the Bethlehem Chamber of Commerce, from which he is now on leave of absence.
