“There is no reason why good cannot triumph as often as evil.

The triumph of anything is a matter of organization.”

Northside 2027

The Northside 2027 final meeting Tuesday night was an open house, people browsing the posters and talking informally with the consultants and the City officials.

Here is the final brochure for the project.

A written final report will come out in the near future with a section on implementation that will outline steps to be taken to act on the plan.

But a first step — **the Friendship Park renovation** — is just about complete.

The ribbon-cutting is Tuesday, July 2, at 2:30.
