ref: **Implicit bias training for Bethlehem police**

Gadfly has reported that 6 of our officers, including the Chief, are in a pilot implicit bias training program.

“The pilot program is broken down into three sessions. Each session provides officers with information regarding implicit bias through PowerPoints, videos and tests.”

In one of the sessions the officers took the Harvard Implicit Bias Test.

You can take it too.

Gadfly did.

It only takes a few minutes.

Go to **Harvard Implicit Bias Test**.

Gadfly was surprised at his result.
