ment as being "missing in action". The report that he is a prisoner came through Catholic Church circles through the Papal Secretary of State.

The communication from church authorities, relayed to Bethlehem from the Philadelphia diocese headquarters, came ahead of the War Department's announcement of the soldier being missing, it was said.

Cpl. Zamadics was inducted into the service July 25, 1941, and trained at Camp Wheeler and Fort Bragg before being sent overseas for service in Africa.
