(Latest in a series of posts on Walkability and Bikeability)

Gadfly has been using you followers for accountability.

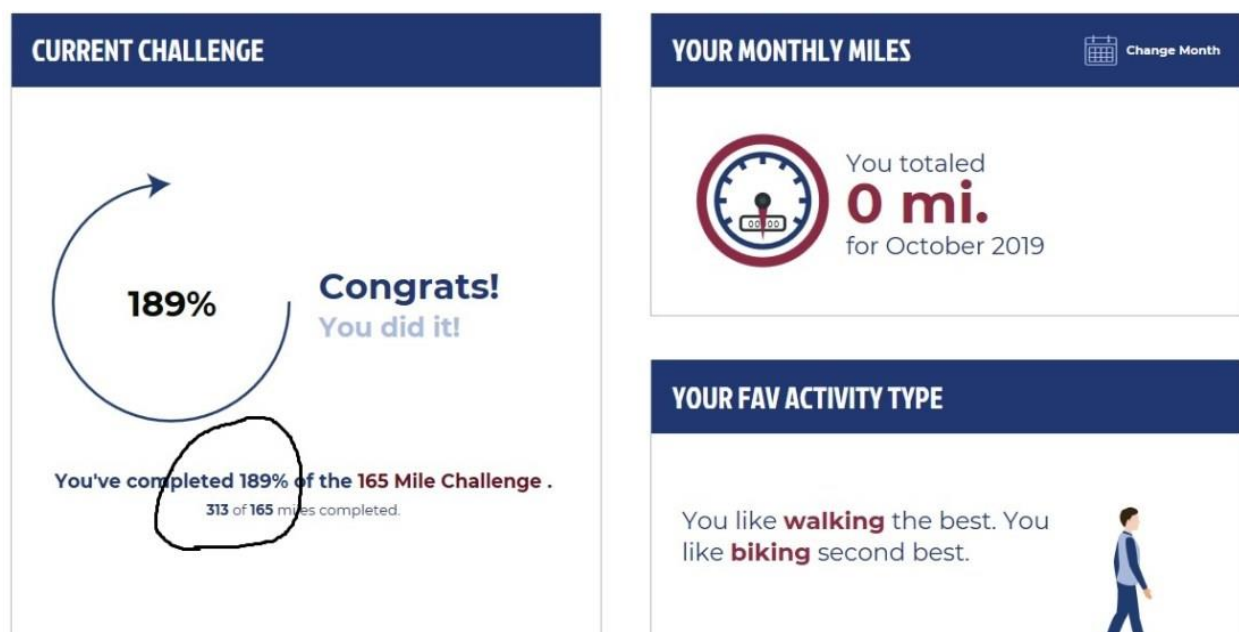

Reporting again on his progress in the [Tail on the Trail](#) Challenge.

His goal is to double the basic challenge of 165 miles (the length of the Delaware and Lehigh canal) in the 6 months between May 1 and November 1 = 330 miles.

5 months now gone.

Gadfly has done 313 miles with almost a month to go.

Gonna make the goal with plenty to spare.

Now Gadfly also plans the Delaware & Lehigh Half Marathon November 3.

Training-wise, he's up to 9 miles.

And an inch shorter.
