WE present the *Cauldron* to the class of

Alma Mater

Hail to Alma Mater dear !
Where we've spent our high school years,
Now to Bethlehem High we raise
Voices to extol thy praise .
In thy stately halls we've spent
Hours with hearts and minds content,
Now to thee , dear Bethlehem High,
In our loyalty we cry :

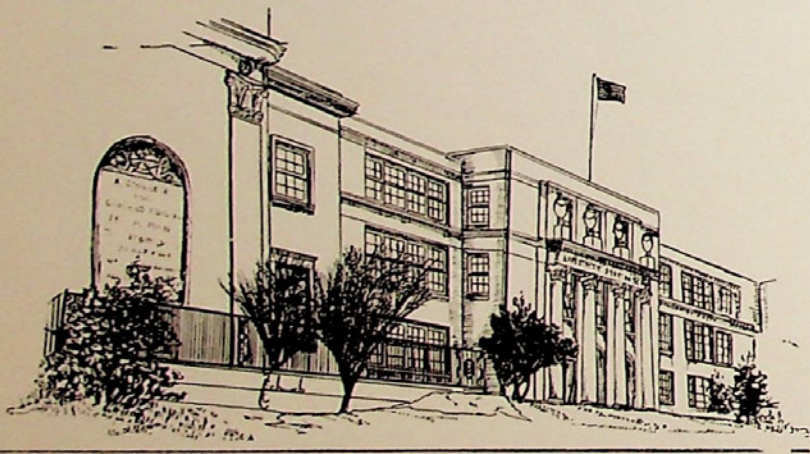

Bethlehem High School , hail to thee !
Loyal sons and daughters we ,
In the future as the past ,
We'll be loyal to the last .

Hail the dear old Red and Blue !
To thy colors we'll be true .
As the star of Bethlehem shone ,
So our love for thee has grown .
In the world where e'er we are ,
Nothing shall thy honor mar .
Though the future years pass by ,
This shall always be our cry :

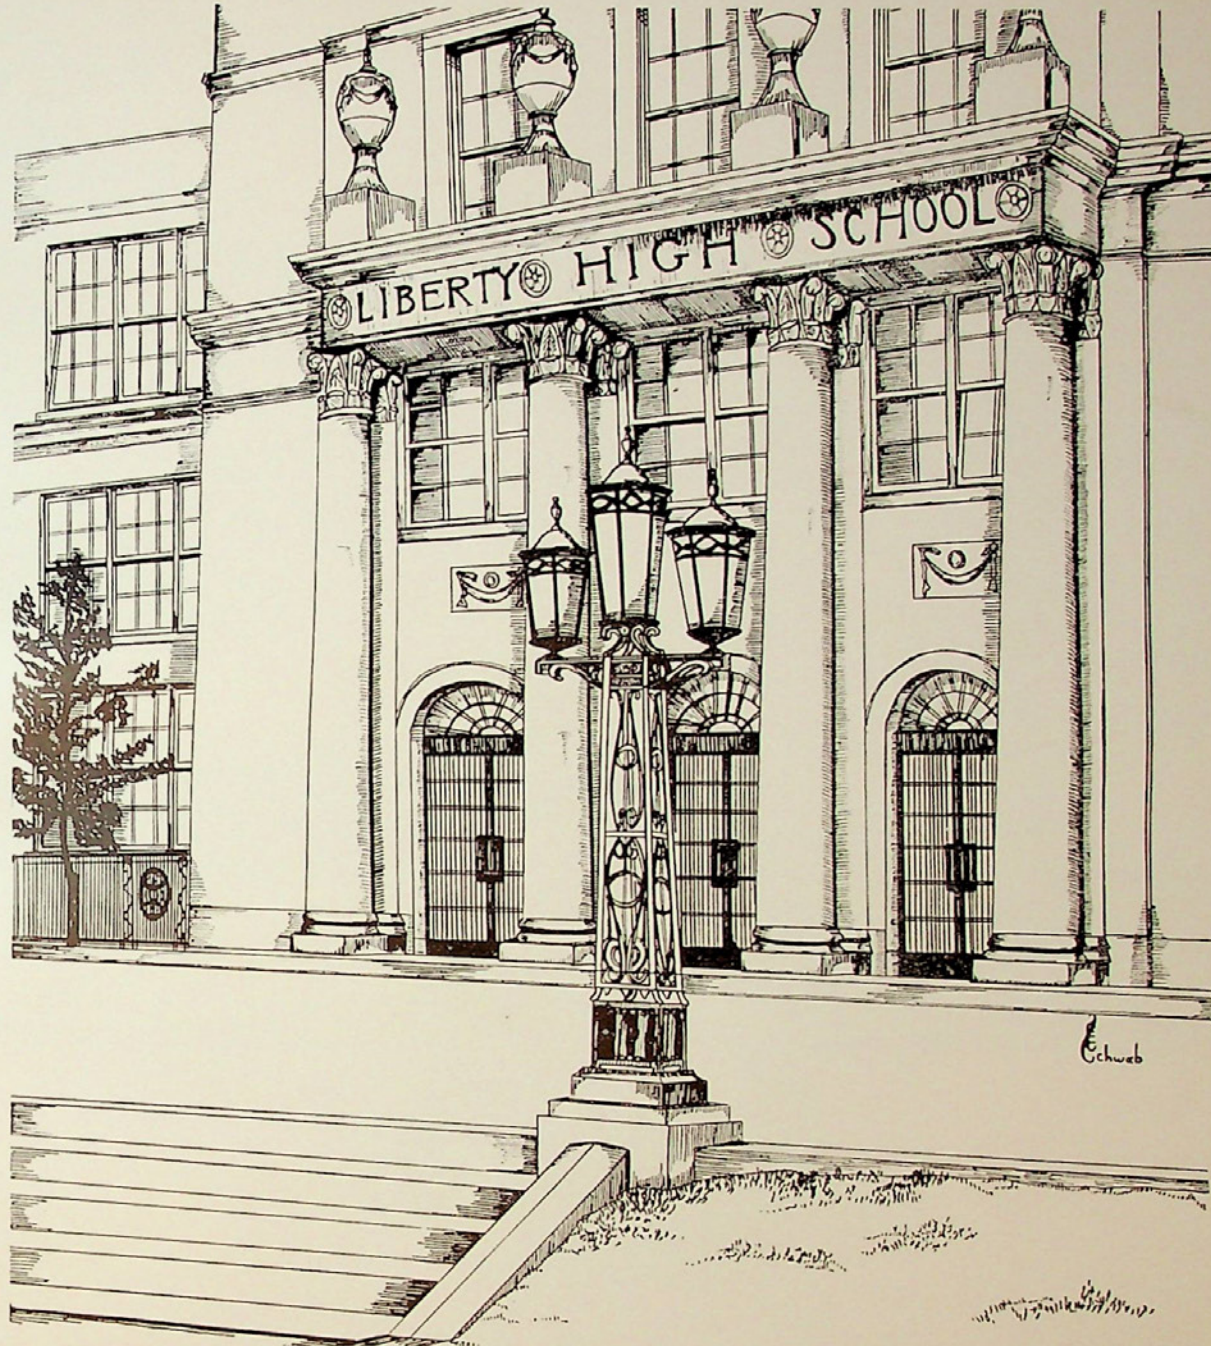

Bethlehem High School , hail to thee !
Loyal sons and daughters we ,
In the future as the past
We'll be loyal to the last .

Alma Mater

Hail to Alma Mater dear!
Where we've spent our high school years,
Now to Bethlehem High we raise
Voices to extol thy praise.

SENIOR ASSEMBLY

The Senior Class this year has laid the foundations and has established a precedent for class organization and government similar to the organization of the government of our great Republic.

Each Home Room as a unit is similar to each state in the Union, having its own Home Room organization and government under the direct supervision of the Home Room teacher. Two representatives to this general Senior Assembly—one boy and one girl were elected.

This general Senior Assembly meets with the class faculty advisors and both discuss and vote upon all matters brought before it by the advisors, class officers and various Home Room representatives. In this way, the business affairs of the Senior Class are attended to according to the representative government system.

Class officers were selected by popular vote of the Class. All matters pertaining to finances are voted upon by each Home Room.

It is hoped that future senior classes will continue this system, recognizing the various elements of democracy of government found in it.

First Row—Doreen Coburn, George Peters, Edward Graybill, Rhys Williams, and Florence Smollinger.

Second Row—Grace Frankenfield, Jeanne Herman, Mrs. Fitch, Miriam Petersen, Anne Coffey, and Sarah Louise Moore.

BIOGRAPHIES

GORDON WENDELL ACHEY

"Bud"

526 East Laurel Street

Birthday: September 7

Commercial Course

Bud entertains hopes of becoming a certified public accountant. Talking is an art in which Bud is quite accomplished, but he has the knack of exercising this talent at the wrong time. Bud is interested in all kinds of sports, and is especially fond of dancing.

Activities:

Track 2, 3, 4; Hi-Y 4; Art Club 4.

ARLINE ELIZABETH ADAM

516 Eleventh Avenue

Birthday: April 16

General Course

Shy and meek. Not after you know her! Arline is one of the very few girls who possess this envied combination: both a mathematical mind and good looks. She likes reading, rhythm, arithmetic, and eating candy in study halls. Her favorite sport is football—from the stand of course! Arline's chief interest is avoiding homework. Does that strike a familiar note?

Activities:

Personality Plus Club 4; College Club 4; Crafts Club 1.

IRENE AGOCS

"Blonde"

30 Main Street, Freemansburg

Birthday: September 28

Commercial Course

Freemansburg has given Liberty High School gay, laughing Irene. When looking into the future, Irene likes to picture herself as a bookkeeper. Dancing is her favorite pastime; but she detests "jitterbugging." The pretty clothes Irene wears are mostly her own productions. Skating, bowling, and hiking are a few of the sports in which Irene participates.

"Curly"

CARL LOUIS ALBARELLI

1049 East Third Street

Birthday: October 22

Commercial Course

Carl is an active lad who can more often be found participating in his favorite sports, soccer, basketball, and swimming, than doing homework. Since Curly is an accomplished talker, he should have a great deal of success in his chosen line of work, salesmanship. Although Carl is by no means a miser, he collects new nickels.

Activities:

Soccer 2, 3, 4; Wrestling 4.

HELEN AGNES ALDINGER

"Honey"

1163 East Fourth Street

Birthday: September 26

Commercial Course

Why does Honey get her seat changed in study hall? Perhaps it is that the teachers do not appreciate her ability to talk. But Honey remains undaunted. Keeping a diary may seem to be too much trouble for some, but for Honey it is a favorite pastime. Helen is quite active in sports, too, for she enjoys roller-skating, hockey, bowling, and swimming.

Activities:

Baseball 2; Basketball 2; Swimming 3; Hockey 3.

"Tillie"

MATILDA CLOTILDE DOLORES ALMEIDA

446 New Street, Freemansburg

Birthday: June 3

Commercial Course

Tillie is quite an accomplished musician. She devotes a great deal of time practicing on her piano accordion. But the pleasure she receives from playing it amply repays her for the many hours spent in developing this talent. Tillie also likes to go bicycling and swimming. Her fondness and skill in bookkeeping probably influenced Tillie to choose a career as a bookkeeper for her life's work.

DORIS ROBERTA ANGLE

719 Hawthorne Road

Birthday: October 10

Commercial Course

Doris has set as her goal in life the position of private secretary, and has been preparing to achieve this by studying the commercial subjects. Doris reads extensively, especially novels, but she finds time to enjoy a good swim. Her pleasing personality promises her a life of success in both the business and social worlds.

"Ann"

ANNA MARIE ANTALICS

502 Carlton Avenue

Birthday: December 5

Commercial Course

Ann is a very ambitious young lady, although she can spend hours just talking. Passing an ice-cream store is one of the hardest things she does, but she has to once in awhile for the sake of her girlish figure. Ann wants to be a stenographer; here's hoping that her conversational abilities will earn her a place in the world.

Activities:

Hockey 2; German Singing Society 2; Volley Ball 4; Girl Reserves 4.

IRENE AMELIA ANTOCCIA

756 East Fifth Street

Birthday: February 6

Commercial Course

Some day in the near future Renny hopes to be an assistant to a lawyer, so, in preparation, she has studied commercial law. It might seem that Renny has her head in the clouds, for her greatest weakness is airplanes, and her favorite diversion is flying. Perhaps she sings to the passing clouds, or even to the pilot. At any rate, either would be pleased, for she sings especially well.

"Renny"

MARY IRENE ANTOLICK

1101 Elm Street

Birthday: November 29

Scientific Course

One of the brightest members of the senior class is our Mary, although one would have a hard time getting her to admit it. It is always "I positively know I flunked that simply awful test," and yet she always comes out with "E". Since Mary is editor of our *Libertas*, her ambition to be a journalist seems particularly fitting. May Moravian appreciate you, Mary!

Activities:

Libertas Staff 3, 4; Senior Play—Bummy; Glee Club 3, 4; Scribblers Club 2; German Club 4; German Singing Society 3.

KATHRYN BLANCHE APPLE

"Tat"

Route 4, Bethlehem

Birthday: February 10

Commercial Course

Kathryn is a very quite girl but also a very thorough student. Her proficiency in shorthand, her favorite subject, will help her to achieve her ambition to be an efficient secretary. Her hobby is sewing, but she is never too busy to enjoy a plate of ice cream. The only noise Tat really makes is with a bowling ball. Here is wishing you a "strike" in success.

Activities:

Library Club 4; Commercial Club 4.

"App"

MILES EDWARD APPLE

1135 Madison Avenue

Birthday: August 27

Scientific Course

If ever a difficult question arises for which there seems no plausible answer, ask Miles, for he is sure to know. App is one of the really intelligent young men of the class and spends a great deal of time studying so that he can enter Lehigh. Yes, he is going to be an engineer. Miles is not always studying, for he takes time out for dancing and a certain blonde now and then.

Activities:

Basketball 2; Hi-Y 4; Cauldron, Editor-in-chief.

ETHEL ARNOLD

"Et"

1624 East Sixth Street

Birthday: March 18

Commercial Course

To receive a letter from a foreign country gives Ethel a certain thrill, for she is an ardent stamp collector. Besides this hobby, she is interested in sports, especially swimming and baseball. However, Ethel's ambition lies in an entirely different field. Her special knack for hairdressing has led her to choose a career as a beautician. Her many other interests will enable her to carry on intelligent conversations with her customers as she "beautifies" them.

"Bud"

LEA ELLSWORTH ARNOLD

622 Linden Street

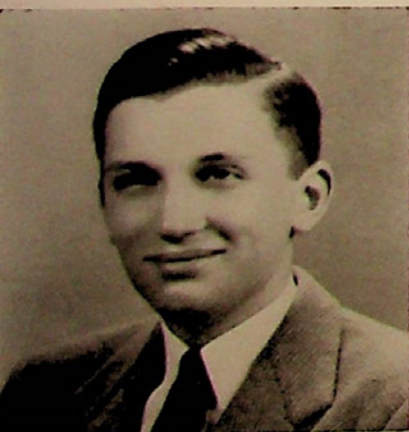

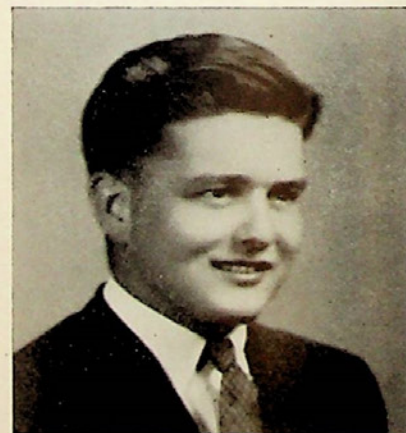

Birthday: January 4

Commercial Course

Bud has been one of the stalwarts of the Red Hurricane forward wall for three years and has earned his letter by tireless effort, even though hampered by injuries. He is very popular among his classmates and gets along very well with the opposite sex. His ambition is to be a public accountant, and his winning personality will surely prove a true friend in reaching his goal.

Activities:

Football 2, 3, 4; Junior class Vice President, Basketball 2.

RICHARD WATSON ARTIS

"Dick"

83 West North Street

Birthday: June 22

Scientific Course

Dick's skill at the piano key-board and his amazing impersonations rate him top honors as the Alec Templeton of our class. In fact, it is said that Dick can talk more like Hitler than Hitler can himself. In addition to performing in the mimic's role, Dick finds time to interfere with local radio reception, for he is one of our foremost radio "hams." Artis is truly the "life of the party."

"Drafty"

MARGARET ANN BACHERT

447 Carlton Avenue

Birthday: July 4

Scientific Course

If anyone sees a tall lassie, every inch a lady, strolling down the hall, it is sure to be Ann. Her greatest weakness, as she herself admits, is neglecting her homework to settle down with a good book. Drafty has a talent for art, but her real ambition is to be a laboratory technician. Although appearing to be quiet at times, she is always ready for fun. She has proven herself a real friend to all and will surely come out in front.

Activities:

Girl Reserves 3, 4; College Club 4; Swimming Team 3, 4; Art Club 4.

GLORIA MAE BACHMAN

16 West Fourth Street

Birthday: May 15

Scientific Course

In case you ever get in a "pinch" and need a good lawyer, you can call the services of Gloria to your aid. Her fascinating personality and her ability to talk should certainly prove helpful in swaying the jury. Gloria spends most of her spare time either reading novels or eating ice cream.

Activities:

Personality Plus Club 4; College Club 4.

ARLENE ANNE BADEL

641 Spring Garden Street

Birthday: August 2

Commercial Course

Although Arlene can be very serious at times, she herself admits that she usually talks too much. People whom she entertains find that they have very little to do, for Arlene constantly "keeps the ball rolling." Arlene's hobby, collecting records, is a fine one, for it puts her favorite songs at her command. Since she is quite interested in drawing and fashions, Arlene wants to become a dress designer.

Activities:

Life Saving 3.

MARIE HELEN BADER

310 Hobart Street

Birthday: September 22

Commercial Course

That quiet little girl reading over her shorthand is Marie. Ree's ambition is to be a stenographer. Her greatest weakness is Johann Strauss' recordings and other music in ¾ time. She enjoys scribbling, but not making notebooks. Skating, reading, and airplane riding will fill her spare time. Marie is a good student and will surely succeed.

Activities:

Girl Reserves 3, 4.

"Ree"

LORNA ELSIE BADMAN

1215 Wood Street

Birthday: April 5

Commercial Course

Did you see someone flying in the front door and through the halls as the 8:25 bell rang? That was Lorna. Perhaps her hobby of making hooked rugs is so engrossing that it keeps her up too late. Good novels and dramatic radio programs also take up much of Lorna's time. To become a beautician is her ambition.

KATHRYN BLANCHE APPLE

"Tat"

Route 4, Bethlehem

Birthday: February 10

She enjoys scribbling, but not making notebooks. Skating, reading, and airplane riding will fill her spare time. Marie is a good student and will surely succeed.

GRACE VERNA BAILY

641 Seventh Avenue

"Shorty"

Birthday: August 13

Commercial Course

Grace, better known as Shorty, has taken the Commercial course in order to become a bookkeeper. Being musically inclined, Grace is fond of listening to vocal and piano recitals, but when it comes to long boring speeches, she draws the line. When she doesn't feel like skating or swimming, Grace scouts the countryside for souvenirs to add to her collection. Grace cooks especially well, and surely this domestic skill will prove useful in the future.

Activities:

Glee Club 3, 4; Library Club 3, 4.

"Tiny"

DOROTHY RUTH BALLIET

Route 1, Bethlehem

Birthday: September 4

Commercial Course

A sudden burst of laughter from the girls in the hall leads one to believe that Dorothy is there. Dorothy is always taking dares that get her into trouble, but her speed and efficiency in shorthand and at her other subjects allow plenty of time for "patching up." Dorothy likes to read and hopes to travel when she graduates. Her exercise consists of tennis and badminton. With her jolly disposition, Tiny will certainly go places.

Activities:

Library Club 4.

ELEANOR KATHRYN BARLIEB

46 Wall Street

"Lala V"

Birthday: October 8

Commercial Course

Success as a hairdresser is predicted for Eleanor, for even now there are evidences of her skill among her friends. Eleanor has other interests too, for she is fond of dancing and swimming, and is one of our ardent football fans.

Activities:

Hockey 3; Swimming 4; Baseball 4.

"Lucy"

LOUISE ROSINA BARTII

647 Montclair Avenue

Birthday: September 28

Commercial Course

Louise is one girl who has really realized her ambition. She wants more than anything to be a good typist, and the knowledge that "practice makes perfect" has kept her shoulder to the grindstone and her fingers to the keys. Bowling, riding, and tennis are Louise's diversions when she is not working toward the success she deserves.

Activities:

Girl Reserves 4.

JOSEPHINE STEWART BARTHOLOMEW

"Jo"

Birthday: March 7

Scientific Course

Jo wants to become a high school teacher and with this in mind has studied the Scientific course. In her quiet moments, Jo enjoys reading a good novel, but biographies and histories hold no interest for her. Jo also likes music and tennis. Her distaste for the domestic arts is revealed by the fact that she hates to "straighten up" her room.

Activities:

College Club 4.

MARY TERESA BASSARICK

607 Washington Avenue

Birthday: January 3

Commercial Course

Wherever one finds Mary he can be sure to see a big smile and hear a hearty laugh. It seems that she is always able to see the comical side of a situation. Pins and other jewelry hold a certain fascination for Mary, and consequently, she has a rather large collection of them.

Activities:

French Club 4; Library Club 4.

LENA IRENE BASTIANELLI

1462 East Fifth Street

Birthday: August 5

Scientific Course

"Records, records, where are my records!" signifies that Lena wants more of her favorite dance music. Besides dancing she likes the movies, driving, and swimming. Lena takes a great deal of interest in history because of the notebook work involved. When someone remarks about her smallness, she answers with a pleasant smile that big surprises come in small packages. Lena would like to become a private secretary.

Activities:

Life Saving 2.

"Russ"

RUSSELL DONALD BAUER

638 Ontario Street

Birthday: August 24

Commercial Course

Russ is that small, easy-going fellow we see about the halls. His thoughts are usually high above his head, for he is very much interested in aviation. In his spare time, Russ builds models of the planes which he hopes he will some day be able to pilot. Russ also likes football, basketball, and baseball.

BERNICE EVELYN BAUMER

1957 West Broad Street

Birthday: September 3

General Course

That business-like girl rushing through the halls is Bernice, hurrying to dietetics class. Bernie intends to be a nurse and would like to travel in the south. She dislikes boring conversation but enjoys chewing gum and listening to jazz. Her athletic diversions are indoor-baseball and skating. In her quieter moments she crochets. With eyes straight ahead, she will no doubt achieve her objective.

Activities:

Biology Club 3; German Singing Society 2; Basketball 3.

"Bernie"

"Polly"

PAULINE RUTH BEAHM

1342 Center Street

Birthday: January 24

General Course

Some day we hope to read about Polly as a famous artist, for that is her ambition. Combining work and play, she draws for her amusement. Art is not the only thing Polly is interested in, for she dances as well as she draws. She also likes swimming, basketball, and football. Everyone wishes her the best of luck as an artist, so we can say, "We knew her when—".

MABEL ELIZABETH BEASLEY

"Lizzie"

JOSEPHINE JUNE KELLER

R. D. 2, Bethlehem

Birthday: August 8

General Course

It is hoped that June's dislike for persons who are too free with passing judgment has nothing at all to do with her fondness for driving a car. If it has, let it be said that no one loves the "back seat driver." According to June, her chief claim to fame rests in her ability to make noise. This modesty may be dismissed as the fancy of one who enjoys life. The halls of Liberty High will miss the cheerful sound of June's chattering.

"Doolie"

EILEEN AGNES KELLY

621 Ninth Avenue

Birthday: January 26

Scientific Course

Doolie is one of those rare "gals" who wants to be a surgeon. She eats bananas so that people will fall on the skins and come to "Doctor Doolie" for sewing up. The fact that she is one of Liberty's best dancers probably explains her hatred for getting up early, especially weekends! She is a super swimmer but does not get along at all with fish. Doolie's middle name, Aggie, has caused her many a miserable hour.

CHEERLEADING

Coach—Frank Kernan

This peppy organization of boys, coached by Frank Kernan, cheered our teams to victory through many a trying game during the football and basketball seasons.

The encouraging cheers of these boys were heard at all football games and at most basketball games, a fact which proves their loyalty and enthusiasm in their work.

With the help of the older boys left over from the year before, the new recruits were taught the cheers and formations. Then the best of

this group were picked as cheerleaders for the coming season. Their season began in early fall and continued through to the end of March. For next year Fred Knouss, James Anders, and Franklin Hawk will have to lead the new group. Under consideration at this time is the possibility of having girls take part, too.

The new red and blue uniforms and large megaphones gave the boys on the squad a chance to show their ability to perform many new gymnastics on the athletic field.

Left to right: James Anders, Franklin Hawk, Bruce Handelong, Edward Wagner, Edward Graybill, Robert Martin, Lawrence Noll, Gilbert Schaffer, Fred Knouss.

"Big 15" Champions

FOOTBALL

Coach—John Butler

HAIL THE CHAMPIONS

This season the Bethlehem Hurricane fought their way through to becoming champions of "The Big Fifteen." Losing half of the letter men of the previous season, Coach Butler developed a team which was considered by many sport writers as the heaviest and most powerful in the state. Mr. Butler contributed to the success of the season primarily to the cooperation and teamwork of everyone connected with the grid-

iron. This year Bethlehem's total admission was the highest in the state.

Head coach, "Johnny" Butler, was ably supported by his assistant coaches "Jodie" McLernon, "Snooky" Hudak, "Jack" Conti, and "Johnny" Howard. Others also essential to the football squad were "Doc" Fredericks, trainer; Harry Schuler, assistant trainer; Pete Facchiano, and Louis Seeds, managers.

Achey scores first touchdown of season

Northampton—Home. Playing the first game in the new stadium, the Hurricane opened the season with a bang. Northampton's scrappy eleven put up a terrific battle but were no match for the superior weight of the Red and Blue. After a forty yard pass to Groskovich, Achey carried the pigskin over for the first touchdown. In the third quarter Bill Heck took a reverse from Case and galloped fifty-three yards for the second touchdown. Peters pushed the last one over from the two yard line, making the score B. H. S. .20, N. H. S. .0.

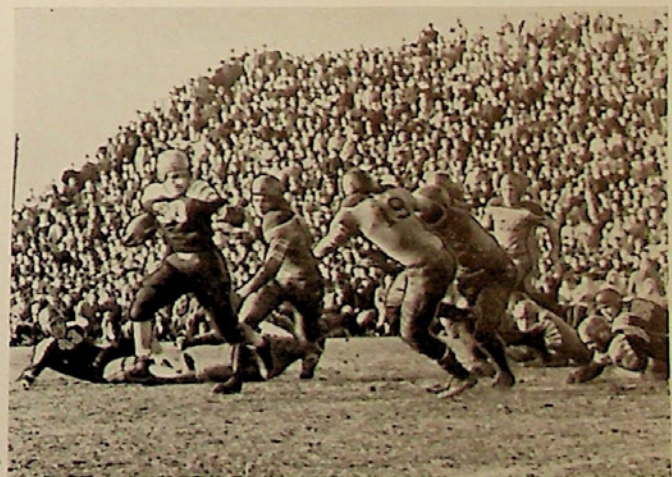

West Philadelphia—Home. The speedboys from West Philadelphia brought a line that nearly matched Bethlehem's line in weight, but their backfield was about twenty pounds lighter per man. Bethlehem, running true to their color, scored four touchdowns: Wichot took a reverse from Achey, Groskovich snagged a pass from Case, Achey plunged over from the seven yard line, and Vatz ran the last over from the twelve yard line. Achey's touchdown was set up for him when Crowell blocked a punt and Frey recovered on West Philadelphia's seven yard line. B. H. S. .26, W. P. H. S. .0.

John Harris—Home. In front of a crowd of 13,000, the Red and Blue Hurricane came from behind to tie and then beat the aerial minded John Harris team. A few minutes after the opening whistle, John Harris recovered Vatz's fumble on the thirteen yard line and pushed it

over for the first score against the Liberty boys this season. Captain Harry Mann recovered a blocked punt and scored to even things up. Vatz, with perfect interference, carried the pigskin across scoring the winning touchdown. B. H. S. .13, J. H. H. S. .7.

Pottsville—Away. Traveling on their first away game, Bethlehem steam rolled Pottsville's Maroon into submission. Spurred on by Vatz's devastating end runs and Achey's super power in smashing the line, Bethlehem scored a touchdown in each quarter but failed to convert any extra points. Crowell again paved the way for the first touchdown by blocking a punt. Shuman, aided by Wichot, crossed the pay line for the final score. Bethlehem made nineteen first downs to Pottsville's two. B. H. S. .24, P. H. S. .0.

Reading—Home. In the outstanding game in the state of Pennsylvania, two undefeated and untied teams dashed in the Liberty stadium to decide the Big Fifteen Championship. The teams were evenly matched in weight, Bethlehem having the slightest edge in backfield. Captain Ruther Achey, probably putting in the best performance of his High School career in football, led the offensive against the Readingites. While the offensive was building up a winning score, the defensive, following the example set by Mann, held the invaders to a score of B. H. S. .14, R. S. .6.

Easton—Home. Bethlehem barely overcame the light but stubborn Easton team. With Easton continually in the shadow of her own goal posts, the Hurricane tried desperately to push the ball over the play line, but with no success. From the end zone, Easton attempted a kick, which was blocked and recovered by Martucci, who lateraled it to Hochella. Hochella ran it over for the only score of the afternoon. B. H. S. . . . 6 E. H. S. . . . 0.

Hazleton—Away. On a rain soaked field the Red and Blue aggregation met and overcame a tough Mountaineer outfit. Within the first two minutes Vatzka intercepted a pass and ran through the entire Hazleton team to score the first touchdown. The second touchdown was the conclusion of a goalward march from Hazleton's forty-two yard line. Heck went over from the three yard line for the score. B. H. S. . . . 15 H. H. S. . . . 0.

Phillipsburg—Away. Although this game was a victory to the Red and Blue boys, it meant a loss to the team. This game climaxed a brilliant scholastic grid career of Ruther Achey, who was the spearhead of Bethlehem's offensive gains. This game was spent in the air. The touchdowns were made by passes from Vatzka to Groskovich and Martucci. B. H. S. . . . 13 P. H. S. . . . 0.

Norristown—Home. On a bitterly cold day the Bethlehem Hurricane chalked up its ninth victory by defeating Norristown. Strange as it seems, three out of four of the red and blue touchdowns were made by linemen. Frey scored the first by a lateral from Venninger. Crowell scored the second on a lateral from Groskovich. Ruyak scored the third by intercepting a pass and running forty-five yards for the touchdown. Gitschier swept around left end for the final score. Norristown's touchdowns were made against Bethlehem's third and fourth string varsity players. B. H. S. . . . 27 N. H. S. . . . 13.

Allentown—Away. Invading Allentown for the Turkey day classic, the Hurricane and Canaries fought to a scoreless tie. Bethlehem, although they outplayed Allentown were unable to score. Allentown crossed the fifty yard line only once, due to an intercepted pass. However, even the icy field could not hold Vatzka, who made a 56 yard stab at the goal posts but was thwarted. The team did their best, fighting against the Canaries and the slippery field which was so harmful to their style. B. H. S. . . . 0 A. H. S. . . . 0.

GIRLS' VOLLEY BALL

Coach—Angelyn Butterfield

No hockey field this year! These were the words that greeted the hockey enthusiasts. Not the least bit daunted, the girls substituted volley ball for the former sport.

Miss Butterfield, the new coach, called the girls out for Volley Ball on October 17. The call brought 8 Seniors, 11 Juniors, and 10 Sophomores.

The Senior team was captained by Mary Ewiak and managed by Jeannette Funk.

One very exciting game was played when the Seniors defeated the champion Juniors, giving them their only defeat—21-19.

SOCCER

Coach—William Stark

The Liberty High School booters opened their sixth undefeated season under the captaincy of "Curley" Albarelli. Although Bethlehem was beaten, when all the scores were tabulated there was a triple tie between Reading, Bethlehem, and Hellertown for the Lehigh Valley Scholastic Soccer Championship. This year a string of fifty-three consecutive victories was broken.

Springtown (September 28) The Liberty lads walked through Springtown as a knife will pass through soft butter. The Springtown booters went down to a score of 8-0.

Kutztown (October 1) Taking an early lead over the visitors, Bethlehem added to their long list of victories. Final score 5-2.

Reading (October 4) Bethlehem, looking more like the teams of old, defeated Reading

2-1. Reading had a strong team, and if it hadn't been for the alert and heads-up playing of the Bethlehem booters, the score would have been a different story.

East Mauch Chunk (October 8) Adding a new comer to her schedule, Bethlehem also cut another notch in her gun. The plucky Mauch Chunk team was no match for Coach Stark's proteges. Final score 6-0.

play, the Reading fullback kicked a goal, but because of off sides, the final score was 1-1.

Upper Darby (October 23) Traveling to Philadelphia the local booters played a very close game. Bethlehem's center forward broke through in the final period but was cut down from behind before he could score. Final score, 0-0.

Hellertown (October 25) Bethlehem, crippled by the loss of their center forward and center-half, tried valiantly to score. Both defenses, however, proved air tight, making the final score 0-0.

Springtown (October 11) Duplicating an earlier victory, Bethlehem again triumphed over Springtown. This was a hard fought game, but superior coaching brought us through. Final score, 2-0.

Hellertown (October 15) For the first time in six years, Bethlehem lost a game, losing to Hellertown, their old opponents. A lob from the left wing carried by the wind dropped under the cross-bar for the only score of the game. Score, 1-0.

Reading (October 18) Liberty opened the scoring in the first half, but it was soon tied by the Reading players. In the last few seconds to

WINTER SPORTS

BASKETBALL

Coach—William Emery

When October rolled around and Coach Emery called for candidates, he had high hopes of going far in the pennant race. With two outstanding players, Bill Hochella and Pete Venninger, a great season was expected. Such players as Moyczan, Case, and Gaskaska, also from last years J. V. team, were to strengthen the squad a great deal.

Everyone was looking forward to the first game of the season with Fountain Hill, to see what "Pop" had in store for the coming season.

Fountain Hill—Home. With most of the starting five just returning from football, they did not look too impressive, winning by a score of 37-26.

Palmerton—Away. The boys looked very good on their first road trip, beating a strong Palmerton team which won their league this year. Hochella scoring 20 points and Venninger

13, helped to win the contest 43-33.

Lebanon—Home. Playing last year's state champions, Bethlehem was determined to take their third straight game. They did so by pulling out of a hard fought game 30-26.

Reading—Home. The streak was broken by a hard fighting Reading club, winning by a one

Hazleton—Away. Travelling up to the famous Hazelton floor, Bethlehem dropped their first league game 24-35.

Phillipsburg—Away. A very exciting game was staged on the New Jersey court, when the ball game was forced into an extra period. The Hurricane took it 42-40. Ben Shaner, a good ball player from last year's J. V. team, was appointed captain for the night.

Allentown—Home. The great Allentown game again brought sorrow to the Bethlehem boys when they lost a close game 22-24.

Central Catholic—Home. As usual a strong Central Catholic five gave Bethlehem plenty of trouble, until Pete Venninger dropped a few foul shots in the last minute of play to give our team a close 33-32 victory.

Easton—Away. Lacking something, but not knowing just what, the Red and Blue lost a close 22-23 game to Easton High.

Tamaqua—Home. Mr. Emrey experimented with a few boys from the J. V.'s playing varsity ball for the night. Tamaqua took a lead and the regular varsity players had to be used to pull out a 36-33 victory.

Pottsville—Away. A very much improved team this year gave the Liberty boys a neat setback to the tune of 39-48.

Reading—Away. To beat the Red Knights on their home floor is quite a task, but that is what happened with the sharpshooting of James Case, who garnered 14 points to help win the ball game 34-33.

Hazleton—Home. When Hazelton gets a licking by 16 points, that is something to talk

about. It happened on our own court when lanky Pete Venninger dropped in 15 points to give the mountaineers their first defeat 32-16.

Allentown—Away. A sad group of boys returned home from the "Peanut City" after receiving their worst defeat of the season 19-47.

Phillipsburg—Home. Still amazed from the set-back at the hands of the Canaries, Bethlehem dropped a close one to Phillipsburg 34-36.

Easton—Home. Showing that they can really play ball, the Red and Blue set a scoring high for the East Penn League, winning 51-36.

Tamaqua—Away. It was a stubborn Tamaqua quintet that only allowed Bethlehem a 30-26 margin.

Pottsville—Home. Displaying some fine shooting, Pete Venninger scored 20 points to take individual scoring honors for the night. This was not only the last game of the season, but also the last game that Hochella and Venninger wore the Red and Blue.

INTRAMURAL BASKETBALL

Miss Peters takes a free shot

A series of games were held this year in order to line the coffers of the class treasury.

The first game of the 1941 series was a double-header. In the first game the Senior Boys played the Senior Girls who were the pride of the class of '41. The girls under the excellent coaching of Miss Roth and under the captaincy of Miss Walters walloped the gentlemen to a tune of 3-2. The latest in beach-wear and evening dress was exhibited by Miss Greene and Miss Compton respectively. In the second game the Seniors won a closely contested game over the Sophomores by a score of 22-18.

The second game of the series was between the Seniors and the faculty. The teachers received the short end of the deal to a score of 30-18 in addition to many sore muscles.

The third game of the series was the final and deciding game for the Liberty High Championship. The Juniors annexed this title by a victory of 20-10 over the Seniors.

The games were ably and well officiated by Mr. Butler and Mr. Heller. Mr. Emery coached all the teams.

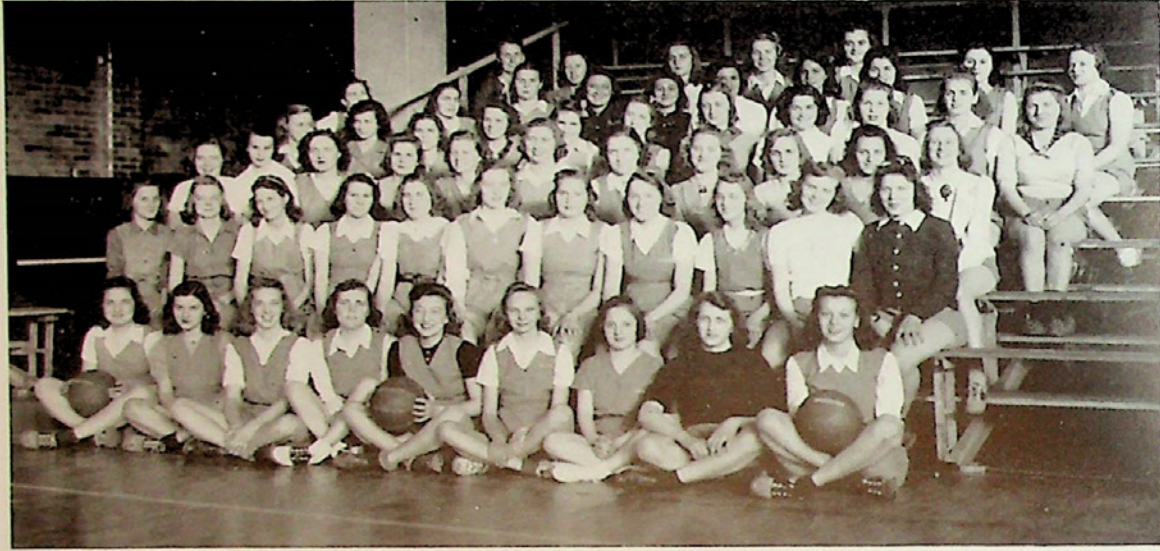

The Committee in charge of the games was headed by Don Walters, and composed of Wesley Gangwere, Grace Frankenfield, Edward Graybill, and George Peters.

Varsity members were not permitted to participate in the games.

The girls' interclass basketball games were held as usual this season under the direction of Mrs. Charlotte Abernathy Clauser, who devoted much of her time explaining the fundamental rules and plays.

This season a grand total of eighty-six girls reported. Twenty-one of these girls were Seniors, thirty were Juniors, and thirty-five were sophomores. The captains and managers chosen by the girls respectively were as follows: Seniors, Grace Frankenfield and Mary Ewiak; Juniors, Doris Prosser and Helen Sokal; Sophomores, Jacqueline Fetsko and Mary Lilak.

According to statistics, the Seniors came out on the bottom, and the Juniors came out on top. Even though the Senior team was defeated, they fought hard and played square and fair. Cooperation, which is necessary for success in any team, was present even among the Seniors, but fate was against them.

WRESTLING

Coach—William Stark

This year the aspect for a championship wrestling team did not look too bright for Bethlehem High School. Heil, Ruyak, and Check were the only veteran grunt and groan artists. However Coach Stark, taking a practically green team, developed an aggregation which bowed only twice to more experienced teams. This year marked the introduction of the point system into the wrestling circles.

Washington, New Jersey (January 10) Traveling to Washington, the Red and Blue grapplers met a team coached by a former protege of Coach Stark. The plucky Washington wrestlers lost by a score of 25-14.

Admiral Farragut (January 25) On the road again the Bethlehem boys took a trip to the seashore where they nosed out the Academy wrestlers 14-13. The meet was packed with thrills and spills to the last bout.

Lebanon (January 29) Bethlehem, acting host to the Lebanon Cedars, shut them out 44-0. The superior coaching of the local boys was very evident.

Wellington-Menhap High School (January 31) Bethlehem met their first defeat at the hands of the Long Island grapplers. Due to the differences in the weight classes the Bethlehemites wrestled at a disadvantage. Final score 36-10.

Kingston (February 8) Bethlehem again bowed to a more experienced team. Bethlehem was only able to capture 10 points making the final score 22-10.

Shamokin (February 21) Retaliating from defeat the local grapplers added another victory to their list by defeating Shamokin. Final score 26-14.

Pennsylvania State Wrestling Finals (March 14) The Red and Blue wrestlers were all eliminated in the preliminary bouts. Three were unfortunate enough to draw the future state champions. Heil and DeLong took their men into extra periods but failed to come through.

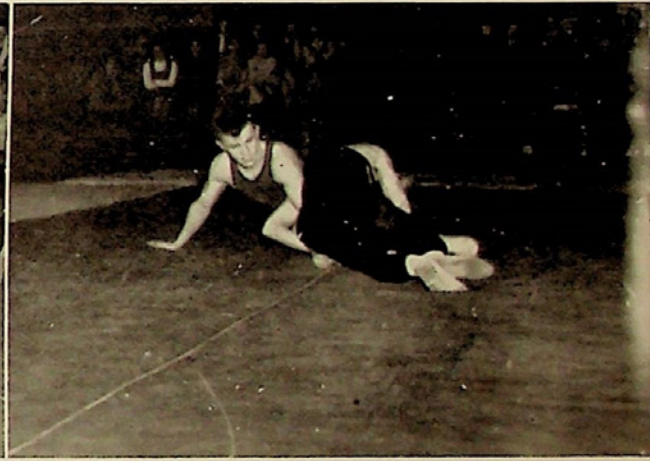

Frank Ruyak, leading his nearest team mate by 6 points, will have his name engraved on the Sheridan Wrestling Cup.

GIRLS' LIFE SAVING

Coach—Angelyn Butterfield

The girls' Life Saving is made up of a group of first class swimmers who wish to participate in learning and mastering the art of Life Saving. This class is composed of two types—Senior Life Saving and Junior Life Saving.

Some of the devices used in Life Saving are life boats, life lines, buoys, and rafts.

To become a Senior Life Saver, you must swim 440 yards and to become a Junior Life Saver, you must swim 220 yards.

Under the direction of Miss Butterfield, about fifteen girls have completed the course. Always remember the slogan—"Row, Throw, Go, Tow."

TRACK AND FIELD

Coach—William Emrey

When Mr. Emrey issued a call for track candidates, over a hundred candidates reported. This year's club is built around fifteen point winners from last year's squad. Eight of these are lettermen, namely Russell Stocker, Bill Crowell, Bill Shuman, Harry Compton, Warren

Waldron, Edward Gitschier, Emerson Miller, and Phil Hilaire.

"Pop" Emrey stated that last year's team was the second best team in the history of Liberty High track so that means there will have to be some stepping to hold up the prestige.

Lansdale—Bethlehem started out with a bang this year by defeating a strong Lansdale team who hadn't been defeated in 50 consecutive dual meets. The Bethlehem team showed superiority in the running events.

Bethlehem 58 Lansdale 50

Norristown—Liberty met a strong experienced team when they ran against the well balanced Norristown High combine. Liberty did well considering the experienced team they met so early in the season.

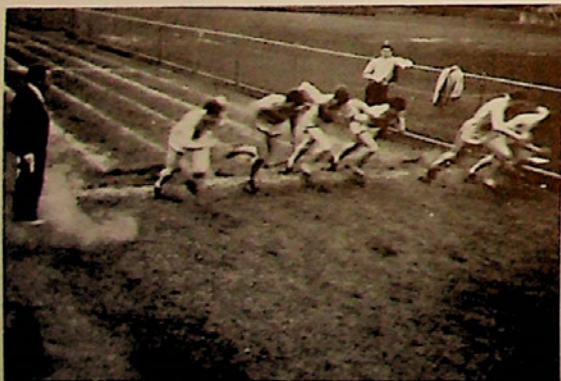

Bethlehem 48 Norristown 69

Bethlehem High's mile relay team, consisting of Bill Crowell, Edgar Gehman, Harry Compton, and Bill Shuman, placed third in the Penn Carnival on April 26. This makes the twelfth time that the Liberty boys have finished "in the money."

Allentown—On the road for the first time the red and blue boys invaded Allentown and returned victoriously with the bacon. The inspired team won first places in everything except two of the events. Bill Shuman established a new record time of 51.2 seconds in the 440, and Warren Waldron established a new record by throwing the shot 48' 7".

BOXING

Coach—William Stark

The champions of Liberty were crowned after twelve sizzling bouts. The hardest competition was found in the 125 pound class, where John Barrett fought his way to the crown by defeating Frank Sinnott, Stephen Hesco, and Marvin Gradwohl. Don Reynolds and George Holley exhibited some excellent boxing in a non-decision bout. In the 155 pound division, slugger Arthur Naeyaert won his wreath of laurels by defeating Donald Medlecot in the final round by a technical knockout in 22 seconds. Charles Keeler, by

decisioning Holley, won the 135 pound championship. Robert Brown captured the 145 pound honors by defeating Jack Markos in extra periods. Joe Pustai, having no competition, was declared champion in the 175 pound class.

Mr. Stark, who was very well pleased with the way in which his proteges handled their "dukes", acted as referee. Mr. Whytock and Mr. La Sasso were judges. Mr. Kocker, Mr. Lease, and Mr. Phillippi acted as time keepers.

Spirits ran high as the Red and Blue hurlers reported for duty. Many hold-overs and experienced veterans from last year's team were back for another year. Coach Butler looked for a banner season, hoping to repeat the performance of the 1939 club and win the District 11 title.

A few of the hold-overs who led the Bethlehem team to victory are John Vatz, Donald Engler, Pete Venninger, and Frank Ru-

yak. Dale Matthewson, William Hochella, William Johns, Leon Kimpinski, and Roger Doll are warming up their million dollar arms as pitchers for this year's club. John Gasdaska and Richard Frey are experienced catchers back from last year. Others of last year's squad who deserve mention are Howard Grebs, Michael Kushinka, Richard Serman, William Fasesky, Robert Ford, William Messics, George Moyczan, John Peters, and Robert Brader.

Easton (away)—Traveling to Easton, Bethlehem won their opener. In the batteries, Dale Matthewson took that mound for Bethlehem and Jack Rathenhausler for Easton. John Vatz, Donald Engler, and Frank Ruyak led the team at bat. B. H. S.—7 E. H. S.—3

Northampton (away)—Bethlehem, outhitting and outscoring Northampton, added a second victory to their record. On the mound for this game we find Hochella, Kimpinski, and Doll. The "Konkrete Kids" were no match for the inspired playing of the local nine. B. H. S.—11, N. H. S.—6.

Allentown (home)—With two victories already under their belt, the Bethlehem boys glided right over Allentown. Dale Matthewson again took to the mound and pitched the first no-hit, no-run game in Liberty High's annals. Due to infield errors three Allentonians reached first base. Matthewson struck out eleven men and didn't walk any. Gasdaska, with a homer, Vatz, with a triple and a double, Ruyak, Veninger, and Engler helped crush the Canaries. B. H. S.—6 A. H. S.—0

Reading (home)—Reading High School turned on the power and subdued Bethlehem in a free hitting high scoring game. Due to many errors by the Red and Blue players the pitching of Matthewson and Hochella was to no avail. Bethlehem had two out of the five home runs in the game. B. H. S.—6 R. H. S.—15

A twelve-game schedule was planned by Mrs. Charlotte Clauser. Under her supervision the games were played on every Monday, Wednesday, and Friday.

Eighty-four girls reported. There were only 13 Seniors to 33 Juniors, and 38 Sophomores, but the Seniors held their own in ability and sportsmanship. The Senior team was captained by Doris Sigley and managed by Marie Mutarelli.

When Coach Chiles announced there was to be a tournament, a group of twenty-four enthusiasts reported to test their skill. Varsity hold-overs from last year's team, namely Clyde Oskin, Bill McIntyre, and Harry Tachovsky were not eligible for the competition. In the finals Harry Compton defeated Roland Correll. Others in the tournament who showed potentialities and reached the semi-finals were Tom Ullmann and Don Schellenberger. Compton earned his place on the varsity team by copping this tournament.

Outlook for the 1940 tennis season.

Another tennis season has reared its head, but the High School courts are still in no playable condition. The team this year will probably be composed of Oskin, McIntyre, Tachovsky, Correll, and Smith. Compton forfeited his berth by going out for track. Due to the poor facilities there will be very little practice before the first meet.

STUDENT COUNCIL

President ROBERT CLAYTON
 Vice-President.....GEORGE D'ANGELO
 Secretary-Treasurer.....MARIE KERN

Under the guidance of Mr. Walter J. Gapp, the **Student Council** of Liberty High School was re-established this year.

Early this year representatives met to discuss plans which would aid in the betterment of the school. These representatives were chosen as follows: four representatives each and the Presidents of the Sophomore, Junior, and Senior Classes were chosen by a committee representing these classes. Each Club in the school has the privilege of sending one representative to the meetings of the Council.

The Council acts as an advisory board, recommending that certain steps be taken in those

matters which come to its attention.

There have been many changes since the **Student Council** began its fine work. New lights throughout the building greatly facilitate reading on dark days. The change in luncheon periods was subject for much discussion when it was innovated. This breaking up of the two periods into three and the continuation of classes has helped to relieve the crowded condition of the cafeteria.

The members of the Council have exerted much energy that has made itself felt among the student body, which has worked hard to make the school finer than ever before.

STUDENT COUNCIL

President ROBERT CLAYTON
 Vice-President..... GEORGE D'ANGELO
 Secretary-Treasurer.....MARIE KERN

Under the guidance of Mr. Walter J. Gapp, the **Student Council** of Liberty High School was re-established this year.

Early this year representatives met to discuss plans which would aid in the betterment of the school. These representatives were chosen as follows: four representatives each and the Presidents of the Sophomore, Junior, and Senior Classes were chosen by a committee representing these classes. Each Club in the school has the privilege of sending one representative to the meetings of the Council.

The Council acts as an advisory board, recommending that certain steps be taken in those

matters which come to its attention.

There have been many changes since the **Student Council** began its fine work. New lights throughout the building greatly facilitate reading on dark days. The change in luncheon periods was subject for much discussion when it was innovated. This breaking up of the two periods into three and the continuation of classes has helped to relieve the crowded condition of the cafeteria.

The members of the Council have exerted much energy that has made itself felt among the student body, which has worked hard to make the school finer than ever before.

LIBERTAS STAFF

"Deadline Friday!" Excitement rules. "Will all the copy be in?" "Will the printer come on time?" Those questions can be heard resounding from the vicinity of 310 as the members of the Libertas staff busily prepare for the "deadline."

This group has as its advisers Mr. Paul S. Christ, Mr. Earl S. Evans, Mr. Warren M. Horne, Mr. J. J. Conti, Mr. A. W. Hunsinger.

Because of the change in the school system, only three issues were published this year instead of the usual four issues. A Christmas issue, a Spring issue, and a Bi-Centennial issue were printed.

The Christmas issue was made interesting by

the writings of students from such countries as Holland and Switzerland.

The Bi-Centennial issue was devoted entirely to Bethlehem, from its earliest beginnings to the present time.

This publication has done much to instill a better knowledge of American citizenship in the students of Liberty High School by the editorials and interviews granted to members of the staff by prominent men.

The magazine has done its best to present to the students that which is best in the activities of the school and to bring to the students the most valuable elements of public and private life.

CAULDRON STAFF

If at any time you happened to walk past 215, you would be sure to see a group of students busily engaged in completing some part of the Cauldron.

From the time of their election to the day the Cauldron went to press, Miss M. Price Gibson was kept busy seeing that work progressed and that each editor understood that he was responsible for one section of the yearbook. With much discussion and examination of other yearbooks each editor soon began "to see" his section.

As Editor-in-chief, Miles Apple conducted the meetings of the staff, gave suggestions to the editors, and was responsible for the final assembling and compiling of the Cauldron.

As Associate Editors, Miriam Petersen and Dorothy Stump saw that the individual write-ups were distributed, written, collected, edited, typed, and finally proof-read.

As Sports Editors, Robert DeLong and Grace Frankenfield had complete charge of the work concerning the sports. Robert collected the pictures, write-ups, and names of the participants

of the boys' sports. Grace had charge of the work concerning the girls' sports.

Ruth Frankenfield and Austin Hunt were always seen walking with a camera. As Photograph Editors, they had charge of all the action pictures taken.

Jeanne Ward was kept busy collecting various articles and jokes, for she was our features Editor.

Winifred Strahler, as Art Editor, had charge of the art work in the book.

Dorothy Gradwohl carried on the correspondence between the printing, engraving, book-binding, and cover-designing companies and the staff. As Business Manager, she collected money from the clubs, checked bills, and kept accounts.

As Activities Editor, Jean Mindlin had charge of the collection and editing of the write-ups for each individual organization, seeing that the pictures were taken, and that all the members were listed.

Mary Lang, Elsie Surovi, and Ruth Fulmer were kept busy typing all work handed to them.

ART CLUB

President..... MICHAEL CHIADIS
Secretary.....WINIFRED STRAHLER
Treasurer.....ROBERT EHRGOTT

Early in October, a group of Senior art students met to determine the qualifications for club membership which was to be limited to art students submitting satisfactory work, and craft students recommended by Mr. Horne.

With this selected group, the club began an eventful year which included exhibitions, speakers, sketching trips and plenty of work.

In February Ruth Frankenfield and Winifred Strahler attended the annual New York water color exhibition. In March the club elected Dorothy Stump and Winifred Strahler as delegates to the Eastern Pennsylvania Conference on Art Education at Kutztown.

Liberty Art Club was again represented in the annual High School Art Exhibition sponsored by Lehigh University. Dorothy Stump

won first prize for her water-color. Mary Farrall's dry-point won second prize.

The Art Club arranged for several exhibitions. Among them were the French paintings from Miss Eleanor Mumbauer's collection; and oils and water-colors by Miss Jeanne Stauffer, an alumna of Liberty High School.

The middle name of this year's art club seems to be **W-O-R-K**. Did you know that the Art Club took over the work of the stage crew this year? The first art-club and stage-crew project started in November when committees were appointed for the purchasing of greens and the various properties used in the Christmas decorations. The costume committee selected characters to fill the positions in the tableaux. Miss Gibson again supervised the make-up and everyone

worked to produce the Christmas Vespers.

Then! The Senior class presented their annual play which proved to be one of the most successful ever produced in Liberty High. This was another opportunity for the Art Club to plan color schemes and construct and paint scenery. Following the play was the Glee Club's production "Robin Hood" with its problems in staging, costuming and lighting.

After all this work can you imagine the club ever having fun? Then you have forgotten the Christmas party, and the picnic when all the work was forgotten in just having fun!

<i>President</i>	MARY KONOLIGE
<i>Vice-President</i>	PHYLLIS WERST
<i>Secretary</i>	ELEANOR RODDA
<i>Treasurer</i>	GERALDINE CHIPSER
<i>Corresponding Secretary</i>	CHARLOTTE MARTIN

The **Personality Plus Club**, under the guiding hand of Mrs. G. M. Spaid, although only in its second year of existence, has become known throughout the school and city. The membership is limited to those junior and senior girls who have had a year of a Home Economics course.

The members of the club have enjoyed varied opportunities along the lines of interesting lectures and social events. Such speakers as Mrs. Ludwig, who spoke on "Personality Development," Miss LaReau, "Hair Styling," Miss Maplethorpe, "Girl and Boy Friendships," and Mrs. Bowman, "Boosting Your Personal Voltage,"

have provided the girls with many suggestions for improving themselves.

As a member of the State Home Economics Association, the club sent several girls to the Home Economics Convention in Pittsburgh, May 2 and 3. The club also contributed a sum of money to the Foreign Fellowship Fund which serves as a means of providing a college education for some worthy girls in foreign countries who wish to study in the United States.

The success of a Christmas sale of cookies and peanuts led to an Easter sale through the Retailing Class. A movie project after Easter sponsored by the group aided in raising the convention fund.

The outstanding social affair of the year was the Sweetheart Dance of February 14, 1941, held at Hotel Bethlehem. There Phyllis Werst was selected as the "Personality Sweetheart," with Kathryn Simons, Mary Konolige, Geraldine Chipser, and Nan Bowman as attendants.

Several delightful teas were held for the mothers of the members, the alumnae, and for the Home Economics club of a neighboring school. Picnics, doggie roasts, and a swimming party must also be placed on the list of noteworthy activities which were aimed at the club's objective—to aid in developing the personality of the teen-age members.

NATURE STUDY

Last year the **Nature Study Club** was an innovation at Liberty High School but enjoyed a highly successful season. The object of the club, under the sponsorship of Mr. Warren M. Horne, crafts instructor, has been to impart and establish a knowledge and love of nature in its members.

The curriculum this year has included hikes, tours, and talks by members. Field trips have been made along the Monocacy Creek, to the Lehigh University campus, to Fountain Hill Reservoir Park, and to East Rockhill Township, Bucks County. The famous—but rare—fringed gentian was found early last fall.

Talks have been given during the year on various phases of nature. A very interesting talk was given by Mr. Horne of his recent trip

to Florida.

The **Nature Study Club** had the privilege of rendering the first special chapel program of the year. The program revealed to the student body the work and the purpose of the **Nature Study Club** through a question and answer program which revealed that Pennsylvania had officially adopted the following:

(1) the mountain laurel (*Kalmia latifolia*) May 5, 1933, as the state flower.

(2) the hemlock (*Tsuga Canadensis* Tinnæus) June 22, 1931, as the state tree.

(3) ruffed grouse (*Bonasa umbellus*) June 22, 1931, as the state bird.

Other valuable nature lore about this section of Pennsylvania was learned.

<i>President</i>	DORIS ZIMPHER

<i>Historian</i>	YOLANDA DOTTER

Through the interest of Mrs. Julia Baum Blumberg to further the cause of the commercial education in Liberty High School, the Commercial Club was formed on Wednesday, March 12, 1941.

Inasmuch as one-hundred and nine seniors joined the club immediately, it was deemed inadvisable to include lower classmen.

To foster contacts among students of the

Commercial department, talks were presented by the following prominent men: Stuart Hockenbury, Robert Lambert, John Weibangs, Dr. Neil Carothers and Mr. Bintzer.

These talks and discussions were of much practical value because each member knew of the large demand for stenographers in the business world of Bethlehem.

GERMAN CLUB

On the third Friday of every month the pupils of the third-year German class of Miss Mary L. Hess put aside their textbooks to hold a meeting of the **German Club**. Membership to this group is restricted to those students who are taking third-year German as a part of their curriculum. This restriction permits the meetings to be held instead of a regular class. Since one rule of the **German Club** is that all speaking must be done in German, these meetings allow all lessons studied to be put into real use.

The members give prepared talks which include biographies of famous Germans and German-Americans, histories of well-known German cities, and many other interesting topics.

Often short German plays are given and German songs follow each meeting.

In addition to providing an interesting diversion from regular classes, the meetings have a practical value in that they aid the pupils in speaking and understanding German. Experience and training are also gained from these meetings, for a different president and secretary preside at every meeting.

Because of Miss Hess's extensive travel and study in Europe, she is well qualified to add to the discussions many interesting sidelights about Germany and her neighboring European countries.

LATIN CLUB

On the second Friday of every month, Room 311 was the scene of the informative and entertaining meetings of the **Latin Club**, ably guided by Miss Mary L. Hess. This organization, consisting exclusively of third and fourth year Latin students, arranged unique features for their meetings.

Each month a new president and secretary were selected, so that by the end of the year many of the members had gained much experience from conducting a meeting and recording the minutes accurately. Every member had an opportunity to participate in the programs. These programs consisted of interesting reports

on famous Roman personages, Roman mythology, and the life and customs of the ancient Romans. To encourage all those on the program to do their best, the best speaker was selected by the members at the end of each meeting.

The singing of Latin songs, responding to the roll call with Latin mottoes, and playing games involving mythological characters added to the enjoyment of each meeting.

This season, with its informative and cultural activities, ending in a picnic with all its fun and pleasant associations, made all members feel that they had just completed a most profitable year.

BIOLOGY CLUB

<i>President</i>	GEORGE D'ANGELO
<i>Vice-President</i>	MARY KONOLIGE
<i>Secretary</i>	BEATRICE WEAVER
<i>Treasurer</i>	LUCY ELLICOTT

This year the Biology club, with R. Thomas Hutchinson as faculty advisor, conducted one of its most active seasons. Membership of this group was limited to those students who had one year of Biology or who were carrying Biology as a part of their curriculum. The aim of the club was to introduce to its members the new-

est developments and experiments along scientific lines.

Dr. Hall, professor of Biology at Lehigh University, gave a lecture to the group when they visited the university during December.

Following the Christmas vacation, the Biol-

ogy Club began formulating plans for their production of "Yellow Jack," a play which dealt with Yellow Fever. The Club was fortunate to have Miss Rheta Miller consent to direct the play. The production resulted in one of the most unique and interesting plays presented on our stage. Usherettes, members of the club, were attired in Red Cross Nurses' uniforms which added color and dignity to the production.

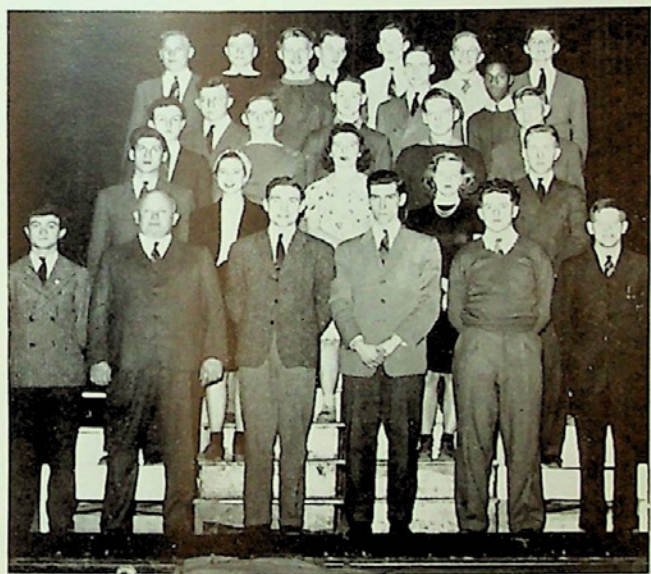

Yellow Jack was presented on March 7 and 8 on our stage. Scenes, vividly portrayed, described the hardship and sacrifice endured so that the shores of Cuba could be freed of that pesti-

lence. The attention of the audience was held by the simple staging and the unusual changing of scenery. There were no intermissions—all scenery was changed during brief black-out periods.

The returns from the play and other projects were used when the club toured to the University of Pennsylvania on May 17, where they saw the Medical, biological, and zoological departments.

As a token of their appreciation the club contributed a filtering device for future uses in Biology classes.

SCRIBBLERS

President.....MIRIAM PETERSEN
 Vice-President.....NANCY DEETZ
 Secretary-Treasurer.....KAY WOODMAN

One of the most recent of our organizations is the **Scribblers Club**. Organized again this year with Miss Mary Crow as faculty adviser, the club seeks those students with talent who wish to better their literary ability by attempting new and varied forms of writing.

As a project the members of the club engage yearly in a literary contest sponsored by the Scholastic Magazine. To this contest are sent stories, bookreviews, poems, articles, essays, and even autobiographies.

The members participate in several activities other than regular meetings. The power of observation and description are enlarged by trips around and about the school. Excursions are taken to local points of interest. One of the most successful of these was a tour of the old

Moravian buildings and grounds. The Scribblers were guided on this trip by Miss Crow, who explained the history of the famous old landmarks. Outside events, such as this one, are intended to provide interesting material for writing of poems or stories and essays.

At the regular meetings—held the first and third Thursday of each month—the members read their work aloud so that it might be criticized by their fellow Scribblers. After the suggested improvements have been made, the articles are submitted to the school magazine or paper or occasionally to some literary contest.

The present members of the organization hope to see it continue for many years, helping all students with literary inclinations.

LIBRARY CLUB

President.....DOROTHY STUMP
 Vice-President.....KATRINA STOLP
 Secretary-Treasurer.....MARY TITLOW

On Monday, October 7, twenty-six members of the **Library Club**, both old and new, met to launch, for the third successive year, a trip through the land of books and libraries, under the leadership of Miss M. Christ.

Membership is open to any student who is interested in books and library work. New members may join at any time up to the December meeting.

The purpose of the club is two-fold:

1. To give students a better understanding of the value and use of the library.
2. To serve as a guide in fostering an interest in Library Science as a vocation.

In the course of the year, each member is given a period of practical experience in the Library, during which time she assists the librarian in many of the routine duties. These duties

include charging and discharging books at the desk, shelving books, reading shelves, mending books, and preparing books for cataloging.

The business meetings are followed by a period of entertainment stressing books, literature, library procedures, or some other appropriate field. In December, a gala Christmas party was enjoyed by about fifty members of the **Library Club** and Faculty. In April, the group visited the Lehigh University Library. Plans are now under discussion for a tour of the Bethlehem Globe-Times plant in June.

During Book Week, November 11-16, the club presented a short skit in chapel entitled "Pyramus and Thisbe". Book Week contests for the students and faculty were sponsored by the Club. The winners, Alice Stehly and Miss Hazel Ressler, were presented with books of their own choosing.

Early this year the **Spanish Club**, organized under the supervision of Miss Marion Clark, made plans for the study of the cultural and social aspects of the Spanish speaking countries.

Correspondence with young people in South American countries not only furthered the aim of the club but aroused a keen interest of the members in these young people from other countries of the world. By means of these letters the group has become better acquainted with all phases of the geography, the history, and the customs of South American and all other Spanish speaking countries. To further increase their

knowledge of Spanish, each meeting had as the theme a different South American country. Spanish songs and Spanish games were part of every meeting.

A highly entertaining play "Enrique Va a los Estados Unidos" (Henry goes to the United States) marked the climax of the season's activities. This play was presented at one of the meetings and aimed to teach the correct way to use one's voice while speaking Spanish.

All-in-all, every member will agree that the year was a highly successful one.

Each program was in charge of a different committee, which introduced reports on famous French people and events. As variety was the key-note of the program, French songs, stories, recitations, plays, and games were included. An amusing skit entitled "Paris Interlude" (Entre Acte a Paris) was presented in chapel. It stressed the importance of knowing how to speak French if one plans to visit Europe or other places with a French background.

HI-Y

President.....	RHYS WILLIAMS
Vice-President.....	DONALD SMITH
Secretary.....	ERNEST GERLACH
Treasurer.....	WILLIAM HIGHFIELD
Chaplain.....	JACK GRIFFIS
Sergeant-at-arms.....	WILLIAM GRIFFITH

The Liberty High School **Hi-Y**, under the able guidance of Mr. Harry S. Dando, has this year completed an active and instructive program. This program was based on the Hi-Y plan: "to create, maintain, and extend throughout the school and community high standards of Christian character." Clean living, clean speech, clean sports, and clean scholarship serve as the basis for these ideals.

From time to time, during the year, the group

HI-Y CHORUS

enjoyed educational trips to local places of business, to local hospitals, and to Lehigh University.

The organization was well represented at the Germantown Older Boys' Conference at which time Rhys Williams was chosen secretary.

A new feature of the club—a chorus composed of nine members—appeared before the student body at a chapel program and at Y. M. C. A. functions, including the Conference of Older Boys held at Germantown and at the annual Father-Son Dinner.

Members of the **Hi-Y** have held positions and responsibility in the school, they have ranked high in scholarship attainments, and have rendered service to the Senior Class and to the school in general.

The crowning feature of the year will be the trip to Washington, D. C.

GIRL RESERVES

President	BETTY BUSS

Secretary	MAE ACKERMAN
Treasurer	ANNA ANTOLICS
Publicity Chairman	MARY SANTANASTO

The **B-Hi Girl Reserves** is composed of fifty-four junior and senior girls under the leadership of Miss Blessing and Miss Moll. The organization meets in school the first and third Friday of every month to further their aim to "face life squarely and to find and give the best." The Y. W. C. A. is the scene of the meeting the last Friday of the month.

Several prominent women speakers have lectured before the group. Mrs. Ludwig spoke on Personality; Miss Maplethorpe on Boy, Girl Relationships; Mrs. Johnston on Jewelry; and Mrs. Bowman on Personality.

The girls participated in Red Cross work, made favors for a convention, and tally cards for the Veterans' Home. In commemoration of the two hundredth anniversary of the founding of Bethlehem, the Y. W. C. A. conducted a lit-

erary contest for the members of the Girl Reserves.

This year the Girl Reserves celebrated their sixtieth anniversary. In recognition of this event, the group enjoyed a birthday party at the Y. W. C. A. During the same week the candlelight and recognition services were conducted at the Moravian Chapel and Y. W. C. A. At this time the junior members of the organization were recognized by the seniors.

A winter conference held at Scranton was attended by several members who presented reports when they returned.

Plans for sending several delegates to Lake Ariel this summer will complete the season.

ARCHERY

President.....	PAUL COWIN
Vice-President.....	HUGH CONAHAN

Treasurer.....	SUSAN BUTLER
Publicity Manager.....	VERNON BAUER

The **Liberty Bowmen**, organized last October with Miss Angelyn Butterfield as their leader, have tried in this first year to promote good sportsmanship and lasting interest in archery.

Several prominent archers, among them Mr. David Randall, Professor Cowin, and Miss Martenis, spoke to the group about the background of archery—safety measures, types of equipment which can be used, and ways in which that

equipment can be made.

Two of the officers of the **Archery Club** hold state championships in the junior division. Ellen Diggs, holds single, double, and quadruple Junior American records for the State of Pennsylvania. Paul Cowin has been state champion for two consecutive years.

The most memorable event of the year was the challenge meet with Lehigh University. Since it is not a common practice for high school teams to compete with college teams, the group had due cause to feel satisfied when they defeated the Lehigh team by twelve points. The Boston Bean Pot, the trophy which the club received for this victory, was given to the high school.

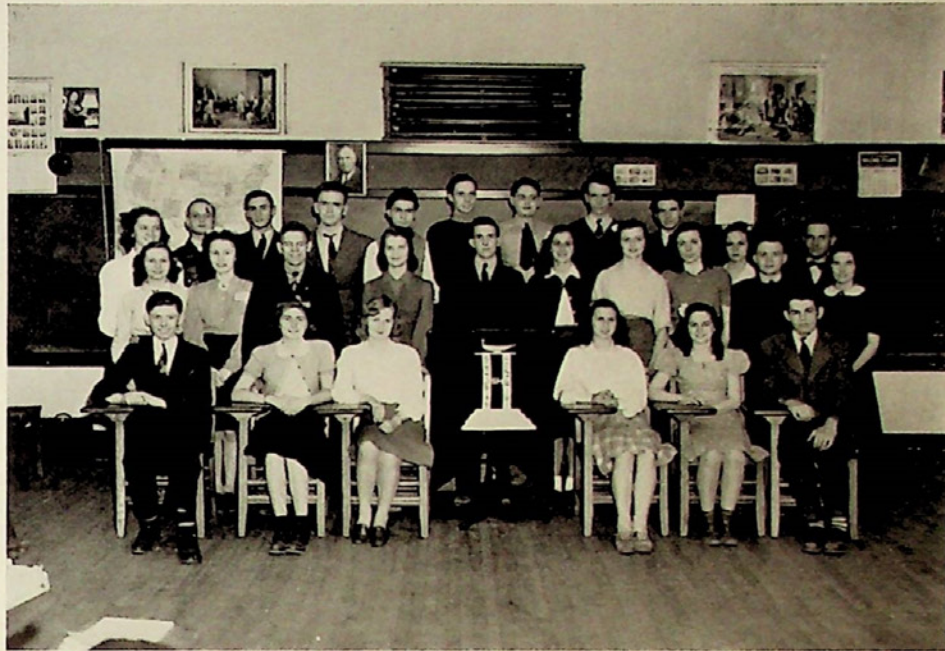

The Liberty Bowmen are very grateful to the Bethlehem Archery Club for their aid in supplying targets, stands, issuing invitations to tournaments, and the use of their range.

The Debating Club, under the sponsorship of Mr. H. David Randall, has this year completed one of the busiest and most successful seasons since its organization.

The questions for this season upon which these debates were based are as follows: "Resolved, That the power of the federal government be increased"; and "Resolved, That the manufacture of arms and munitions be a government monopoly."

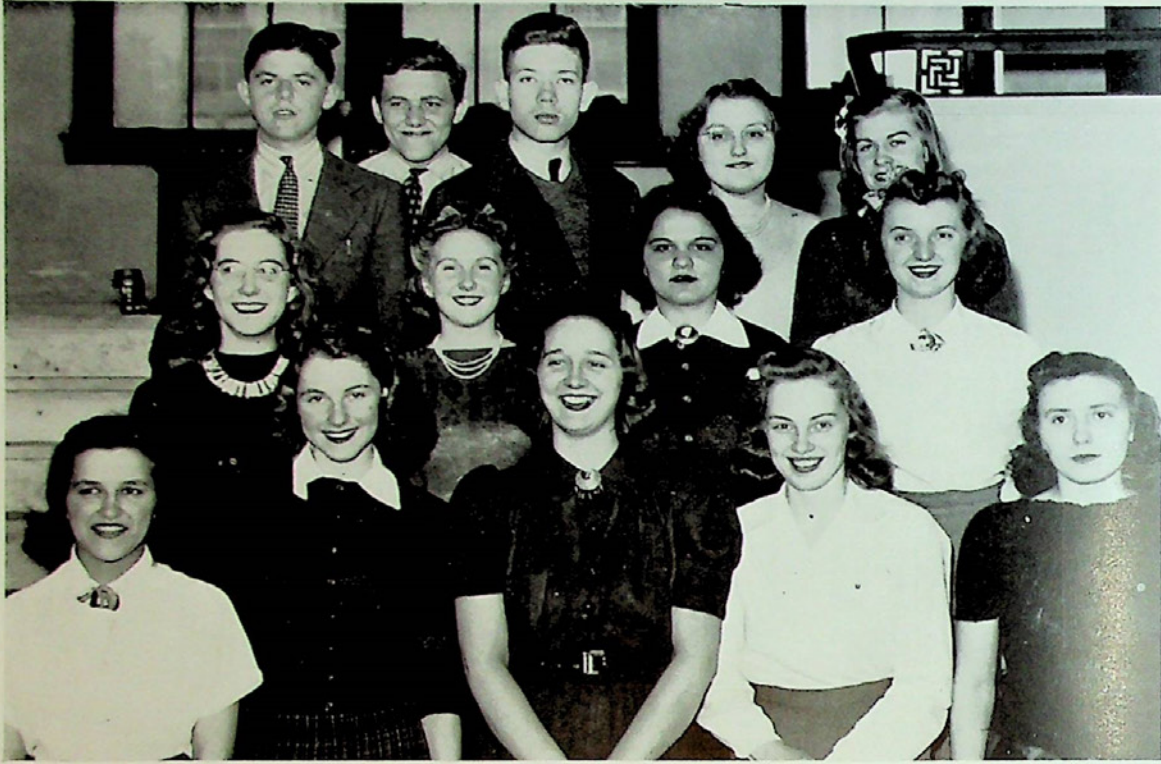

The forum held in Bethlehem on March 31, 1941, was the culmination of this season's schedule. The Bethlehem debating team is host to

their opponents annually at this forum. Each team was given a certain phase of the National forensic question which they explained. When all the speakers had completed their speeches, the audience joined in a period of cross-examination.

Among the social events of the year were the Friday the Thirteenth Dance, the annual dance given by the Lehigh Valley Debating Association—this year given at Hellertown, and the outing sponsored by the Senior members for the Junior members.

SENIOR PLAY

We did it again! That was the cry echoing through the halls the nights of April 18 and 19. The school was a bee-hive of industry, for on these nights the Senior Class presented its annual Senior play. This fine production was due in large part to the hard work of Miss Mary Crow.

The call for try-outs was well received. Fifty-four Seniors divided into individual groups and presented short skits. From these skits Miss Crow had a difficult time choosing the cast. Finally the cast was picked and rehearsals started.

For weeks preceding the production the lights burned brightly on the stage where members of the cast were busy at rehearsals.

Attention was attracted to the play by the original drawings put up in each home-room.

The publicity committee, composed of Jeanne Herman, Carl Rice, Florence Smollinger, and Wesley Gangewer, was kept busy seeing that the student body was kept informed of the progress of the play.

Members of the make-up crew were often seen experimenting upon one another for the best results under stage lights. The make-up crew was composed of Wilma Snyder, Irene Agoes, Helen Aldinger, Grace Baily, Audrey Kline, Eugenia Litwinski, Joyce Lynn, Winifred Strahler, and Dorothy Stump.

Many members of the faculty consented to

aid in the production. Mr. William Everett accepted the charge of business arrangements, Miss Hazel Ressler spent much time with her committee planning the staging, and Miss M. Price Gibson was in charge of the make-up.

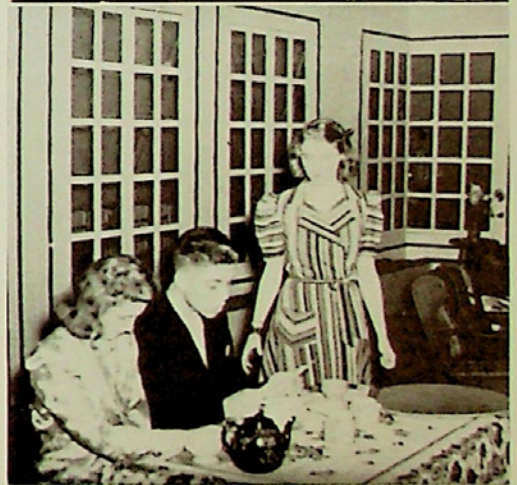

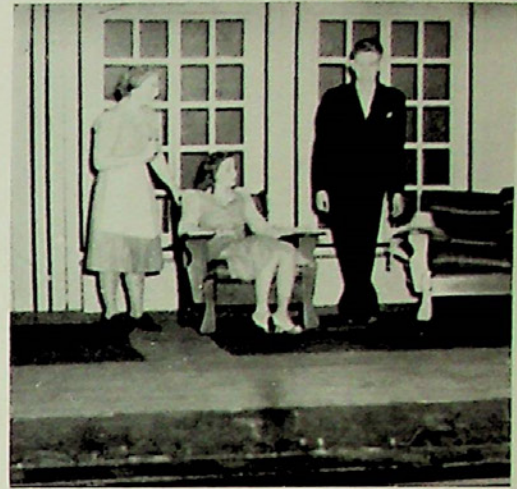

Previous to the play a short skit was presented in Chapel which introduced the members of the cast to the students.

They did it again! Everyone will agree that the Senior Play was a success.

The season was brought to a successful close with the presentation of the opera "Robin Hood". This was a new step as no opera had even been presented in this school.

The Glee Clubs represent one of the most important organizations of the school. The Clubs have had one of their most fruitful years in the year which is now fast approaching its end.

Qualifications for membership in this group are exacting, thus resulting in a very fine group of trained voices. A pleasant voice is not the only qualification; reading ability, personality, and scholarship are all of equal importance.

The first major appearance of the combined Glee Clubs was at Thanksgiving. The program consisted of a cantata, "Landing of the Pilgrims" by Coerne, and a number of selections by each of the Glee Clubs.

The Thanksgiving party was a welcome respite from diligent practice.

However, work began immediately on the program which was presented at Christmas. The Annual Christmas Vespers were held December 15, 1940. The program was one of the most beautiful ever presented.

The combined Glee Clubs journeyed to Upper Darby where a concert was given by our Glee Clubs.

The clubs were also hosts to several out-of-town glee clubs. Upper Darby Glee Club and Temple Men's Glee Club gave programs in chapel.

Orchestra? Yes, indeed. This year Bethlehem High again had an excellent one. With Mr. Joseph Ricapito as conductor, the orchestra has won the acclaim of everyone who has heard it.

As well as playing several compositions for the Thanksgiving program, the orchestra accompanied the Glee Club in several selections.

At the Christmas vesper service the orchestra again took the part of the accompanist.

Among the other programs in which the orchestra added their music were the Senior Play and the Baccalaureate Service.

At the annual concert on March twentieth, the result of much conscientious practice was

witnessed by a large audience. The entire program for the concert was as follows:

1. First Movement of Symphonic No. 6 (Pastorale)
Allegro Ma Nove—Troppo Beethoven
 2. Concerts No. 7 DeBeriot
Violin Solo by Stanley Frankenfield
 3. L'Estudiantina Waltz
 4. Rene Angelique Rubenstein
 5. Second Movement of Symphonic No. 8 .. Beethoven
Allegretto Scherzando
 6. Carnal Overture Dvorak
- Encore—Perpetuum Mobile Strauss

In April, the Orchestra and Band were the guests of the Mother's Club at a testimonial banquet given in honor of Dr. Franko Goldman and Mr. Richard Goldman, his son.

A combined Orchestra and Band concert was given in May in honor of the parents of the members. The orchestra's portion of the program consisted of the following:

1. Finlandia Sibelius
2. Third Movement Symphony No. 8 Beethoven
3. A Day in Venice Nevin
4. Ases Death, Pier Gynt Swt Grieg

But everything is not practice and performance in this organization. At Hallowe'en a party was given. The members then cast aside their seriousness and arrayed themselves in fancy dress.

A party was given at Christmas by the combined Orchestra and Band for the parents. An entertaining program was presented, gifts were exchanged, and refreshments were served.

In June the Senior members of the Orchestra and Band will take a trip to New York. This will be made possible through the kindness of the Mother's Club. Those participating in this trip will attend a Goldman Band concert after their sightseeing trip.

Band rehearsals were called several times during the summer vacation in order that no time might be lost in making our Band "one of the best in the East." As a result of these rehearsals Mr. Joseph Ricapito had little difficulty in training the new members.

With the opening of the school term, rehearsals were immediately begun for the coming football games. It was at these games that the one-hundred eighteen members of the Liberty High School Band made its first formal bow to the public for the 1940-41 season.

With the close of the football season the band was divided into two separate playing units for the basketball season. The two units then played alternately for the games.

Rehearsals were now started for one of the most important performances of the year—the Annual Spring Concert. This concert was held April 24, 1941, with Dr. Edwin Franko Goldman and Richard Franko Goldman conducting. This has been Dr. Goldman's seventh return as our guest conductor and his son's third return.

The concert consisted of the following compositions:

Last Will and Testament

We, the members of the Class of 1941 of Liberty High School, located in the City of Bethlehem in the Commonwealth of Pennsylvania in the United States of America, being of sound mind, memory, and understanding and possessing all knowledge, do hereby publish and proclaim, as required by the laws of our Commonwealth, this, our Last Will and Testament, for the disposal of all our goods and possessions. (Here two sentences deleted by censor).

We realize the benefits conferred upon us by our years of study at Liberty, and wish to impart some of the same to our dearly beloved friends of the Junior and Sophomore classes, that they may profit from our experiences, as they most probably will not.

Acting cognizant of the ignorance of the Juniors, and anxious that they may secure all possible felicity, we now present this facitious yet sagacious document for the general edification of all.

We hereby make the following general bequests:

To the Juniors, we leave our teachers (We told you so; now find out for yourselves).

To the Sophomores, those little "twenty percenters," we give our much used copy of *One Thousand and One Ways to Raise Money*.

To the teachers, one gross bottles of aspirin and six dozen bottles of "Bromo" (Due to last minute lack of funds, this bequest has had to be canceled.—Ed.)

To the janitors, all the gum deposited in the basket in 310.

The Juniors have our permission to carry and use 2.37 lbs. of English texts, 99.44 oz. history texts, and 357* lbs. history note books.

*See chart on page 575 which tells where to place the decimal point in this figure.

Johanna Weiss bequeaths her high degree of intelligence to be shared among all those pupils who manage to pass "on the border line."

Dick Ford wills his high "batting average" to Doris Geissinger.

Helen Van Wye bestows her sparkling personality upon Joyce Heller.

Dorothy Stump wills her "brain power" to Velma Jane Ritchey. *More power, Velma.*

Malloy Warner bequeaths a small portion of his voluminous vocabulary to Pedro Boone.

Nancy Deetz bestows her winning smile upon Ginny Noll.

Bernadine Waldron leaves her excess wit and humor to Mary Jane Dunstan.

Pauline Fresoli wills her cute dimples to Madelyn Bates.

Sara Louise Moore relinquishes her seat (directly before the teacher) in Chemistry class to anyone who wants it.

Joe Conahan wills his artistry at the traps to Jack Kaplin.

Donald Smith leaves his ability to play *Poet and Peasant* on the piano to any Junior who is lucky enough to corner one of the audiences that he drives away.

Austin Hunt bequeaths his photographic genius (?) to Stuart Smiley.

Sylvia Langensiepen and Carol Williams bequeath their ability to "tickle the ivories" to Virginia Lehman and Velma Jane Ritchey.

To anyone who wants them, Wayne Carter gladly relinquishes his nickname, "Goon," and Bob Clayton sadly parts with his, "Moose."

Grace Frankengeld wills her ability to acquire enough points in athletics for a "B" sweater to Frances Hagerly.

William Hochella bequeaths his three letters in athletics to Ben Shaner.

Dorothy Shelley is bequeathed Corky Miller's title of "prettiest."

Betty McLay wills her ability to dress well to Sally McLellan.

Jackie Williamson, Dot Mooney, and Helen Jean Weil

are the immediate successor's to the special meeting place at the lockers, which "Corky" Miller, Betty Fehnel, June Jaxheimer, and Jeanne Herman will soon vacate.

Bob Feltault wills his wonderful (?) power of oratory to Albert Koehler.

Ruth Frankenfield, Winifred Strahler, and Dorothy Stump bequeath their ability to swing the paintbrush to the future inhabitants of 304.

Ira Born wills his amazing faculty for arriving in the homeroom at just 8:29 each morning to any Junior who feels he needs it.

Anne Eberts relinquishes her position and special chair in Latin to Velma Jane Ritchey.

"Snuffy" Smith, Rhys Williams, Marie Kern, and Lois Ritz bequeath their virtue for brilliant speaking to Eleanor Bailly, Herman Bastianelli, Nancy Ekstrom, and Henry Hartman.

Pat Mecherly wills her ability to grin and bear it about her shortness to Jean Burns.

Eleanor Rhodda wills all the pieces of gum that she had to put in the waste paper basket in 310 to anyone lacking the choice morsel.

Bill White and Betty McLay will that wife and husband effect to Albert Koehler and Evelyn Schaeffer.

Betty James, Grace Frankenfield, Virginia Huseman, Sylvia Langensiepen, and Mary Antolick bequeath their ability to get into the lockers in a hurry to all the Junior Girls. They'll need it.

Irene Agocs wills her naturally blonde hair to Audrey Ryback.

Eileen Kelly and Missy Kelly bequeath those really charming Irish personalities to all of you Irish Juniors.

The boys from Friday, VI period study hall bequeath their ability to copy Stoic problems in five minutes flat.

Corliss Miller and Betty Fehnel bequeath their ability to form new experiments from old, and their ability to break test tubes to the future proteges of Mr. Coxe.

Bob Clayton relinquishes the address of his hairdresser to Tom Briody.

Bob Tyson and Jiffy Gruver leave their cars (?) to the best mechanics in the Junior Class.

Charles Miller bestows his red hair upon Bruce Dougherty. Won't he look cute with a two-tone hair-do.

June Jaxheimer relinquishes her ability to "eat the most" to Peggy Fritchman.

Houston Day would gladly leave six inches of altitude to some deserving person. Apply at the office.

The girls of the Senior Class will their ability to compile huge notebooks to the Junior boys, who certainly have a lot to learn.

Georgia Raynor bequeaths her interest in snakes to the Biology Department, since all the Junior girls are afraid of them.

George Lewis Peters, Esq., leaves his "sense of humor" to Leonard Luchenbach.

Bob Griffith leaves his oboe squeaks to Franklin Colie.

Rhys Williams bequests his many offices to any Junior capable of holding them.

The Juniors may use the gym to develop muscles necessary in the exercising of the privilege of using the front doors. The stock of sedatives in 312 has unfortunately been confiscated; hence, the Juniors will have to obtain their own. Specific bequests follow:

Therefore, by the authority vested in us by the Class of 1941, we give one last gift to the Class of '42: the conceit so graciously given to us by the Class of 1940, which is necessary to write a document like this.

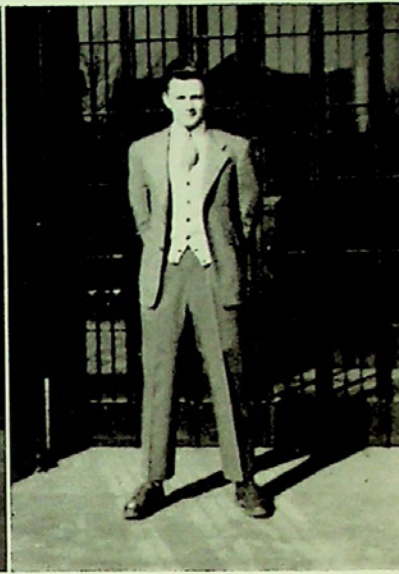

In witness, whereof, we, the testators, have to this, our Last Will and Testament, set and affixed the grand seal of the Class of 1941, on the Twenty-third day of June, Anno Domini One Thousand Nine Hundred Forty-One.

Witnesses:

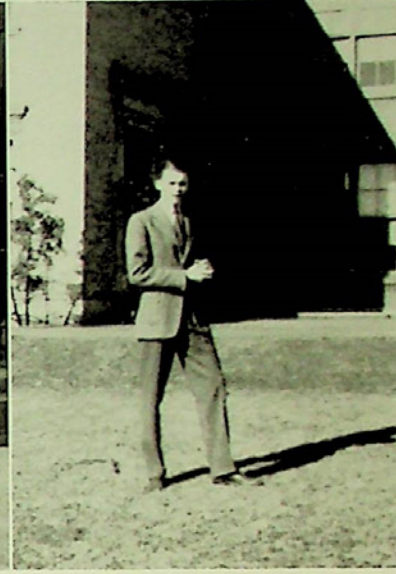

Donald Smith, Chairman

Last Will and Testament

We, the members of the Class of 1941 of Liberty High School, located in the City of Bethlehem in the Commonwealth of Pennsylvania in the United States of America, being of sound mind, memory, and understanding and possessing all knowledge, do hereby publish and proclaim, as required by the laws of our Commonwealth, this, our Last Will and Testament, for the disposal of all our goods and possessions. (Here two sentences deleted by censor).

We realize the benefits conferred upon us by our years of study at Liberty, and wish to impart some of the same to our dearly beloved friends of the Junior and Sophomore classes, that they may profit from our experiences, as they most probably will not.

Acting cognizant of the ignorance of the Juniors, and anxious that they may secure all possible felicity, we now present this facetious yet sagacious document for the general edification of all.

We hereby make the following general bequests:

To the Juniors, we leave our teachers (We told you so; now find out for yourselves).

To the Sophomores, those little "twenty percenters," we give our much used copy of *One Thousand and One Ways to Raise Money*.

To the teachers, one gross bottles of aspirin and six dozen bottles of "Bromo" (Due to last minute lack of funds, this bequest has had to be canceled.—Ed.)

To the janitors, all the gum deposited in the basket in 310.

The Juniors have our permission to carry and use 2.37 lbs. of English texts, 99.44 oz. history texts, and 357* lbs. history note books.

*See chart on page 575 which tells where to place the decimal point in this figure.

Johanna Weiss bequeaths her high degree of intelligence to be shared among all those pupils who manage to pass "on the border line."

Dick Ford wills his high "batting average" to Doris Geissinger.

Helen Van Wye bestows her sparkling personality upon Joyce Heller.

Dorothy Gradwohl leaves her flying fingers in typing to Gloria Dutt.

Dorothy Stump wills her "brain power" to Velma Jane Ritchey. *More power, Velma.*

Malloy Warner bequeaths a small portion of his voluminous vocabulary to Pedro Boone.

Nancy Deetz bestows her winning smile upon Ginny Noll.

Bernadine Waldron leaves her excess wit and humor to Mary Jane Dunstan.

Pauline Fresoli wills her cute dimples to Madelyn Bates.

Sara Louise Moore relinquishes her seat (directly before the teacher) in Chemistry class to anyone who wants it.

Joe Conahan wills his artistry at the traps to Jack Kaplin.

Donald Smith leaves his ability to play *Poet and Peasant* on the piano to any Junior who is lucky enough to corner one of the audiences that he drives away.

Austin Hunt bequeaths his photographic genius (?) to Stuart Smiley.

Sylvia Langensiepen and Carol Williams bequeath their ability to "tickle the ivories" to Virginia Lehman and Velma Jane Ritchey.

To anyone who wants them, Wayne Carter gladly relinquishes his nickname, "Goon," and Bob Clayton sadly parts with his, "Moose."

Grace Frankengeld wills her ability to acquire enough points in athletics for a "B" sweater to Frances Hagerty.

William Hochella bequeaths his three letters in athletics to Ben Shaner.

Dorothy Shelley is bequeathed Corky Miller's title of "prettiest."

Betty McLay wills her ability to dress well to Sally McLellan.

Jackie Williamson, Dot Mooney, and Helen Jean Weil

are the immediate successor's to the special meeting place at the lockers, which "Corky" Miller, Betty Fehnel, June Jaxheimer, and Jeanne Herman will soon vacate.

Bob Feltault wills his wonderful (?) power of oratory to Albert Koehler.

Ruth Frankenfield, Winifred Strahler, and Dorothy Stump bequeath their ability to swing the paintbrush to the future inhabitants of 304.

Ira Born wills his amazing faculty for arriving in the homeroom at just 8:29 each morning to any Junior who feels he needs it.

Anne Eberts relinquishes her position and special chair in Latin to Velma Jane Ritchey.

"Snuffy" Smith, Rhys Williams, Marie Kern, and Lois Ritz bequeath their virtue for brilliant speaking to Eleanor Baily, Herman Bastianelli, Nancy Ekstrom, and Henry Hartman.

Pat Mecherly wills her ability to grin and bear it about her shortness to Jean Burns.

Eleanor Rhodda wills all the pieces of gum that she had to put in the waste paper basket in 310 to anyone lacking the choice morsel.

Bill White and Betty McLay will that wife and husband effect to Albert Koehler and Evelyn Schaeffer.

Betty James, Grace Frankenfield, Virginia Huseman, Sylvia Langensiepen, and Mary Antolick bequeath their ability to get into the lockers in a hurry to all the Junior Girls. They'll need it.

Irene Agocs wills her naturally blonde hair to Audrey Ryback.

Eileen Kelly and Missy Kelly bequeath those really charming Irish personalities to all of you Irish Juniors.

The boys from Friday, VI period study hall bequeath their ability to copy Stoic problems in five minutes flat.

Corliss Miller and Betty Fehnel bequeath their ability to form new experiments from old, and their ability to break test tubes to the future proteges of Mr. Coxe.

Bob Clayton relinquishes the address of his hairdresser to Tom Briody.

Bob Tyson and Jiffy Gruver leave their cars (?) to the best mechanics in the Junior Class.

Charles Miller bestows his red hair upon Bruce Dougherty. Won't he look cute with a two-tone hair-do.

June Jaxheimer relinquishes her ability to "eat the most" to Peggy Fritchman.

Houston Day would gladly leave six inches of altitude to some deserving person. Apply at the office.

The girls of the Senior Class will their ability to compile huge notebooks to the Junior boys, who certainly have a lot to learn.

Georgia Raynor bequeaths her interest in snakes to the Biology Department, since all the Junior girls are afraid of them.

George Lewis Peters, Esq., leaves his "sense of humor" to Leonard Luchenbach.

Bob Griffith leaves his oboe squeaks to Franklin Collier.

Rhys Williams bequests his many offices to any Junior capable of holding them.

The Juniors may use the gym to develop muscles necessary in the exercising of the privilege of using the front doors. The stock of sedatives in 312 has unfortunately been confiscated; hence, the Juniors will have to obtain their own. Specific bequests follow:

Therefore, by the authority vested in us by the Class of 1941, we give one last gift to the Class of '42: the conceit so graciously given to us by the Class of 1940, which is necessary to write a document like this.

In witness, whereof, we, the testators, have to this, our Last Will and Testament, set and affixed the grand seal of the Class of 1941, on the Twenty-third day of June, Anno Domini One Thousand Nine Hundred Forty-One.

WAY BACK WHEN

How many Seniors can remember way back when—

1. We had two "gym" classes a week?
2. You did something wrong and were sent to the office?
3. When our window shades were purely decorative?
4. We had a lot of seventh, eighth, and ninth grade children running around our building?
5. The bars were on the lockers?
6. We had a swimming team?
7. We had a good track and a poor stadium?
8. They started working on the field house?
9. When we used our Greek theatre for a picnic ground?
10. We went home to lunch?

DO THE TEACHERS LIKE YOU?

They Do If---

1. Mr. Heller and "Pop" Emery kid you.
2. Mr. Christ sees you put gum in the basket before asked.
3. You are in the Hi-Y and belong to language clubs.
4. You play in the band and orchestra without getting into trouble.
5. You hand all your notebooks in on time.
6. You go in after school for Miss Murray.
7. You have your coach for a teacher and you are a star.

SONGS AND CORRESPONDENTS

Miss Graham—The singing in chapel was poor. About one-half the students were not singing. How many in this class did not sing?

Gosztanyi (raising his hand)—I didn't.
Miss Graham—Why not?
Gosztanyi—Because I was absent that day.

Gladys—Is driving with one hand dangerous?
Graybill—I'll say! More than one fellow ran into a church that way.

"I'll have to run along now, Dearie," said Shuman as he spoke to his girl friend just before the start of the hundred yard dash.

Teacher—Just to show the advance of civilization in the past the eskimos ate wax candles.
Peters—And now, I suppose they eat electric light bulbs.

Grace—So the boy you were riding with has eye trouble.
Betty—Yes, he's always seeing parking spots before his eyes.

Trumbauer—Do you know I began life as a barefoot boy?
Conahan—I wasn't born with shoes on either.

Heck—What is "nothing"?
Hunt—Nothing is a bladeless knife without a handle.

He—Did you know I was a life saver at Saylor's Lake last summer?
She—Lemon flavor, I suppose.

Carter—Do you like moving pictures?
Girlfriend (hopefully)—Oh, certainly.
Carter—Well, then you won't mind coming over and helping me move some.

Father—So you borrowed the car last night to take the boys for a spin—eh?
Shoemaker—Er-ah-well—
Father—It's all right; only one of them lost a powder puff and a couple of hair pins.

Mr. Dando—Johnson, what are you late for?
Melvin—Huh—Oh—class I suppose.

Father—So you won't graduate this year son?
Son—Nope, I'm only a Sophomore

Patricia was taking a bath and her mother, hearing a call for help from the bathroom, went to see what the matter was.—
I dropped the towel in the bath tub and I'm drying myself wetter than I was!

Betty—Do they have a fourth of July in England?
Bill—Of course not, dear. You know better than to ask.
Betty—Then what comes after the third?

Jaeger—Wouldn't you like to be famous enough to get your face on a thousand-dollar bill?
Handelung—Not me. I'd just like to be lucky enough to get my hands on one.

Teacher—Why is our language called the mother tongue.
Bright Pupil—Because father never gets a chance to use it.

Miss Gibson—(reading papers)—"And where, Abe, is the dot over this 'i'?"
Abe (confused)—I guess it's still in the pencil?

Hey, John, if I'm studying when you come home—will you wake me up?

Mr. Dando—We're having a formal test tomorrow.
Peters—I can't take it.
Mr. Dando—Why?
Peters—I don't have a "tux."

Mr. Coxe—One pair of crucible tongs
Hunt—How do you spell it?
Mr. Coxe—t-o-n-g-s

CLASSROOM BONERS

Teacher—"Harold, give me the answer to the next problem."
Harold Brong—I'm sorry, sir, but I don't know how to do the problem."
Teacher—"I didn't ask you whether you know how to do the problem; I merely asked you for the answer."

Teacher—"Today I am handing back your test papers. I didn't finish section D's papers. However, the pupils in section D can follow section B's papers. Your test was the same but the questions were different."

Teacher—"Did you think the questions of the test were hard?"
Johnny—"The questions were easy but the answers were hard."

Teacher—"You can hand in your homework."
Pupils—"You didn't assign us any."
Teacher—"Well, hand it in anyway."

Teacher—"That word which you mispronounced is a misprint. Didn't you ever hear of a misprint?"
Rhys Williams—(softly) "No, who is she?"

Dick Gosztanyi—"Mr. Christ, how does my English mark stand right now?"
Mr. Christ—(who just put his record book in his coat pocket) "Right now it's vertical."

Johnny, the new "Trig" student, is so dumb that he thinks a "tan" is what you get from being out in the sun.

Modern Geometry—If two planes meet, a dog-fight occurs.

Mother—"We ought to get Johnny an encyclopedia for school."
Father—"Let him walk to school like I did when I was a boy."

Teacher—"What color does hydrogen sulfide turn lead acetate paper. Is it red or blue?"
Heck—"Blue."
Teacher—"Your wrong; it turns black."

Teacher—"Sodium is one of the most active elements that we have in the laboratory. I have about five pounds of it in the laboratory. If I were to put it in a tub of water, it would blow the roof off. We'll show you how it is done in the laboratory sometime."

MY IDEAL BOY

Corliss Miller

Mary Konolige

"One that knows where and when it is appropriate to "put on the act."

Miriam Petersen

"One who accepts circumstances as they happen but who is human enough to get temporarily but wholesomely furious at trivial disappointments; one who has more respect for his mother than practically anyone else; but above all one who has ideas, his own and spunk enough to try any."

"My ideal boy is respectful, smooth, and has an intelligent pan."

June Jaxheimer

"I haven't found him yet; however, I'm still looking."

Bernadine Waldron

"Brown, curly hair and blue eyes—only he doesn't have curly hair, he got a "wiffle" last night."

POETS' CORNER

THOUGHTS

Many have gone before us,
And many are yet to come,
But our class is truly important,
Because it's referred to as '41.

For these years that we've been together,
Helping one another along,
Will be a memory lingering forever,
As would an impressive song.

There were moments of high school excitement,
With our spirits both high and low—
We struggled with tests and notebooks,
As classmates together, you know.

Then when our classes are over,
And into the halls we file,
Pleasant smiles of our many companions,
Makes us know that it is worthwhile.

Yes, those are the memories we want to keep,
As the years just dwindle away,
So when asked of our Alma Mater,
Liberty '41, we'll be proud to say.

CONCERNING CIRCLES

Geography teachers all tell us
That the universe spins round and round.
About the revolving of plants,
They duly and daily expound.

In art class we learn to draw circles
And to study the rules of perspec-
Tive, geometry books teach us lessons
How circles and arcs intersect.

Life cycles of ferns, fish and flowers,
Of the metamorphosis of flies
Make pupils who study biology
See circles in front of their eyes.

Our chemistry classes confuse us
With studies of atoms and of
Electrons that whiz around perhaps in circles
So in view of all stated above

DO YOU WONDER THAT
SENIORS GO AROUND IN CIRCLES?

IN MEMORY OF THOSE DAYS

Can you recall twelve years ago,
When you to school began to go;
How mother helped you with your studies,
So you could go off with your buddies;
And how quickly all the scraps you had,
Were patched up so you wouldn't be mad.
Then, in a few years, maybe three or four,
School became such an awful bore;
Well, Mother helped you past that stage,
But pushed you into another age.
Then came high school, Oh! What a thrill.
You said you'd make good; Oh! Yes, I will;
But, Oh! Fate hadn't meant it that way,
You got tired and had to play,
So all your books were put aside,
"No lessons today," to mother you lied;
But there came disaster, you were near the ending,
What to do now, too late to start mending;
So you crammed, and you worried,
How you studied and you hurried;
And how many nights did you lie awake,
Wondering and wishing you'd graduate?
Don't tell me, let me guess,
For I was in the same kind of a mess;
But, it's all over now, you know you're through,
And your next big problem is, "Now what to do?"

Joy Heller

MY MOOD

Someday when I feel sort of blue,
I like to walk and see anew
The things I've missed when I was gay.
On walks through streets I then do see,
The snow is gone and the wind is free
To push the clouds just anyway.
The boughs on trees have their own song,
It's dreary, piercing, low and long,
And makes you hurry on your way.
Then when my walk is at an end,
The evening lamps are there to send
The rays of light to guide my way,
Back to my home and myself so gay.

Olga Kolik

AMBITION

In business when you're called to do some work,
You'd better do it well, and do not shirk.
For when it's time for you to be transferred
The one who does good work will be preferred.
I know a girl whose whole ideal is one
To just get by and have a lot of fun.
She does not seek to do her lessons right;
Instead, she puts them off night after night.
The boys think the young lady is divine,
If that be so, why shouldn't all be fine?
But beauty without brains is no technique,
To have both brains and looks is more unique.
I fear if she would ever work for me,
No pleasure I would find her company.
'Tis better to prepare for future time
Then just to be content with but a dime.
Our work's our life—prepare for it each day
And then you'll find content along the way.

DISTRACTION

The last class of the morning sat right there,
And one could see that most the girls were fair.
Our darling Doreen Coburn sat up front,
And though she's small for her you need not hunt.
In back of her sat witty Geraldine,
Who says that children should be heard *and* seen.
We've got an actress in our lot;
Yes, Stormy works until she's tired and hot.
Then Mary too knows how to play and act,
Go to the play and see her prove that fact.
Now Joyce sits in the corner as a mouse,
She's never heard come sneaking in their house.
But Helen says she likes to make a noise,
Because she's used to being around boys.
Our Dotty Stump sits there and takes it in,
And maybe then a scholarship she'll win.
Jeanne Herman has a sense of humor fine,
But never gets it mixed up with a line.
But though our class is all of girls so fair
We sometimes make Miss Crow just sit and glare.
We hope that we will show what she has taught,
And do the things that all of us just ought.

CASE AGAINST BILL

Because of a Britain named Bacon,
Some folks think Shakespeare was fakin'.
The Tempest's not true;
Poor Henry won't do;
And William a plagerist they're makin'.

AUTUMN'S BEAUTY

The leaves of Autumn seem to say,
"We're changing colors day by day.
Our reds and greens and yellows, too,
Are like a painter's new-found hue.

We'll soon be gone, for we must sleep,
When Springtime comes, again we'll peep,
And glory in our colors gay,
Beneath the sunshine's beauteous ray."

Elsie Zoltak

SLIGHT EXAGGERATIONS

The twenty-fourth of March was very wet,
And History work made every pupil fret.
Our joys of school all seem to fade away,
When homework makes us loathe each coming day.
Then trolleys too, are crowded and so hot,
They make the students think what they say not.
First to the lockers all of us now trot
Until at last we finally reach our lot.
We hunt for pencils, then we look for books,
Then hang our coats upon those falling hooks.
We're here for seven hours of honest work,
And yet there's some who their own work do shirk.
But twelve o'clock we're hungry as a bear,
Our tummies say, "We want more than a pear."
Through crowded halls you see the pupils dart
To be in place when their next class will start.
The afternoon just seems to drag and lag,
And by the end we feel just like a rag.
But then a bell, and all our work is past,
So off we go, for we are free at last.
But there's a hitch, and something else is wrong,
For we've got work to last us all night long.

Sara Moore

SPRING

When Spring is near and birds appear and warmer turns the day,
An awakening mood of pleasure sings; the mind begins to play.
But when you've stayed up half the night to do some dear homework,
You're not at all quite fresh next day; your mind begins to shirk.
Still in your heart you feel a pride for work that's been well done,
And wonder why last night you felt so lonely and so glum.
There comes the thought that you can do as well as all the best—
But just right now you know you need a lot of well earned rest.
The week-end looms—in two days more—when you can lay aside
Your books and problems on the shelf and take a little ride.
Somehow, it seems, its such hard work to make the well known grade.
Yet then again, its not so bad when troubles tend to fade.
I've often wished a thousand times this last dread term were out.
But when September comes again, I'll wish for school, no doubt.

SENIOR PLAY

The play's begun,
Rehearsals done,
The footlights on,
Excitement's gone.

NEW YEAR'S RESOLUTION

Young Willie made a New Year's vow
He wouldn't tease his sister,
He knew full well that if he did
His mother, him would blister.

Now Willie's Mama made a vow
She wouldn't paddle Willie,
If every single day he would
Refrain from teasing Millie.

Young Willie was as good as gold
Ten days without a quarrel.
At last he pulled his sister's hair,
And now you know the moral.

A promise given must be kept
If written or if spoken
Young Willie broke his New Year's vow,
Now Mamma's must be broken.

CLASS OF '41

1941 . . .

We, the class of '41
Say goodbye—for all is done;
We know not where we go from here,
But there's not one who has a fear.

1961 . . .

Oh, woe to the age that is creeping on,
Oh, woe to the ones that have gone on;
We all are thinking the same, are you?
I wish I were back in Liberty High School.

Wilma Snyder

He's kind,
He's fine,
You'll find,
He's mine.

FOND FAREWELLS

To English Class:

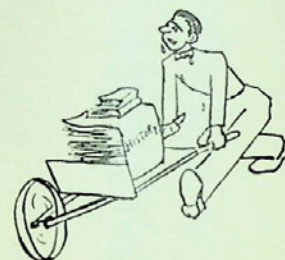

We speak in learned terms and wise
About the *Odyssey*,
Of *Arcopagitica*,
And Tom Gray's *Elegy*.
We shudder at the very thought
Of split infinitives.
We never use a "wy" for "hwy"
Or double negatives.
And will always keep in mind
Our teacher's stimulus?
Wy sure! There ain't no buddy 'round
Knows english better'n us.

To History Class:

In spite of those notebooks of great size,
In spite of those charts to strain our eyes,
In spite of those tests—Ah, sweet surprise!—
We liked it, honestly.

For now we go forth as annalists,
Map-makers, artists, economists,
Geographers, draftsmen, moralists,
It did us good, you see.

A la classe de francais:

Peut-etre nous oublierons les regles
Des positions des adjectifs;
Peut-etre nous oublierons les formes
Des pronoms interrogatifs;
Peut-etre nous oublierons nos verbes,
Nos gallicismes—mais, je crois,
Vraiment nous n'oublierons jamais
Les mots ((uses)) Je ne sais pas!

To Latin Class:

Memores semper
Classis Latinae,
Numquam obliti
Dominae fidae.

To the Chemistry Lab:

Oh, scene of all our bitter trials,
With all your jeering jars and vials
Of cobalt, copper, cadmium,
And sulphur, zinc, and sodium—
We'll miss your sweet and fragrant smell
Of H₂S and H₂C₂O₄.

No more the joy and rapture great
Of mixing up an acetate.
Then sing a song of fingers burnt
And lessons by experience learnt.
No matter all the test tubes smashed,
At least, my friends, at least we passed.

To Typing Class (so they tell me)

We didn't mind the rattling roar
That made our eardrums ache.
We didn't mind the daily drills
(We thought our wrists would break!)
But now we have forgotten how
To say our "a-b-c's."
The only alphabet we know
Starts "a-s-d-f-g!"
