

Trend, Harry K.

**LIEUT. HARRY K. TREND
RECOMMENDS GARDENS**

FEB 2 1943
Letters From Marine Urges Continuation of Victory Program.

A continuation of the Victory Garden program in Bethlehem was advocated by Lieut. Harry K. Trend, United States Marine Corps Reserves, and secretary-on-leave of

the Chamber of Commerce, in letters today to Andrew Morgan, president, Roderick R. Hauser, director-secretary and Stuart Hockenbury, past president of the Chamber, and City Controller Frederick G. Radley.

"All the Los Angeles newspapers are featuring Victory Gardens in a big way," writes Lieut. Trend from his new base, the Marine Corps camp in the Mojave Desert of Southern California. "We started that thing in Bethlehem last year and I think we should continue it, only in a bigger way."

Lieut. Trend was transferred to the Pacific Coast from Quantico, Virginia, where he underwent his preliminary training. At the new base he is in charge of communications, athletics and recreation, and operations. The new camp will grow to 2,000 men in two months, he said.
