**Russell A. Palmer
Now in Tokyo Bay
On Search Plane**

SEP 19 1945
Russell A. Palmer, Quartermaster
3/C, USNR, 453 Montclair Avenue,
moved into Tokyo Bay aboard a
Mariner search plane shortly after
Japanese surrender documents were
signed. The crew will keep an alert
watch with the occupying forces.

Fighting its way up through the
Okinawa campaign, Palmer's squad-
ron made bombing, strafing and tor-
pedo runs in the heavy Mariners
which were not designed primarily
for that type of performance.
