**Pfc. George F. Fry  
Visits Historic Points  
While In England**

Pfc. George F. Fry, 606 Ontario Street, was shown two of England's historic castles at Kenilworth and Warwick, at an outing organized by the Women's Voluntary Services for a group of men from one of the U. S. Convalescent centers in England.

Fry and other convalescing soldiers enjoyed their outing as well as the rests between the castles, when they were served tea and entertained by members of the WVS.
