...

CONGRATULATIONS to Sgt. Rymon who was named the 2021 Crisis Intervention Team Officer of the Year!!! Sgt. Rymon has been a member of the Northampton County CIT advisory board for the past 6 years where he has helped provide Crisis Intervention Training to other law enforcement officers. In addition to his dedication to the program, Sgt. Rymon has also utilized his skills while serving as a patrol sergeant assigned to BPD's 4th platoon. For example, last month he helped an individual in crisis that had expressed their desire to engage in self-harm. By talking to the individual, Sgt. Rymon was able to get the community member to safety and connect them with mental health professionals.

Congratulations Sgt. Rymon and thank you for your service and dedication to the community! 💙
