THANK YOU BETHLEHEM!!!!

The Bethlehem Police Department would like to THANK all the kids and parents that participated in the City's Health and Parks Departments "Fun and Fitness" programs.

This was a great opportunity to meet Bethlehem Police Officers, share stories, ice pops, ask questions and have some fun with first responders. From feedback I received, we believe the kids and parents thoroughly enjoyed the events, along with all the officers and others.

Because of state restrictions due to COVID-19, we were not able to do many of our summer programs with the various communities in the City. We hope in summer of 2021, we can all get back to normal with our summer programs in full swing.

On behalf of all the men and women of the Bethlehem Police Department, THANK YOU to all the kids, parents, supporters, sponsors, and city employees that made these "Fun and Fitness" programs a success.

Mark A. DiLuzio
Chief of Police
