STARS IN THE SERVICE

.IIII.Y 1945

TO THE GREATER GLORY OF GOD

*The top picture shows Pfc. Richard "Dick" Klase, attached to an Air Force engine overhaul squadron, and his buddies standing in front of the FEASC Depot 3 Chapel, largest under the command of the Far East Air Force, which they and others of the outfit built. The chapel is 112½ feet long and 50 feet wide and will seat upward of 800 men. The sanctuary is 30 by 20 feet. Communion and altar rail were constructed by the carpenter shop; light fixtures by the machine shop. Native wood was used for the building. Much of the work of building was done by the men after they had finished their own duties for the day. The lower photo shows Chaplain Gilbert Johnstone, Protestant clergyman, speaking at the dedication services.

FAMILY ALBUM

★ It has been announced that the American Bible Society will again sponsor World-wide Bible Reading between Thanksgiving and Christmas. Readings this year will be made up of suggestions submitted by servicemen and women. Rev. C. L. Brachman, pastor of St. Paul's Reformed Church, invites suggestions from his own boys and girls in service, and from friends. Address: 1021 Center Street, Bethlehem, Pa.

- ★ Several new names were added to Bethany Church honor roll in recent months; Carl R. Nelson, Charles W. Brugger, Roger D. Wagner, Charles A. Becker, Burl S. McKelvie and Raymond L. Orth. Although Raymond Orth has been in the Navy since Nov. 1939, he joined our church at Easter time and thus became eligible to have his name placed on the honor roll. There are 113 on the Honor Roll, of which 104 are in active service, two in the Maritime Service, two missing in action and five honorably discharged.
- ★ New Jerusalem Church at Leithsville has heard that Buddy Kauffman, who was in Germany, is now in the U. S. Maybe he's home now. "Bill" Vogle has also been heard from.

Brachman in charge. Roberts and Yocum are in the Navy; Diefenderfer and Warg in the Army. St. Paul's now has 62 in the service of their country.

- ★ Mrs. Warren C. Crouthamel and son Terry have been staying with their husband and father, Warren Crouthamel SK 2/c at Chickasaw, Ala.
- * Two church fires, one of serious proportions and the other "nipped in the bud" before it could do much damage, caused headaches to two congregations in the community this Spring. Worst of the two was at Freemansburg, where Trinity Reformed was gutted by the blaze. St. John's Windish Lutheran on East 4th St. sustained some hurt by smoke and water when flames were discovered on the morning of Sunday, April 22. The church was newly redecorated. It was said that the organ was saved from damage by a matter of inches as the fire crept up between partitions.

"Thine, O Lord, is the Greatness, the Power, the Glory, and the Victory"

The Scripture Reading

I Chronicles 29:11-15

HINE, O Lord, is the greatness and the power, and the glory, and the victory, and the majesty: for all that is in the heaven and in the earth is thine; thine is the kingdom, O Lord, and thou art exalted as head above all.

Both riches and honour come of thee, and thou reignest over all; and in thine hand is power and might; and in thine hand it is to make great, and to give strength unto all.

But who am I, and what is my people, that we should be able to offer so willingly after this sort? for all things come of thee, and of thine own have we given thee.

For we are strangers before thee, and sojourners, as were all our fathers: our days on earth are as a shadow, and there is none abiding.

THE HYMN

JESUS, STILL LEAD ON

Jesus, still lead on,
Till our rest be won;
And although the way be cheerless
We will follow, calm and fearless;
Guide us by Thy hand
To our fatherland.

If the way be drear,
If the foe be near,
Let not faithless fears o'ertake us,
Let not faith and hope forsake us;
For through many a foe
To our home we go.

When we seek relief
From a long-felt grief,
When temptations come alluring
Make us patient and enduring;
Show us that bright shore
Where we weep no more.

Jesus, still lead on,
Till our rest be won;
Heavenly Leader, still direct us,
Still support, console, protect us,
Till we safely stand
In our fatherland.

-Nicholaus Ludwig von Zinzendorf, 1721 Tr. by Jane Borthwick, 1846.

LET US PRAY

For the Victory Won

LMIGHTY GOD, our Heavenly Father, Whose mercies are new unto us every morning and Who, though we have in no wise deserved Thy goodness, dost abundantly provide for all our wants of body and soul: Give us, we pray Thee, Thy Holy Spirit, that we may with one accord heartily acknowledge Thy merciful goodness toward us in vouchsafing to us and to our allies in arms the Victory over the part of our foes now subject to Thy judgment. Confound, we beseech Thee, those others that devise mischief and bring their endeavors to naught, that they, too, may no longer be able to wreak their evil designs upon us. May we, in Thy granting of these, our petitions, heartily acknowledge Thy merciful goodness toward us, give thanks for all Thy benefits, and serve Thee in willing obedience; through Jesus Christ, Thy Son, our Lord. Amen.

For Those In Service

LMIGHTY GOD, our Heavenly Father, let Thy protection be upon all who are in the service of our Country, guarding them from all harm and danger of body and soul; sustain and comfort those at home, especially in their hours of loneliness, anxiety and sorrow; prepare the dying for death and the living for Thy service; give success to our arms on land and sea and in the air; and grant unto us and all nations a speedy, just and lasting peace, to the Glory of Thy Name and the coming of Thy Kingdom; through Jesus Christ, Thy Son, our Lord. Amen.

For the Ministry of Mercy

MOST Merciful Father, Who dost commit to our love and care our fellowmen in their necessities, Graciously be with and prosper all those who are seeking and ministering to the sick and wounded; let their ministry be abundantly blessed in bringing ease to the suffering, comfort to the sorrowing, and peace to the dying, knowing that inasmuch as they do it unto the least of these, Christ's brethren, they do it unto Him, Who liveth and reigneth with Thee and the Holy Ghost, ever One God, world without end. Amen.

PLEASE READ

DEAR READERS: As you turn the succeeding pages of this issue of Stars you will see the familiar faces of the pastors of 32 of Bethlehem's Protestant churches, churches that are participating in the magazine. The interest and cooperation of these clergymen have contributed greatly to the success of Stars, for it is to them that we have turned when we wanted to promote the project. We are publishing their pictures for a two-fold purpose: As a compliment to them for their support of Stars, and because we believe those of you who are members of their several parishes will be glad to see their faces again, if not in the flesh, at least in pictures. We are only sorry that not all of the pastors of our participating churches sent in their photos. Missing are the pastors of West Side Moravian, Fritz Methodist, St. Luke's Evangelical, Rosemont Lutheran and the North Side Presbyterian churches.

For All Chaplains

FT Thine especial blessing, O Gracious Father, rest upon the Chaplains in the Army, Navy and all other services, and upon all who minister to the souls of those who go forth to war; grant them the help of Thy Holy Spirit, courageously to war against sin, and to lead men to Christ, the only Saviour; grant them grace and strength to follow His example in their life and conversation; and so bless all their ministrations that they may awaken the careless, strengthen the weak, confirm and encourage the doubting and despondent, comfort the suffering and speak peace to the dying; through the same Jesus Christ, Thy Son, our Lord. Amen.

For the Bereaved

AVE compassion, O Lord, upon all who are lonely and desolate; be Thou their Comforter and Friend; give them such earthly solace as Thou seest to be best for them, and, bringing them to fuller knowledge of Thy love, do Thou wipe away all their tears; for the sake of Jesus Christ, our Lord. Amen.

(Prayers are from the Evangelical Lutheran Common Service Book)

"TWAS THE NIGHT BEFORE CHRISTMAS"

★ This picture of Sgt. Robert K. Hartzell was taken last December 23 in a base hospital in the European area when he was wakened to view the Christmas tree erected by the boys at the hospital. The hour was 2 o'clock! (Remember when you were a kid and couldn't sleep for hours on Christmas Eve and kept the family awake asking, "Ma, what time is it now?") Bob, son of Mr. and Mrs. Thomas H. Hartzell, 1116 Stanley Avenue, was wounded in the hand in Italy last winter. He has been recovering in Richmond, Va. The tree pictured is of spruce from the Italian hills; the fire place of boxes; trimmings of tinsel and balls as near like home as possible.

A LETTER HOME

* Fritz Memorial Methodist Service Club received a letter from Lt. John Dennis headed "March 2, Somewhere in Germany," parts of which make interesting reading. He starts: "This seems a fine time to be acknowledging a Christmas present but inasmuch as I just now received it in the mail, it was impossible for me to do so sooner. The reason for the delay is due to the fact that I went back to England, was there awhile, and then came back to the continent. I've moved around the continent quite a bit, hence my mail has difficulty in keeping up with me. In fact, I am now getting my Xmas mail . . .

> Apropos the Christmas theme of "Peace, good will," etc., John wrote, "The men who write the peace will have a big job, a job of responsibility that has been entrusted to them by millions of people. The future lies in their hands, so that a catastrophe like this war can be averted (in the future). It seems to me that they could utilize the lessons of the 'Great Teacher' so that a world of peace built on mutual trust and confidence will be the result." To which we all say, "Amen!" John.

He says, further, "While I'm writing to you I might say a word about the chaplains. The Army has realized what an important function they perform and chaplains get full cooperation from commanding officers. The chaplains themselves do a good job, and very often under difficult conditions, but I've found that where they can help, they will be there, administering to spiritual needs, or even to the personal troubles of the soldiers."

We hope you received your last issue of Stars, John. Best of luck

LAST TAPS

IN BRIGHT ARRAY

Hunger, thirst, disease unknown,
On immortal fruits they feed;
Them the Lamb amidst the throne
Shall to living fountains lead;
Joy and gladness banish sighs;
Perfect love dispel all fears;
And forever from their eyes
God shall wipe away the tears.

OVER "THE HUMP"

★ Lieut. Jack Tyson who is located in Northeast India, flying the "Hump" recently wrote to one of his friends:

"Last night we took out of here under the barest of weather minimums. China was wide open but the Hump itself was showing her teeth with solid instrument conditions, turbulence and clear ice. The winds aloft exceeded one hundred and ten miles per hour. We went over in one grand big hurry with all that wind behind us. We dumped our cargo in China and when we turned back I'll admit I was shivering and quaking in my boots. It was a pitch-black night if there ever was one, and in addition, I'm not too sure of these instrument takeoffs as yet. One hour out on instruments, I lost my number two gyro, the main blind flying instrument, and had to improvise with the ball-bank and the visual parts of the robot-pilot.

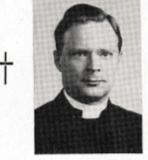

"We began picking up ice and due to the cumulous development causing static, we had to do without most of our radio aids for navigation. We had just enough gas to get home and make our let-down through the stuff, but not enough to play around with orientation problems. Then, excessive wind which plays anywhere within a forty degree angle could throw our dead reckoning off by fifty miles either way on a two hundred mile run. This was bad enough without the gimlet eyed check pilot throwing suspicious glances at me, although after the first hour he was more interested in getting home safely to his nice warm "sack" than casting any dispersions at my flying ability.

"We hit our first check about forty miles south, determined with the loop; made our correction and pulled out over the hump proper at seventeen thousand. We figured we were making only around a hundred. We ran out our ETA and picked up our "Homing Beacon" and Glory to God, we hit it right smack on the nose. We then got our clearance to climb out on top and hold over the station.

"Now we can't hold up there any too long because the engines burn gas, and the only thing we had lots of was ice, so we climb out at twenty thousand and I tell you those stars were like the Merciful hand of Heaven stretched out to a drowning person; but what's this! one star is too close and yet another—and here is every other guy and his brother holding up there too, so we bounce around doing our darndest to keep out of each others way.

"Nothing gets on one's nerves as much as dodging ships at night as you can never tell which way they are going except it looks as though you are to be run down the next second. None of us wanted to pull very far away from the station as it might be hard to pick up again. So we waited our turn to start our letdown. First come first served; so we watched and dodged; watched the gas guages while our hands and feet froze solid and our foreheads sweated. We finally got our clearance to drop down into the stuff; full carburetor heat, pitot heat, propl alcohol, and defrosters, and the most horrid thoughts of what you would do to the guy who made that faulty gyro.

"Now the question arose as to the engines. You have to cut your engines back to decend, thereby cooling your engines. If, however, they get too cool, they detonate and ice up so that they won't run. This can happen in twenty seconds by test and that isn't very long. One must play with them. High RPM, gear down, slow air-speed, a constant decent of 500 feet per minute and enough manifold pressure to keep your engines from icing up. We finally broke out at about four thousand with the field right under us. We called the tower and I set her down with about half a hours gas left. After landing we learned that a boy who left China fifteen minutes before we did, didn't make it; down and unreported. I assure you, Charlie, religon is one thing you speedily acquire over here in case you

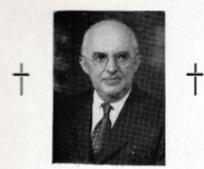

VERY REV. W. ROBERT WEBB Nativity Cathedral Church

have strayed too far from the fold.

"Tonight the Hump is closed, that is, there is more chance you won't make it than chances you will. The main difficulty is ice. These ships will carry a lot of ice, its true, but there are conditions over here where you can pick up more ice in five minutes than six ships will carry and there is no warning. All of a sudden its there. Les, the Good Lord watches over you if you fly the Hump-Rock the Ridge as we say. Here's the sequence-Pray -hold your altitude pray. I suppose the boys flying the hump, myself included, are all cowards; we're all scared stiff at times and the more we're scared the louder our prayers."

★ It's always a pleasure to print pictures of Stars' personalities in interesting or unusual situations. This one is of Truman J. Reese, technician fifth grade, who has been assigned for some time past to the Armed Forces Institute at Rome where he is in charge of the testing and accredition department. The interesting building in the background is a portion of St. Peter's, one of the most famous of the world's churches. The fountain is not identified for us, but perhaps some 'Romophile' can tell Stars readers in some future issue what it is. Truman, recently broadcast on a radio forum program heard throughout the Mediterranean area, the subject under discussion "The Rotation Problems of Our Troops Coming Home." He reports enjoying seeing the picture of Pvt. Granville Schupp, Jr., his brother-in-law, and of Corp. Darvon Nelson, a good friend whom he has not seen for three years, in a past issue of Stars.

HIGH SPOT IN BETHLEHEM BOY'S LIFE

★ When the death of Ernie Pyle, war correspondent extraordinary, was announced the news of his passing came as a shock to everyone who had ever read his column, for Ernie seemed one of those indestructable mortals whom death could not touch in spite of his frankly avowed fear of meeting his end. Sometime before his death it fell to the lot of a Bethlehem soldier of the Air Force, Cpl. Maurice T. Johnston, son of Mrs. and the late Robert T. Johnston, 509 Carlton Avenue, to pay a visit to the movie lot in Hollywood where Bergess Meredith and a supporting cast were engaged in filming the story of Ernie's life. This is a picture of Pyle, Johnston, Meredith and a number of other soldiers taken at the time. Left to right are Meredith, who was cast in the role of Pyle; Pyle himself, autographing cards for the boys; and Johnston. On a recent visit home, Johnston came to 1300 Main Street and told Anne (Ye Ed's, wife and guiding spirit) something of that visit, and his praise of Ernie Pyle for simplicity, modesty and real interest in GI Joe and his buddies echoed what we all have heard of the immortal little man these past years of war.

We Take Pen In Hand To Say

Psalm 98, entitled "An exhortation to praise God for his judgment," runs thus (King James version):

"O sing unto the Lord a new song: sing unto the Lord all the earth.

"Sing unto the Lord, bless His name; shew forth his salvation from day to day.

"Declare His glory among the heathen; His wonders among all people."

On the back cover of a recent church leaflet brought home from a Sunday service there is a little dissertation called, "In Tune With God," and it has to do with singing.

"People don't sing when they are angry or in a bad temper," it says.
"Probably no thief ever sang a song as he climbed in a second-story window although he knew he was in no danger of being caught. Even the crickets in the field stop chirping when they are disturbed by heavy footsteps coming near.

"We sing when we feel in tune. Even if we sing sad songs when we are sorrowful, there is quiet and peace in our sorrow.

"No wonder singing is our most natural language when we worship God"

It goes on to say how fortunate we are to have such a fine heritage of songs and music; such fine instruments with which to accompany our singing; such skillful teachers to help us sing better. It points out that we have a right to sing, and it concludes, "As we sing, the depths of our hearts are unlocked Music is the soul's best language when it seeks to express itself before God. 'Serve the Lord with gladness, come before His presence with singing.'

One evening in 1918 the writer stood on a street corner in his home town and watched a column of tired, dusty, footsore troops marching to the station to entrain for their first portion of the overseas journey. They were singing, lustily, to the cadence of hobnailed boots on brick. Probably the song was "Over There," or "Tipperary," but no matter, they sang with gusto in spite of weary legs and aching backs weighed down by packs and guns.

And there was something infectious about their singing, something brave and soldierly and wonderful and it wasn't long before many of those who watched joined in with perhaps a catch in more than one voice, but singing nevertheless.

It must have done God's heart good to hear that singing of soldiers and spectators, for it was the chorus of free souls demonstrating their oneness of spirit in an impromptu anthem.

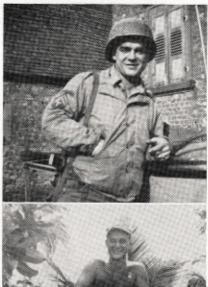

Here in Bethlehem at Christmastime the young people of the schools hold one of the most beautiful of all song festivals, with young, fresh voices raised in Heaven-sent harmonies of familiar carols. How God must rejoice to hear them!

He must be happy every time some burdened human soul escapes its bondage of sorrow and toil and mundane things to the freedom of song, even for the briefest time.

You sons and daughters of our community who are bearing a part of the world's cross; you parents, and wives and sweethearts; everybody—don't forget how to sing!

★ Nothing is more indicative of the sacrifices made by families in our and other American communities than this "Brothers" column, for there are, it seems, innumerable cases of two, three, four and even five sons—and daughters, too—serving together for the cause of freedom. Mr. and Mrs. George Eckhart, 1218 Wood Street, have given four sons, Quintus, Clinton, Clyde and Henry, to the service of their country.

Quintus, husband of the former Evelyn Fulmer, is a member of the Medical Corps on duty in Germany with Patton's army. He lived at Nazareth R. D. 2 and was a member of St. John's Reformed Church, Nazareth. He went to England in January, '44, and from there to France and Germany. Henry, fireman second class in the Navy, was last reported in a Naval hospital in Philadelphia awaiting his discharge. His wife, Elva, and their children, Beulah, Henry, Arlene, Evelyn and Howard live in Nazareth.

Clinton is in the Signal Corps and is living in Upper Darby. His wife, Edelberga and children Robert, Shirley and Janet, are living at 1827 Renwick Street. He is a former employee of Bell Telephone. * From time to time Stars has news of the Paden brothers, Gerald, a master sergeant, and Merrill, also a master sergeant. A third brother, Willard, now is included in the items. He is a seaman second class at Naval Aviation School, Norman, Okla. His engagement to Eleanor Wetzel was announced on Easter Sunday, at which time he was home on boot leave.

Gerald recently was in London and assisted at the Moystyn Red Cross Club in celebrating a reunion of Pennsylvania boys, he met seven from hereabouts. Merrill, when this was written, was in France where he had acquired a new girl friend, aged nine, by name Jacqueline. Jacqueline has a small brother, Max, who has also won Merrill's affection, so much so that he keeps Max's shoes brightly shined to give the youngster pleasure.

One with the Army in the Philippines the other with the Navy on a D.E. They both look forward to early return to the States.

★ Joseph Yamnicky, S 1/c, recently again as on past occasions remembered both his Church, St. John Slovak Lutheran, and pastor with a gift. He writes that it would be good to touch solid ground after being tossed about on a D.E., but until he can do that he welcomes the "Stars" and church bulletins which are sent to him regularly.

★ His brother, Michael Yamnicky, S 1/c, aboard a cruiser has had interesting experiences, the most singular of which was his meeting the late President Roosevelt on the trip to Yalta. He is very proud of the fact that as a worker at Bethlehem Steel he helped in the building of the Ouincy.

★ The three sons of Mr. and Mrs. George Lichtenwalner, of 1377 Whitaker St., Hellertown, are all in Germany. George is in the 1st Army and James is in the Air Force. Jim holds a Unit Citation ribbon. ★ This tall chap is M/Sgt. Norwood Wagner and the picture was taken in Pompeii, Italy. When we were at the age when novels were just becoming fascinating reading, we read Bulwer Lyttons dramatic and dripping "Last Days of Pompeii," and seeing Norwood's picture amid Pompeiian scenes we wonder if he has read the classic story, and if so, whether he enjoyed his visit to the city whose last days are so vividly described by Lytton's skilled pen the more for having read it. Norwood is now (at this writing) in Marsielles, France with the 5th Hdq. Ordnance Section.

★ And here we have two brothers and a sister, left to right: Kenneth J. Drauch, Flight Officer; Jeanne V. Drauch, WA VE, S 1/c; and Edward R. Drauch, AMM 3/c, sons and daughter of Mr. and Mrs. Leidy Drauch, Bethlehem R. D. 2. Dad is a vet of World War I and also served in this war with the 33rd Infantry Division in the Mohjave Desert, California and at Ft. Lewis, Washington, for nine months, enlisting September 29, 1942 and serving to June 5, 1943, when he was transferred to the Enlisted Reserve. Son Kenneth was inducted September 14, 1943 at the age of 19 and was assigned to the Air Corps. He qualified as an Air Cadet at Greensboro, N. C. and sent to University of Chattanooga, Tenn., for six months. After intermediate steps he graduated April 15, last, at Perrin Field, Texas, as a pilot with the rank of Flight Officer.

Jeanne has been serving since July 7, 1944 and is at present at Washington, D. C. Edward signed up with the Gobs at the age of 17 on June 5, 1943 for a four-year hitch. He was assigned to Naval air base in Cuba for a year and is at present at the U. S. Naval Air Station, Patuxent River, Md.

★ Reunion after three years and eight months separation came for WAC Lena Kalmar and her brother, T/5 Lewis Kalmar, when Lena had a ten day "delay en route." Lewis, combat engineer, has been three years and five months on active duty overseas with the First Army. He was 27 months in Iceland and six months in England before seeing action throughout France, Belgium and Holland. Now home in the U. S., he has had a 52 day furlough and returned to Ft. Dix, N. J., for reassignment. Lena has been with the Air Force for 15 months and more and is at Courtland Army Air Field, Ala. Lewis and Lena are son and daughter of Mrs. Grace Kalmar, 720 East Fourth St., and members of St. John's Windish Lutheran Church.

★ "Stars" is always proud and happy to print any authentic news and reproduce any pictures of any service man, even though he is not a member of a participating church, providing a magazine is sponsored in his name. Every church in the city and neighboring towns of Hellertown, Freemansburg, and Fountain Hill has been invited to join in making the magazine available to its service roster and the invitation still holds good, as has been made clear numerous times.

★ No editor worth his salt can resist a chance to pun, even to make a very poor one, a regular stinkeroo, and this picture is just too good to resist. In fact, it is Taylored to order, the little deer (s)! The deer (no, dear) in uniform is Sgt. Bernice Taylor of the WAC, presently stationed at Ft. Stevens, Oregon, where she is in charge of transportation and also teaches orientation. Perhaps the other deer (not dear), is trying to horn in on a ride to town on a 72-hour pass. Anyway, the de... no, now this has gone far enough! Let's be dignified. Anyway, Sgt. Taylor (that's much better!) answered her country's summons by joining the WAC on February 7, 1943. After the usual prelims at Daytona Beach she was sent to Norfolk as a radio technician. On a recent visit to California she exchanged gossip with friends, saw the site of her birthplace, appeared as a guest on the Amos'n Andy program, attended Breakfast at Sardi's (the real McCoy) and dropped in at the famed Hollywood Canteen.

★ Proud father is **Cpl. James McCandless, Jr.** He's holding son Gary, only 8 weeks old at the time the picture was taken. Jim is a member of the Personnel Section of the Seventh Army.

★ The two officers in the background of this snapshot are holding a cake baked for them at Christmastime by the four ship's bakers posed in the foreground. The picture was taken aboard the galley of the U. S. S. Nevada and one of the whiteclad cake artists is Clarence A. Jacoby, Bkr. 3/c, Bethlehemite and member of St. Mark's Lutheran Church.

★ Bill Smith, pictured here with a buddy aboard the U. S. S. Northland when that ship was cruising in Arctic waters, is now a technical sergeant stationed at Ft. Benning, Ga. He sent home a marvelous collection of pictures taken on the expedition to Greenland, when the German weather station and supply ship there were captured and destroyed. Harold Berg of St. Mark's Lutheran Church brought them to the house and we kept several, hoping to be able to use a number. However, that was impossible because of the already high cost of cuts in this issue. Bill is the son of Mr. and Mrs. Oliver Smith, 441 Vine Street, and has been in service since November 7, 1942.

After attending church they were entertained by local people on their ranch. Both Jim and Ruth had to travel 150 miles for the meeting but it was certainly worth while.

★ A record of some kind has been established by Cpls. T. Walter and Walter J. Young, sons of Walter J. Young, who have been together since going overseas. They have served for 30 months and more in the same outfit in Africa, Corsica and France, going across with the 213th Regiment (First Defenders) Coast Artillery. Later they were attached to the 360th M. P. Company and were last reported on duty in France.

- * No doubt by the time this issue of Stars is received by some 5,000 readers, Harry J. Buchecher, Air Cadet, will have received his wings at Lakeland, Fla., his last station. Harry went into uniform December 12, 1943 and reported to Miami Beach. He was subsequently in the Carolinas, Alabama, Georgia and back to Florida. His parents are Mr. and Mrs. W. D. Buchecher, 1033 Main St.
- * A thrill he won't forget fell to the lot of Sgt. Walter B. Lobb, son of Mr. and Mrs. Walter Lobb, 256 W. Fairview St., when he saw the first flight of B-29 super-bombers take off for Tokyo. Walter is stationed with Bomber Command in the Marianas and has been overseas since last September. He wrote home that when his last issue of "Stars" came he was on special duty, but he was so anxious to get a look at it, he thought he'd risk taking a peep, so he opened it. But, just as he did so, one of the "higher-ups" tapped him on the shoulder and said, "No reading on duty, soldier," so the magazine just had to wait. We are flattered that he thinks so highly of Stars.
- * Well on his way to a career in the Air Forces is Merritt P. Weiss, Jr., now an air cadet at Sheppard Field, Texas, where he arrived on April 23. Merritt is a member of Olivet E-C Church and had been secretary of the Sunday School for one year. ★ It's right tough to say a fellow's "in England", or France, or Saipan, or anywhere and be sure of it, because changes are coming so fast these days. But Steve Brody took a chance and lived to tell the tale, and we can do no less. Anyway, Flight Officer Charles J. Griswold, Jr., at last word, was piloting a B-24 and was based in England. He is Liberty Hi, class of '41. He enlisted with the AAF in December, 1942.

PLEASE, servicemen and women, wherever you may be or are going, if you have a change of address, notify your pastor or your family with instructions to pass the change along to your church service roster committee. Don't send address changes to "Stars" direct. We keep no file of addresses but each church submits a new list of service addresses at mailing time. This saves us the expense of clerical help, for which we have no money available. Address changes should be forwarded promptly, otherwise the magazine is delayed or prevented from getting to the addressee.

They removed demolition charges from bridges and otherwise made the highways safe for passage of war supplies, food, troops and the wounded being brought out to the rear.

THE DISTAFF CORPS

* Pfc. Virgnia M. Bankhard, WAC, is now in the Philippines, word to her family indicates. She had been in New Guinea, where she celebrated a birthday on May 4. She has been in service since May, 1943. After preliminary training she was assigned to Australia, arriving there in May of '44. WITH THE LEATHERNECKS

"They Fight For Right And Freedom"

Paul McCleery Cornelius Montgomery Monroe Peters

★ Pfc. Albert Yurack, USMC, who spent long months in the Pacific battles and recently assigned to Philadelphia Navy Yard, has a brother Pfc. Joseph M. Yurack, USMC, who recently joined with a desire to emulate his kid brother Albert and do his bit for the Flag. He is now at Parris Island, So. Carolina.

★ Here's a note of real interest, especially to you who follow the fortunes of the U. S. Marines. Cornelius Montgomery, second lieutenant in the Corps, and a torpedo bomber pilot, was selected to serve with the first all-Marine aircraft Carrier Group. He's now with his squadron aboard the carrier in the Pacific area. Although Marine flyers have served aboard Navy carriers in the past and are still doing so, this is the first time the Leathernecks have operated one of its own ships of this type.

Primary purpose of these "flattops" is to support Marine amphibious landings.

Lieut. Montgomery is the son of Mr. and Mrs. C. T. Montgomery, Bethlehem R. D. 2. He graduated from Miami, Fla. Hi in 1937 and attended Moravian College, Bethlehem, prior to entering Marine aviation. He served as an enlisted man from January '42 to January '43 and became a private first class. He entered flight training from the ranks and received his wings and commission at Corpus Christi, Texas, in December, 1943.

★ You will find an item about Pvt. Paul McCleery under LAST TAPS. There had been another little story about Paul written to accompany his picture, but before Stars could be published this time, word of his death in action on Okinawa had been received. He was a member of the famous 4th Marine Division.

STARS' LETTER BOX

★ We had a nice card from Lester D. Himmelwright, F 2/c, dated May 5 in which he acknowledged receipt of the March and Christmas issues of Stars and says he knows many of the fellows whose pictures appeared.

* A letter from Cpl. Dale Kemmerer says: "I have just now (May 25) received your March issue of Stars and it couldn't have come to me at a better place. I have been in the hospital for the last fifteen days (in the Philippines) and I don't know how much longer I will be here. I have had a case of yellow jaundice and believe me, I have been really sick for a while, but now am starting to come back to normal. That is why the Stars came in handy here. Mail is scarce and then looking at the book and reading all about your friends and knowing where they are and what they are doing sure does make you feel a lot better." Dale has been getting his Stars regularly, he says, and quotes a buddy from Bethlehem, recently arrived (Eugene Kunsman) as saying, "Boy, Stars is sure a help to us fellows!"

(We don't quote these little bits of praise for Stars from any ulterior motive but simply to let you folks at home who are helping with the work know it is appreciated—Editor)

★ Dated May 30, from Oahu, T. H., is this letter from Cpl. Lloyd A. Fatzinger, who says, among other things, that many fellows from other communities, upon seeing Stars, have said they like it. He adds a word of praise for the March "Pen In Hand" and goes on to say: "Home means all of that (as expressed in our writing)—it is our own paradise, but more than that, it is our future. We in the service guide our lives with but one single solitary thought—HOME! We are in this but more

than all else we won't quit until we are sure we can get Home once again and be able to say that we did our best to keep what Home means to us just that. We live from day to day to GO Home!

Since I've been here in Hawaii I've bumped into more fellows from home. Wayne Yohe is right here on the same airfield, although in a different outfit. We heard Don Henn is here on the field but so far neither of us has seen him." In a PS he says he made the trip over in the same ship Joyce Sieger and that subsequently he saw her several times.

★ Pvt. Warren Bealer has written as of May 12 in Puerto Rico of receiving Stars. He also enclosed his picture, which we will use sometime. Warren has been in P. R. 16 months.

★ Here is word from Dick Frederick SF 2/c, stationed in the Marianas with an aviation (Navy) repair unit, who says: "I have received three copies of Stars since I have arrived overseas and I wish to thank you and Bethany church for thinking of me. . . I have traveled a great distance since I received my last issue and I only hope the next catches up with me. . . I have seen some wonderful sights, but of course those stories will have to wait 'till I get home. Remember me to all the fellows in the service."

* Writes Bob Ettwein, S 2/c, after a 30-day shore leave during which he visited his home here in Bethlehem: "People sure were swell to me and it makes a guy feel pretty good. Some places a sailor is treated like a dog and other places like a king. Well, Bethlehem sure treats a guy swell. I know, 'cause I was out of the States and Bethlehem sure is a good place to live. I wish you'd publish the following for me—

"'Hello' to all the Main and Laurel Sts. gang from Sunny California! (he was at San Bruno when he wrote). 'Hello' to all the rest of you Ettweins in the Navy. Also 'Hello' to my fiance, Audrey Lee, Army Nurse Corps. See you all in Japan at the Hamburger stand!"

★ "Hello Griff," writes Pfc. Louis Pors from his South Pacific post, "I just received my copy of Stars. Thanks. Some buddy of mine, Sgt. John Green, says he knows you. He met you but I'm darned if I know the place . . . I ran into John Faraldo. He and I are god friends."

★ This note acknowledges cards from Lt. (jg) Charles T. Edwards, U.S.N.R., and Cpl. Charles Baer, U.S. M.C. ★ Dated April 25 is this letter from Carl F. Wagner, S 1/c, who says:
"I've been gone now out of the States for over a year... I've been aboard the for twenty-five months and to a lot of places, such as the Philippines, Saipan, Okinawa, Kyushu, and off Tokyo. I've spent a few days of recreation on the island of Mog Mog in the Carolines. We play ball and go swimming there."

* Still in Germany when he wrote on April 16, Pfc. Robert Moyer said: "So far I haven't seen any of the boys I knew back home but expect to someday. A lot of the fellows have been mighty lucky meeting their buddies over here and in the Pacific area. Our outfit is off the lines now. . . I see that Charley Keeler has a letter in Stars almost every issue. He must like to write because I hear from him quite often. I was glad to learn that Ronny Gangwere had been released from German prison camp." Answering your query about the Globe-Times, Bob, would say that "Annie doesn't work here any more!" Get me?

★ Kyrl O. Carty, Jr. sent his picture, taken in a captured German auto. He dated his letter from "Foxhole #198" and said, "Send my regards to Pfc. Maurice Price, William Bonamonte, AMM 3/c, and to George Adams. The letter was written before V-E Day.

★ Difficulties of many sorts are making the intervals between issues of Stars longer and longer and for this reason some of the letters we reprint are rather old, but they are, for the most part, interesting, so we continue to use them because we feel they will help long-separated friends to keep "in the know" about each other to a certain extent.

* Pfc. John Ulrich, early in the year from somewhere in Belgium, wrote to say "thanks" for the Christmas issue. "It was quite a pleasant surprise," he said. "First, in that it came through the intracacies of the Army Post offices at all, and secondly in its format. It is very agreeable to have one's wife's picture practically jump at one from a printed page. Next to Shirley herself, and my next furlough, Shirley's picture is my most cherished possession. And there is another opportune angle to Stars in that it gave us all over here a chance to look and say, 'so, that's who he married!"

★ On March 18, S/Sgt. George J. Albert wrote to say, "During my two and a half years in the service I have always wondered where the Bethlehemites had been keeping themselves. Well, Stars has given me quite a bit of information as to the whereabouts of my friends. Needless to say that it makes enjoyable reading. . . . I am under the assumption that Rev. Baker, pastor of the South Side Presbyterian Church, of which I am a member, turned in my name for the receipt of Stars. Please convey my heartiest thanks for his most considerate action. (Your name is on the church's mailing list, George, but your thanks to Mr. Baker are apropos just the same, for through his interest the church is cooperating in Stars.)

"At present I am in the Pacific theatre of war. I have made numerous moves and have seen quite a bit of the islands, and during my 18 months overseas I have discovered that the beauty of the tropical isles as created by our Hollywood artists is partially true—yet I'm still waiting for a 'Dorothy Lamour.'"

★ Writing from the Panama Canal Zone on April 5, T/5 Harry Deutsch said, "I have been receiving Stars ever since August, 1942, when I enlisted. . . I have completed 27 months down here guarding the Panama Canal and from the looks of things I probably will serve many more months on the same job. Panama isn't an active zone, but brother, show me a more monotonous one!"

* Jim Anders, Air Cadet at Brooks Field, Texas, wrote on April 14: "I had been going around with Johnnie Keefe and John Barrett (before his Army days began) but since they entered the service I have not heard from them. While on furlough in July, '44, I met Keefe, and he told me he was going overseas. That was the last I heard of him. I haven't seen John Barrett since March, 1943. . . . I always read "Brother and Sister" but as yet have never seen any mention of our family mentioned. Here is the deal-I entered the AAF, April 27, 1943, went through radio school, graduated, made Pfc., joined cadets, had 81 months of pre-flight and am now a code instructor for flying officers while awaiting further flight training. Exactly six months later, October 27, 1943, my brother Walter, joined the Navy, went through Midshipman school, received the rank of ensign, and has been overseas since November as skipper of an LCI. In July, 1944, my sister, Fanniebelle, joined the Marines. She is at Arlington, Va. with the rank of Pfc. as an instructor in physical training. On the 9th of this month my younger brother, Pat, was made a midshipman in the Merchant Marine. He will receive further training for his ensign's commission. That makes one officer, two in training (including myself) and one Pfc., each in a different branch of the service."

★ "Chuck" Wesner is a faithful correspondent and we have had another letter from him dated April 21 in which he asks Walter Glina to get in touch with him. Chuck at the time was awaiting assignment at Advanced Base Personnel Pool, Navy 128, % FPO, San Francisco, Calif. He had recently come from the hospital.

* Datelined Burma, April 22, comes this letter from Lt. E. B. (Dr.) Deibert, M.C.: "It is not likely," he writes, "that many service families know exactly what my type of Engineer unit does. To begin with, we are probably the least military of any branch of the army, being called upon to fight only an emergency. Most of us are thankful for our relative safety, and try to console ourselves with the fact that we contribute indirectly to the phenomenal progress our fighting brothers are making in the front lines. While they fight, our men do work similar to that of a general contractor back home, with rifles at their sides. Our biggest job, of course, has been the Ledo Road, which is now finished and requires only maintenance. In closing, I shall make a selfish admission-I always look forward to seeing the abundance of pictures of my former baby patients (!)."

* "Okinawa Shima, Ryuku Rhetto, Japan, April 26." That's how Captain Carstens Y. Haas heads his letter, a very interesting sidelight on the war, for it brings home somehow more vividly the fact that our boys are actually fighting in Japan now. Captain Haas writes: ". . . . I wed Lois Anderson, Elizabeth, N. J., in January, 1942, and was promptly called for active duty in May. We traveled about the country in Army style until the Spring of 1943. Then, in December of that year our son, Richard, was born while I was in Hawaii. The intervening months took me to Attu with our now famous division, and hurried me south to Oahu that fall. From there we took in the excursion to Kwajalein, and finally assaulted Leyte in the Philippines in October, 1944. No sooner had that arduous campaign ended than we sailed for Okinawa. Here we are at last, beginning our third year in the Pacific,

beating on the front yard wall of the Empire, Tokyo in sight. But the fight

has just begun here.

"I'm tremendously proud to be a member of the 7th Division. It may be coincidence, but did you know we have four "firsts" to our credit? On Attu we were first to retake U. S. soil which had fallen to the enemy after Pearl Harbor. At Kwajalein we wrested the first Jap-held territory from the enemy. We joined other divisions first ashore in the liberation of the Philippines. And now, in General Buckner's army we are among the first to set foot in the Jap empire itself. This island is one of the chain (Rhetto) which forms the Prefect, or State, a part of the Nip empire.

Would you believe it, in all these wanderings I have only met one Bethlehemite. One day near Ormoc (Leyte) Henry "Bud" Schreiter, also of Grace Church, puffed up the hill to our CP and paid an official call at our office tent, and before he'd left we had both discovered each other. He was executive officer on an LST at the time, and for all I know may have since gone to Luzon."

★ Pfc. Peter Chovan enclosed an interesting little newspaper, "Guinea Gold", in his letter from the Netherlands East Indies, written May 24. Pete is cooking in the kitchen of the 9th General Hospital. He was last in New Guinea. "There are quite a few fellows here from Bethlehem," he says. "Some of the names are Duda, Babyak, Lipko. I just met a patient here in our hospital by the name of Pador. When I get finished with Stars I'll give it to him."

"Guinea Gold" is about 12 inches square and has four pages. It is captioned "American Edition" and its format is in typical newspaper style, with lots of war news on page one. In fact the whole paper is devoted mainly to war news. There is a long account of "Hitler's Last Hours in Berlin." A terse description of a cricket match between the Australian XI and the English Eleven at Lords occupies a little better than a column on the back page along with news of soccer, football, boxing, etc. It's really a neat sheet.

* April 30, "In Port," Art Jones, S. 1/c, heads his letter. He says, "I have just received the March issue of Stars and there were quite a few pictures of fellows whom I know. I have heard from Curtis Beidelman several times and we were home on leave at the same time and didn't know it. I'd much rather be in the Mediterranean (he's in the Pacific area now) instead of here. I haven't been in this section long, but I sure don't like it." He mentions a meeting

with Rahyl O'Cock in Africa early in the war.

- * The war was nearing its end in Germany when Pfc. William Gieske wrote. "Just a short letter from over here to let you know how much I enjoy Stars. I keep looking for fellows from Bethlehem over here but haven't run across any yet. I'm attached to the 7th Corps, First Army. . . . The Belgian people really gave us a good time. I've met some very nice people there. When we get a pass to Verviers we go back to visit the people who billeted us during September. We are now in Germany and I've been to Aachen, Stolberg, Mossbach and Eschweiler."
- ★ It begins to look as if no issue of Stars can possibly be considered complete if it doesn't contain some word from that indefatigible correspondent and ace of penmen, that writer of beautifully legible script so small as to need a magnifying glass—none other than "Ike" Trumbore! Ike is still in the China-Burma-India theatre and dates his letter "Assam-27-May 1945" in true Army style.

He says, after the usual salutation: "This is your base station 'KAY'overlooking the beautiful Assam Valley-deep in the heart of mosquito bog and leeche's paradise. Your honorable Burma-India GI reportinga little off the beam as usual. Trumbore -you're on. Roger over!" After a bit of "Trumborizing" (his own brand of philosophizing) concerning this and that and Stars and jungle life, he says, "This is our 26th month coming up and we may not go home for quite a while. We, ourselves, expected to be on our way by now, but when the ETO pulled down the curtain it also pulled ours down. We quit counting the days after the 30th of April-but now it looks as if we're gonna have to start counting all over again; not only the days, but the months. And I wanted so much to see Dad when he came home this year, He arrived on Mother's Day-the best gift Mother could've received. That helps a lot, and I'm so happy for both of them.

"My brother never mentioned whether he receives Stars or not—but if he's on the mailing list of my church, I guess he must get it . . ."

THE MELTING POT

★ News bits of the three Hauze boys, Bill, Dick and Don. Bill took a bride October 21, 1944 while on furlough. At last word he was awaiting orders to move to a Pacific base at Victorville, Calif. Dick has been in service since April 24, 1943 and is in Kansas. Donald is with Patton in Germany. He was reported hospitalized. He's been in the service since September 15, 1944.

- ★ Friends of Charles "Tony" Early 3rd are glad to know that he is improving from an attack of meningitis, sustained at Sampson, N. Y.
- ★ Robert M. Fuller received his second lieutenant's commission April 24 at Ft. Benning, Ga.
- ★ Friends of Pvt. Leonard Gross, son of Mr. and Mrs. R. A. Gross, Easton R. D. 3, were gladdened along toward the middle of May to see Len again, for he had been a prisoner of the Germans from January until he was liberated from Bad Orb, Frankfort-on-Main, April 2, by Patton's troops. He was returned to the States April 29 for a 60-day furlough and reassignment subsequently at Atlantic City.
- ★ Cpl. Robert A. Adamy, who is living at Ft. Meyers, Fla. and on duty at a nearby prisoner-of-war camp, writes that the PW's believe our news reports are solely propaganda, that the Japs are on the West Coast and that Detroit, Philadelphia and New York are in ruins. Since his letter in which these remarks were made pre-dates German surrender, the opinions of the German prisoners must certainly have changed—and how!
- ★ Stuart Carothers, T/5, is in the Field Artillery Officer Candidate school at Ft. Sill, Okla. Upon completion of his course he will become a 2nd lieutenant. Carothers spent one year in the Aleutian Islands (Br-r-r-r-r-r-r-). His brother, Hamilton, is a transportation officer in the Philippines while another brother, Neil, is a radar test pilot at the Naval Air Station, Patuxent River, Md.
- * A happy reunion after a long separation was enjoyed by 2nd Lieut. Thelma M. Wack, A.N.C., and her brother, William H. Wack, Jr., WT 2/c, who met in Hawaii. On another occasion Lieut. Wack ran across Lieut. Joyce Sieger, daughter of Mr. and Mrs. Emory Sieger, 228 W. Fairview St., a training school chum, at Longview, Texas. Brother Bill has taken part in two invasions. Another brother, Robert B., is in the Maritime Service. He has been serving since November, 1944. Bob is a member of St. Matthew's Lutheran Church; the family belongs to Holy Trinity.
- ★ Kenneth E. Bloss, WT 3/c, and his wife, Virginia, nee Schwartz, baptized their infant daughter, Georgia

Ann, on the afternoon of April 15 at their home in Freemansburg, in the presence of relatives and friends. Pastor Shelter of Trinity E & R Church performed the service. Georgia Ann was born January 25 in St. Luke's Hospital.

- ★ Scanning the broad waters of the Pacific for enemy craft, for Yanks adrift and for new targets to shoot at is Harold Amey, AMM 3/c, member of the crew of a patrol bomber and in the Pacific area since February. He is the son of Mr. and Mrs. John C. Amey, 2004 Kemmerer St. and a member of Zion E. & R. Church. Prior to shipping overseas he had been on duty at Whitby Island.
- ★ One of the most bizzare stories to come out of Europe since the ending of the war against Germany is that of Pic. William "Bill" Daggett, reported dead in an official telegram on August 30, 1944, but who turned up very much alive at the close of hostilities. Bill was captured by the Germans at a small French town called Percy after his pretense of being "dead" while the Jerry troops searched the field for the wounded after an engagement failed.

He was taken to Rheims, then to Luxembourg, and ended in a prison camp, Stalag 7-B, about 35 miles from the Swiss border. During his stay there there were frequent air raids and one night the camp was bombed and Bill and the other American prisoners were moved to a school house. While on the move an American unit caught up with them and they were liberated.

Bill has been in service since February, 1942. He went across October 15, 1942 and participated in the African invasion on November 8, landing in French Morocco. He took part in the Tunisian campaign, the battle for Bizerte, and at Maknassy he was the recipient of a Presidential citation. After the African campaign he went to Sicily and after a bit was transferred to England. On June 23, 1944, during the battle before Cherbourg, he was hit by shrapnel, and received the Purple Heart for his wound. After hospitalization he returned to the fighting lines and was in the St. Lo area when captured.

As a consequence to the report that he was killed, his insurance was paid to his mother, who also received his Purple Heart appropriately engraved. When it was learned he was alive, both the insurance money and the medal were returned.

★S/Sgt. Donald L. Jacobs, son of Mr. and Mrs. Fred Jacobs of Monocacy Street, has been awarded the Air Medal. It was pinned to his blouse by Colonel J. H. - *As a member of the crew of the cruiser Phoenix, Robert R. Gross, petty officer, 3/c, has been in on a lot of real action. Bob, son of Police Sgt. and Mrs. R. R. Gross, 27 West Fairview Street, has been in the combat forces for more than 30 months. He has been a member of the Phoenix's crew since 1943, being assigned after the ship underwent overhauling in the U. S.

The Phoenix, survivor of Pearl Harbor, has been in more than 30 Pacific operations. After the overhaul mentioned, she went back into the fray to support General MacArthur's landings in the New Guinea campaigns, in the Philippines and in Manila Bay. She operated in the Indian Ocean, Coral Sea, Australia, and other hot spots, and her crew is proud of their record in gunnery against enemy craft and airplanes.

He holds the Purple Heart and wears six battle stars on his campaign bar. His latest assignment was with the 185th Engineers, Fifth Army.

His brother, Sgt. Elwood Wright, left in September, 1940, along with Jack, in the 213th Regiment, Coast Artillery (Anti-Aircraft). The other brothers are Alfred, CPO 2/c, at home at present; Cpl. ★ The Distinguished Service Cross has been presented to Lt. Claude J. Hafner, 623 Eighth Avenue, for heroism and outstanding leadership displayed during action at Oetingen, France. The Cross was given to Lt. Hafner by Maj. Gen. Arthur R. Wilson, commanding general of the Continental Advance Section. The citation accompanying the award reads:

"On the night of February 6, 1945, Lt. Hafner's company was pinned down by intense machine-gun, rifle and grenade fire during an attack near Oetingen, France. Lt. Hafner fearlessly led two men against the enemy positions and forced the surrender of three Germans in the nearest emplacements. He then moved a squad forward and cleared two connecting dugouts, taking six more prisoners. At daylight he again distinguished himself by leading four men against by-passed positions, killing one defender, bayonetting another and capturing seven prisoners. Lt. Hafner's heroic leadership and his inspiring, courageous devotion to duty exemplify the highest traditions of the military service."

* Two Bethlehem Naval officers escaped serious injury and possible death during the bombing attack on the aircraft carrier, U. S. S. Bunker Hill. Lt. (s.g.) A Navy report says 392 men died and 264 were wounded as a result of the Jap suicide plane attacks on May 11 off Okinawa. Lt. Hockenbury was on duty on the third deck when the Jap planes hit. Lt. Herstine, assistant communications officer, was also on duty.

He had been in the service since June, 1943, and was a graduate of Liberty High, class of 1942. He had attended Lehigh University for one year. A brother, Lt. Edwin H. Miller, is with the Q. M.
