

Lehigh spikes (again)!

The Bethlehem Gadfly coronavirus November 19, 2020

🦋 Latest in a series of posts on the coronavirus 🦋

Selections from “Pennsylvania breaks daily COVID-19 case count record, Lehigh sees big spike.” Lehigh University Brown and White, November 18, 2020.

Lehigh’s [COVID-19 dashboard](#) is reporting 91 total active cases of COVID-19 among students living in the Bethlehem area as of Nov. 18, marking a 30-case increase from one day ago.

There are 31 on-campus cases and 60 off-campus cases.

On Nov. 9, there were just seven total active COVID-19 cases among Lehigh students living in Bethlehem.
