

Draft Classification

**DRAFT CLASSIFICATION
CARD MUST BE CARRIED**

Draft eligible men were warned today by Bethlehem Draft Board No. 2 that after February 1 all men between the ages of 18 and 38 must carry their draft classification cards with them.

The rule applies to all registrants who have been listed at least six months and who have received their classifications. It does not apply, however, to men between the ages of 45 and 65 years. Penalty for not having the classification card in one's possession can be as great as five years imprisonment or \$10,000 fine.
