

The Christmas lights: “they don’t seem very imaginative or creative” (7)

Gadfly:

I only saw the images via an article on [LehighValleyLive](#), and while I think some of the proposed designs are somewhat attractive, they don’t seem very imaginative or creative—and I’d describe some of them as almost gaudy.

They might have gotten much better results at a much lower cost by soliciting local ideas—including from students. At the end, I have to ask whether this is an appropriate use of city money & time.
