Charter schools will be part of the discussion here:

Lehigh Valley for All will be hosting an Education Summit to discuss many aspects of the educational system in the Lehigh Valley and beyond. Topics will include school and neighborhood safety, charter schools, helping at risk students, education equality, strengthening staff and curriculum, current and future legislation to help improve our system. We will allow written questions from the audience, so other topics may be covered depending on audience participation.

Below that, in smaller text, is 'A Symposium on our educational system'. The date 'WEDNESDAY JANUARY 23' and time '6:30 PM' are prominently displayed. The location 'STEELWORKERS UNION HALL, 53 E. A section titled 'PANEL WILL INCLUDE:' lists several speakers and their roles. At the bottom, a green banner contains a message about the importance of the meeting.
