

Beckel, Fred

**Lt. Fred Beckel
On Ship Carrying
Quezon's Body Home.**

Lt. Fred Beckel, son of Mr. and Mrs. Fred T. Beckel, 1841 Sycamore St., this city, was a member of the crew of the U. S. Aircraft Carrier Princeton, when it landed at Manila on July 27, conveying the body of the late Manuel Quezon, former president of the Philippine Islands, who died in this country two years ago.

A pilot in the U. S. Navy, Lt. Beckel participated in an aerial demonstration during the burial ceremonies.

This information was embodied in a letter received yesterday by his parents. He also told his parents that he had an opportunity to talk with U. S. Supreme Court Justice Frank Murphy, who accompanied the body as the official American escort.
