No matter what students are doing, the camera will always capture the special moments of life. To the students who capture the moments from behind the lens, and to the students who will always be in front of the lens, we see you! Always be willing to share your talents so the world can see what you can do both in the spotlight and from your view . . .

Behind the LENS

From any view point, you can be certain of several things when you are around Liberty students. You can feel the energy rush through your entire body when you join the C6 cheering section, you can hear us scream and shout to cheer on our teams, and you can absolutely see the joy and excitement around all those special memories and events in our . . .

Student Life

Capturing Category 6

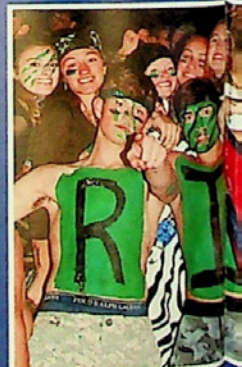

Layout by: Frances DiIrolanio

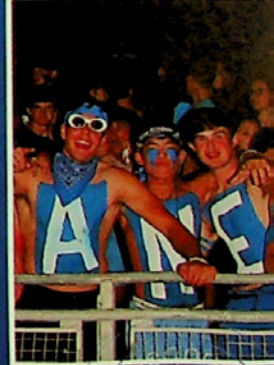

Category 6 or better known as C6 is known as the best student section in the Lehigh Valley. With Stephen Super as captian the section brought more energy and excitement to every game. C6 was at every football game to cheer and support the school. They also attend basketball games, wrestling mathes, volleyball games, and any other sports events that take place. All students are encouraged to be a part of C6. Being apart of C6 is an incredible experience for anyone. Everyone gets to have fun and it brings everyone closer. The memories you make during C6 are the ones that you'll never forget.

Cheering and Eating

"My favoriite memory of C6 was painting up before all the games. Espically the Freedom game, because there's no other section that I'd rather be in. Also, because I knew I was going to Perkins after."
-Shane Edwards (Big Sheds)

Get Loud

Celebrating loud as a Army representative jumped into the section and cheered on the Hurricanes against Easton.

Fun Times

Senior Boys, Cole Hontz, Blake Koski, Kevin Henriessy, Daniel Lader, and Ryan Pysker, all getting together to spell out "SAUCE" while holding a "Saturdays Are For The Boys" sign.

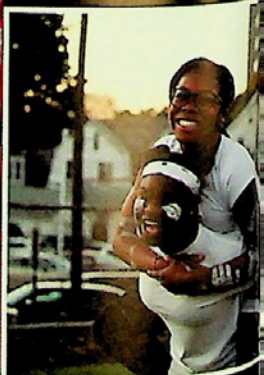

Touchdown Celebrations

Samaritha Steele is thrown in the air by fellow letters after the Hurricanes score a touchdown against Bethlehem Catholic.

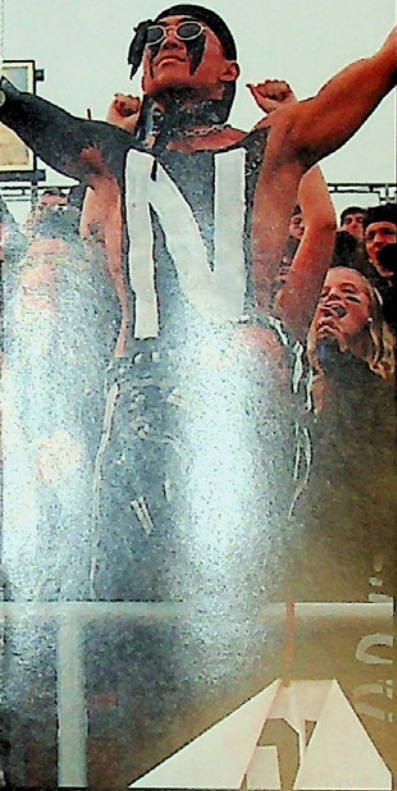

I believe

At the start of kick off, the captain of C6, Stephen Super, starts a chant called "I believe", then the rest of the student body says "I believe that we will win". When he finally yells the full chant everyone throws the powder into the air and goes crazy.

Cheers & Chants Category 6

Layout by: Angelina Murphy

The best group at our school is the student section. Every year a captain is chosen and picks 11 boys and 10 girls to paint up and spell out Hurricanes C6 Liberty with an additional hashtag and 2 lightning bolts. Along with these 22 seniors, the stands are filled with students from all grades. Football games is when the section is in full effect but you will still catch them at just about any sporting event. Every game, home or away, you will hear the cheers and chants from the section. For football games the captain tweets out every week prior to the game informing everyone on what the week's theme will be. The themes range from solid colors like black, white, and our school colors, to fun themes like USA, camo, and tropical.

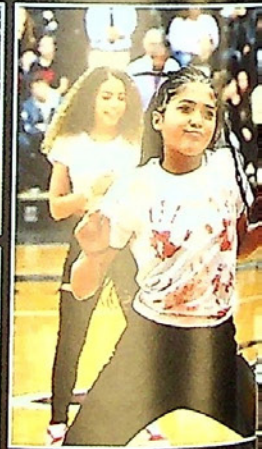

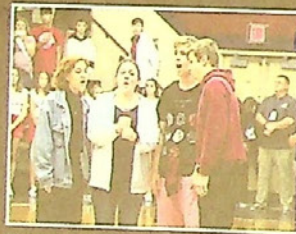

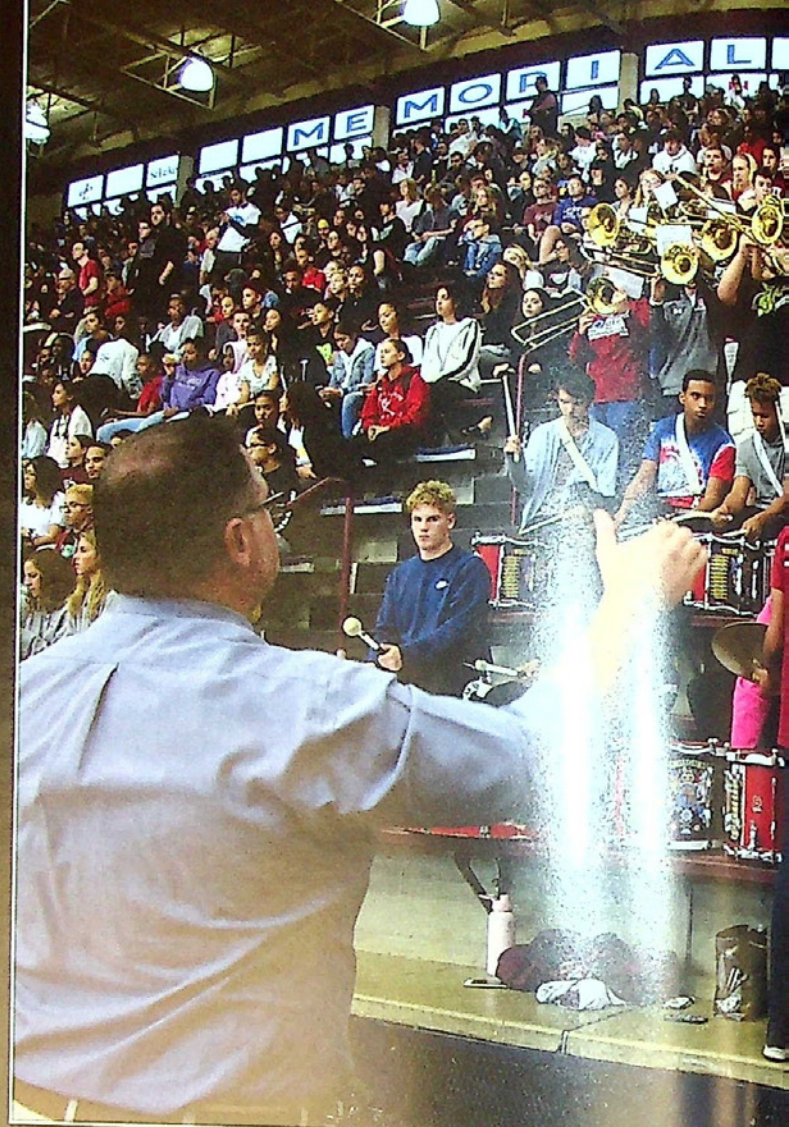

Every game C6 is loud but you won't see them at their loudest unless you're at the Freedom vs Liberty game. Against our cross town rivals, the section proudly wears red as a school color, and runs into the stadium cheer flooding the stands with students. Every person by the end of the game has no voice and is covered with powder. Spirit week starts off the week with fun themes, a pep rally, a bonfire, and a day full of flag football for students. The week ends with students meeting at the stadium at 11 o'clock to paint each other up, take pictures, and dance out the good vibes with some music. The section is full of life every game that the hurricanes have, win or lose, they stay till the end cheering on our team.

What does Younglife mean?

Younglife is a fun environment that demonstrates what love is. We welcome anyone from anywhere and enjoy each other's unique personalities through the love of Christ! Summer camp is absolutely incredible and to be surrounded by such incredible people is so impactful. Everyday I wake up more thankful for my day and for all that has been given to me. Through Younglife I have been shown a new side of life and all that Jesus has to offer us.

Amazing Opportunity

Younglife is an opportunity to get involved with amazing people outside of school. I've formed so many important relationships with people through younglife and it has given me a safe place to talk about fears and hopes. I have learned so much about religion and it has opened up my mind and heart to God. It has impacted my life and highschool experience tremendously and is open to everyone to enjoy these same opportunities!

— Skylar Mohr

Younglife is an amazing opportunity to get closer with God, and more kids in Liberty. It's given me so many new friendships that I never would have had if I didn't join Younglife. My relationship with God himself has grown so much in such little time being in this organization. I am so thankful to have been so welcomed into Younglife and grown so much from it.

— Nevaeh Mihalek

Stronger Community

Younglife has created a stronger community inside and outside of Liberty and I am so thankful for the many ways this amazing organization has changed my life.

— Mia Senick

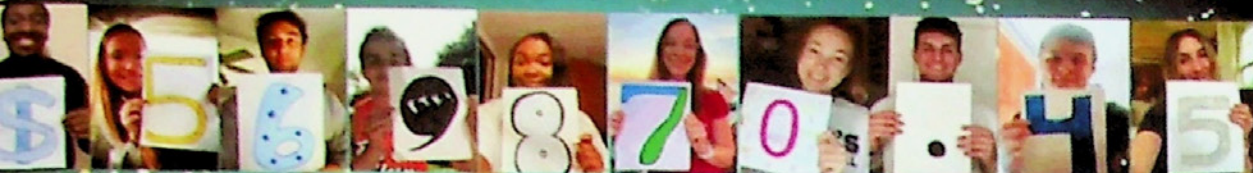

My Life Changer

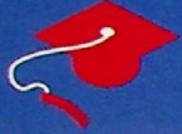

Younglife is a life changer, bringing you close to new people; and giving you the opportunity to have a relationship with God. It has changed my life so much! Honestly, I don't know the person I would be if I haven't made the choice to go! Every meeting I learn more and more, and it's an encouragement for me to dive in more to the wonders of God! It has also brought so many amazing people in my life that I now call my family!

Addicted to the Screen

Technology, which has brought so much good to our lives, poses a threat . . . addiction. Through many studies and tests, scientists have come to the conclusion that addiction to technology is a real concern. Many people, especially teens, have a constant desire to be on their phones. It has been proven that excessive technology use can have negative affects like loss of sleep, eye issues, neck and back pain, and even a decline in grades. In a survey, 52% of Liberty students believe that they have an addiction to technology. Next time you log onto your phone or computer, think to yourself, "am I addicted to technology?"

How much **Screen**time do you use per day?

15+ hours

"I think technology addiction is real. I have seen it a lot in the classroom when students are on their phones and teachers try to get their attention. Excessive technology use can be a problem and the addiction is real." — Tyler Daley

10-14 hours

"I feel like technology addiction is a concern because everyone is always so worried about what is on the internet." — Anastasia Batiz

7-9 hours

"I think that technology can get in the way of completing school work, and I do believe that technology addiction is real." — Henry Leap

"I think that we should find a way to interact more face-to-face rather than on the internet." — Lillian Dwinell

Learning as an Intern

Julia Swart became the first marketing and fundraising intern at NAMI Lehigh Valley where she organized a basket raffle by collecting nearly 100 donations totalling more than \$6,000. In addition, she recruited 25 Liberty students as volunteers for their 27th annual community dinner. "It truly takes a community to support one cause, and NAMI's Community Dinner is a small but influential step towards greater mental health awareness in our community," remarked Julia.

Helping the COMMUNITY

The Closet is Full

As a freshman, Gabriella recognized that there was a need for clothing for students in our school community. After getting permission, Gabriella started the clothing closet where students are able to access this resource confidentially and take what they need. Both students and teachers alike donated an overwhelming amount of items. Gabriella, along with other volunteers, helped to organize the closet and launder clothing as donations arrived. Gabriella said, "Even if only 2 or 3 people use it, then I think I did my job."

NHS Supports Local Event

Members of the National Honor Society volunteer at the annual 5K Run and Walk sponsored by the National Alliance on Mental Illness in the Lehigh Valley. Members assisted with activities for the children at the event including bracelet making, face painting and coloring.

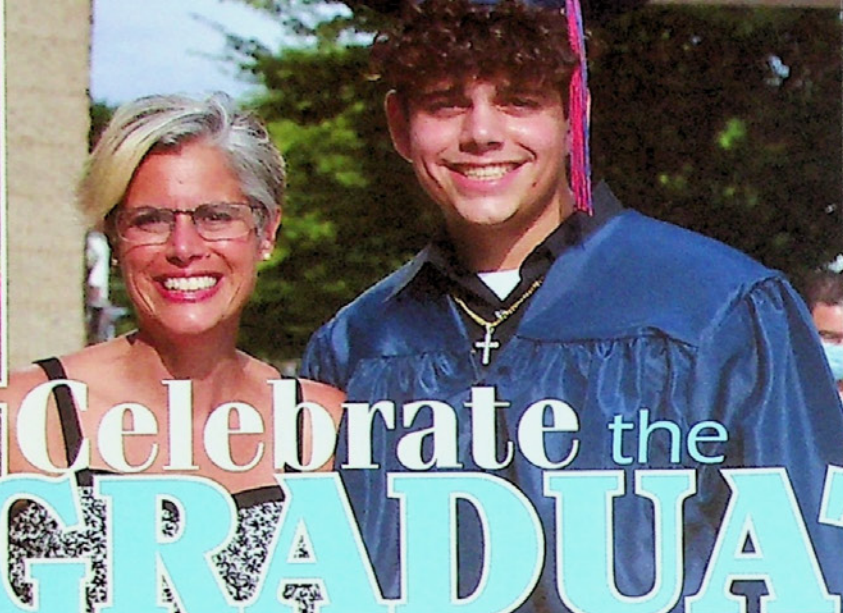

Backyard Prom

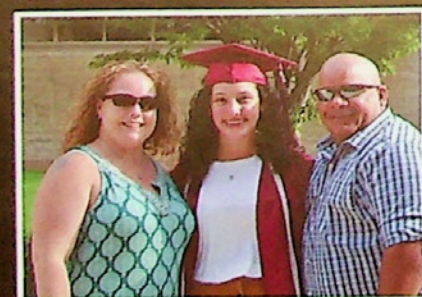

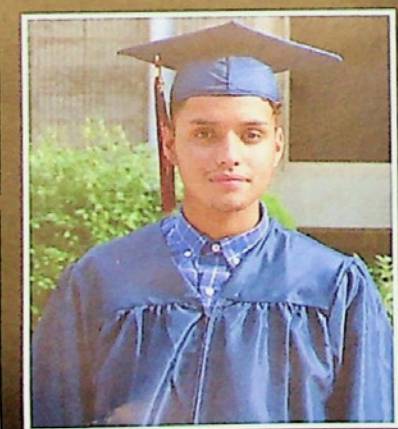

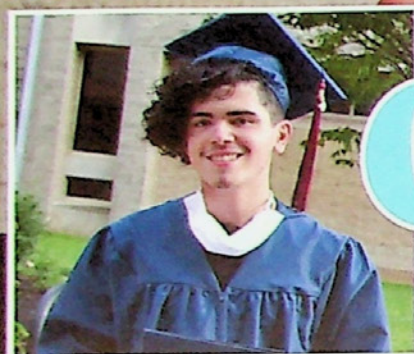

Since the traditional prom did not happen this year due to Covid-19, many students found ways to show us their prom fashions. From backyard proms for two, to photo shoots at Lehigh University and everything in between, we still got to see students dressed in their very best.

Celebrate the GRADUATE

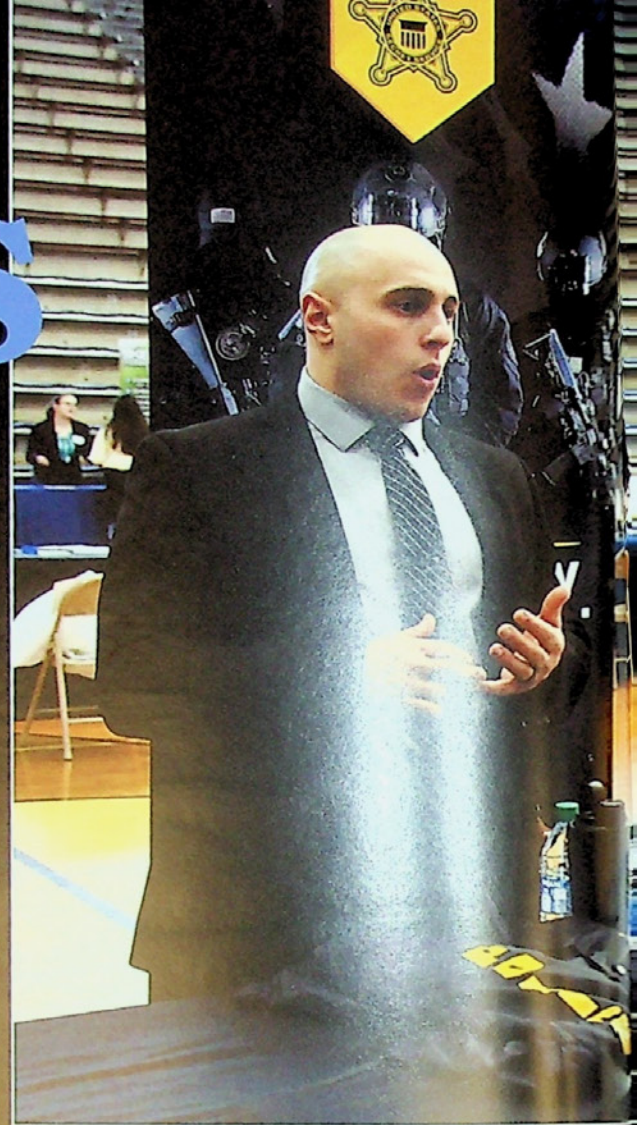

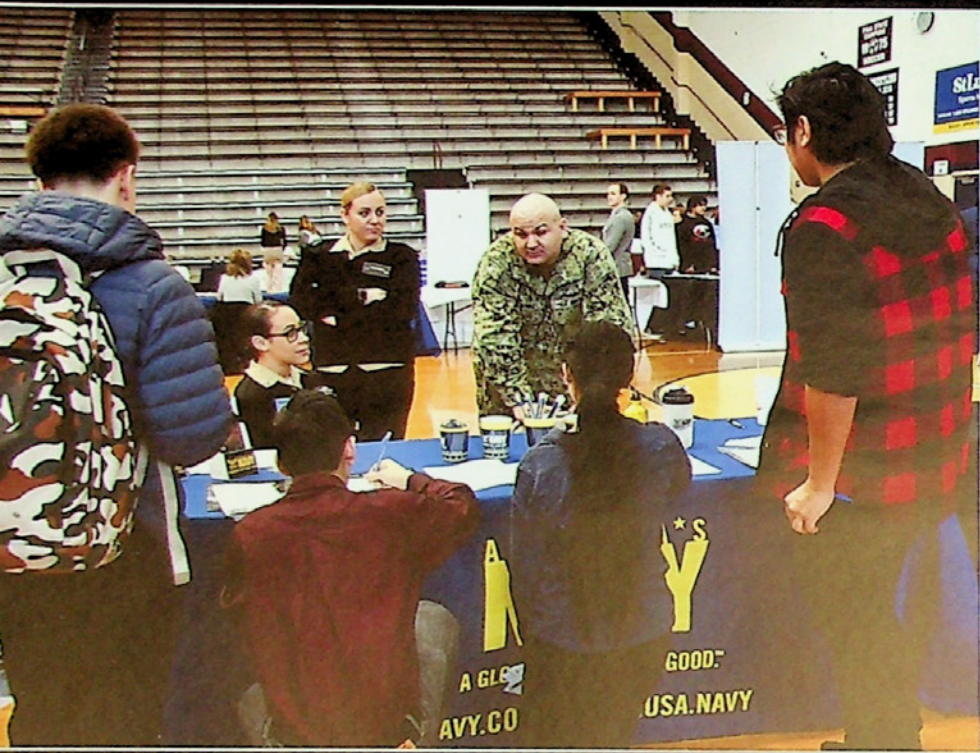

Learning takes place in many ways. From inside the classroom to labs and studios, students gain experience and knowledge from the classes they take. This is why we are here; to figure out what we are interested in and what our future might have in store for us. It is without a doubt a love hate relationship for many students. The work sometime becomes overwhelming and frustrating but it is our very own.

MINDFULNESS

As part of the freshman seminar class, students are introduced to a concept called mindfulness. This program began several years ago to help students learn how to deal with stress, anxiety, and other issues they might face. Each class starts with the ringing of a singing bowl to bring each person into the present moment. Miss Debbie, one of the instructors has been with this program since it first began here. As a former health care worker, she realized the stress that it took on her and how the benefits of mindfulness changed her world.

She wanted to share that same experience with others. Miss Debbie is a former graduate of Liberty and she commented, "My intentions are to help others and show that there are tools to manage anxiety and have awareness of what you think, positive or negative." Some of the techniques are lessons taught in mindfulness is how to be present in the moment, breathing strategies, visualization, positive affirmations, mindful listening, communication, and active mindfulness. Research shows the benefits . . . so why not give it a try.

Favorite Memories of Theatre

"My favorite about theatre is the ability to put everything else aside and take on the life of someone else for a few hours," explained junior Addyson Hamilton.

"My favorite part about theatre is the community and how the actors interact with each other on and off-stage. We can be extremely tight-knit in ways many clubs at Liberty and organizations in general cannot," explained senior Dawson Escott.

"My favorite part of theatre is the fact that I am able to help change someone's life through my performance. The idea of helping or allowing for someone to feel deeply about a topic I am performing about is heartwarming," remarked junior Rebecca Cain.

Memories from the Crucible

"The Crucible was the most challenging show I have been a part of. The character of Elizabeth Procter had many levels, and trying to dig into each one to represent her character well was an obstacle that was so rewarding to overcome. I think everyone felt rewarded to tackle this challenging show, which was nothing compared to what we have been involved in before," explained senior Hunter Fenstermaker.

"My favorite part about The Crucible is the dark change of tone from other Liberty shows," commented junior Luke Rider.

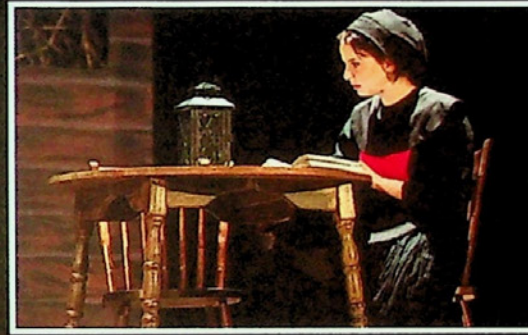

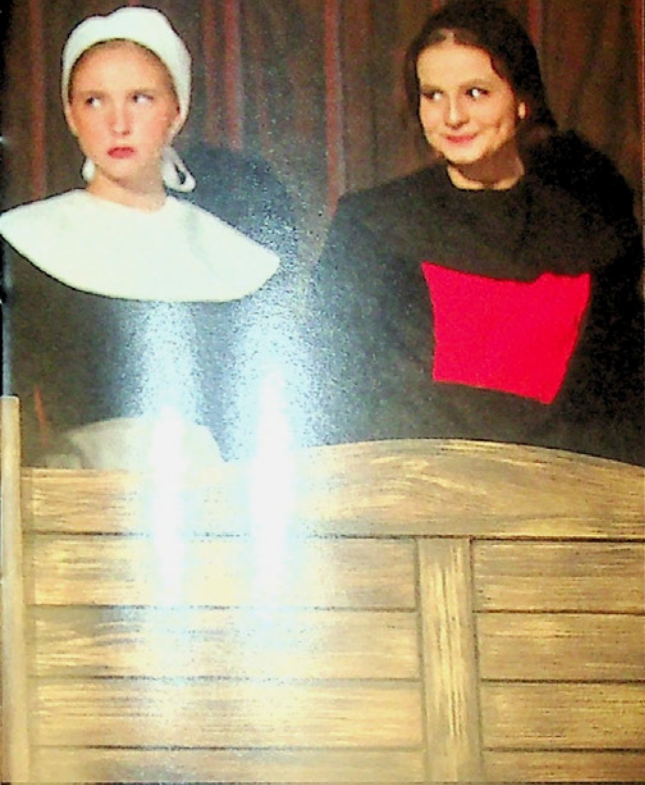

"My experience in the Crucible overall was amazing! I met and befriended so many nice people, and I broke out of my shell quite a bit! The production got me to be much more confident in myself," explained sophomore Samantha Buffe.

The lessons we learn from sports will carry on with each athlete well beyond their years of playing. From teamwork and discipline, to perseverance and hard work, athletes put in hours upon hours to improve their skills. Although success does not always happen, they do it for themselves, their team and even for the love of . . .

"I always had fun with this group of girls and coaches. I always made sure the energy was high on and off the court. This was an amazing last season for us seniors!"
- Autumn Marrero #7

"I enjoyed spending my last volleyball season with an amazing group of girls who are like family."
- Madison Gonzalez #10

"I really enjoyed my last season here, especially being a leader on the court to the younger girls, and also having coaches who pushed all of us this entire season."

Girls Volleyball

The team was not sure what to expect this year considering the fact they lost seven players the year before. They ended the season with a 16-2 league record, and were the Steel Division Champions. Other local schools also lost a lot of players, leaving this year to be anyone's year. Liberty has always been one of the top teams to compete with other well-rounded teams such as Parkland and Emmaus. One of these three teams were expected to win districts, but nobody was sure who would win. During regular season games, Liberty defeated Parkland (3-0) the same week as Allentown Central Catholic (3-0). Everyone was shocked and thought Liberty was going to be the team to be able to dominate everyone. Once it was time for EPCs, Liberty fell to Parkland in the Semi-finals. The week after in Districts, Liberty fell again to Parkland in the Semi-finals. Although they did not have

the outcome they wanted, the relationship between the girls and coaches is something they will never forget. The culture on this team is known to always be positive, and treat each other like family. The girls always have fun dancing before games to get warmed up, signing on long bus rides, painting posters for the annual Pink Out game and Senior Night, and lastly hanging out with each other on and off the court. Head Coach Connor Swigart said, "Although we didn't achieve our ultimate goal, the foundation set up by the players and relationships we created will not be forgotten. It was a joy to coach this team of great people, not just players." The four senior captians this season, Jamie Byrne, Madison Gonzalez, Ashley Houchens, and Autumn Marrero all did a great job of leading this team as far as they could, and keeping the culture alive for the younger girls to continue in the future years.

Girls Lacrosse

Missing the Season

It truly is heartbreaking having your final sports season taken away. I played my last game and had my last practice without even knowing they would be my last, but most importantly I may never get to play with my team again. This team has meant the world to me over these past four years. My heart goes out to any senior who missed out on their final spring sports season. —Mia Del Corso

Teammate Love

I love this game and all my teammates so it's upsetting that myself and the other seniors are missing out on our last season, but we're all working through this together. I'm glad to have teammates that help and encourage each other! —Hannah Stein

Unexpected Ending

With my lacrosse season being cancelled as a senior it is very upsetting. To know I'll never have a senior night or play freedom one last time sucks. However, playing lacrosse with the girls on my team never failed to put a smile on my face. Even though I'll miss all of our bus rides, jokes, drills, games, and much more I am so very thankful to be able to say I was a part of such an amazing team with amazing coaches. I love these girls. —Delilah Rivera

All of us have many experiences in our lives that make us who we are today. But beyond the experiences, it is the people who we are connected with that help to shape us and mold us into the person we become. It is important to build relationships and connections with others. We often come to realize just who our true friends are. We all need to feel loved and connected and the best way to do that is to be connected with . . .

ADVICE

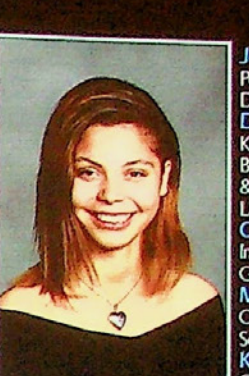

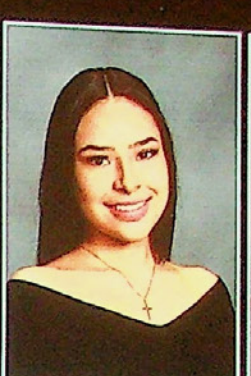

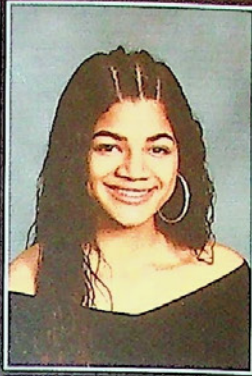

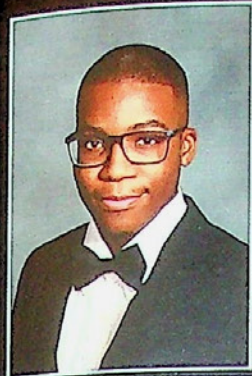

Alexis Bartholomew —
Enjoy every single moment. It sounds cliché, but I thought 2020 was forever in the future and never would be present. Go to the football games, make close connections with your teachers, and be nice to everyone around you!

Josh Beam —
Do not worry about other people and what they are doing, focus on yourself and what makes you happy.

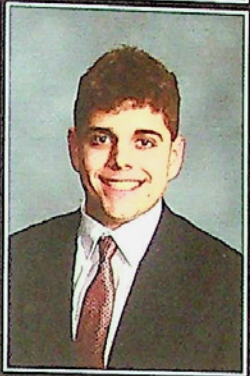

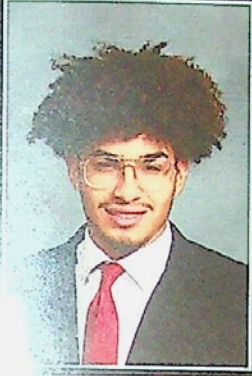

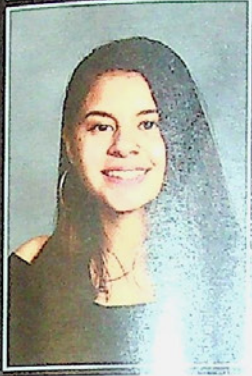

Bailey Billheimer —
Get involved, try new things, and step outside of your comfort zone because high school truly does go by fast so make the most of it.

Jilian Bukics —
Advice I would give to underclassmen is to take your school work seriously. It will benefit you so much if you turn in your assignments on time and put your work before anything else. Another word of advice would be to get involved. Whether that be playing a sport or joining a club, it's important to put yourself out there. You'll regret it later on if you don't.

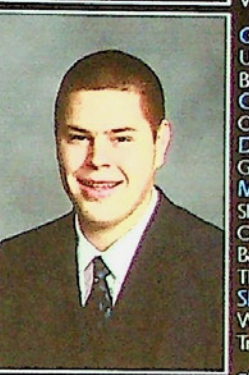

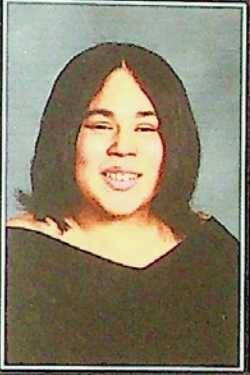

Jayden Caraballo —
Head up, make your loved ones proud!

For the Love of MUSIC

Julio Marrero shares his musical story

I became interested in playing when I began listening to Bullet for My Valentine. I was so inspired by the electric guitar solos that I kept hearing in their songs that I wanted to learn how to play these cool riffs. I asked for guitar lessons so I could begin learning. I quickly picked up playing by ear and within 6 months I played my first "gig" at Musikfest as part of the Lesson Center's Fest Camp. I also took as many classes as I could at Liberty to learn more about music theory and how to play the keyboard, and even played with Liberty Jams for a very short while. I picked up my first guitar at 15 and I have never looked back. I feel as though we all search for a place where we belong all our lives; for me, it's been the stage. Music is therapeutic for me and continuing to play is where I see my future. #RiffmasterFrodo

Gavin DOUGHERTY

Gavin, You have grown into an amazing young man right before our eyes, and made us proud every step of the way. May you continue this journey with wide eyes and an open heart. Work hard, take risks, and stay humble. Never forget our unconditional love and support for you!

*Love always,
Mom, Dad, Ian, & Emerson*

Maya STOECKLEY

We are so proud of you, Maya, and the joyful, compassionate young woman you've become. You are always a ray of sunshine to your family and friends. You've accomplished much and have given us many wonderful memories. The last chapter of your high school career may feel like it has a missing page because of the Coronavirus, but now you know how strong you are, and how well you can adapt. Because of the virus, you are now better prepared for other obstacles in your life. You've had to learn to adjust your expectations, and you can take that knowledge into your future so that when things come at you and things don't go as planned, you'll remember that you overcame the worst before. This period of time in your life has made you stronger and someday, you'll look back and say, "I was prepared for this now because I went through that then."

May you always have the courage to take risks, the strength to be compassionate, and the wisdom to be humble. Remember there are no mistakes, only lessons that we can learn from. Believe in your dreams because we believe in you. You will accomplish whatever you set out to do and bring joy to many people. Remember that faith, hope, and prayer are essential and will get you through difficult times. Remember the words from the ELCA Youth Gathering theme song "I want my life to make a difference, I want my life to make a change, I want my life to do some good here." Keep shining brightly and you will create that change. Always remember that your family loves you and will always be here for you.

Mom, Dad, Isabel, Eliza, MoMa, and PopPop

To My Family,
2020 has truly been a challenging year for many
reasons. But one thing that this year did was to
bring us all even closer together. We took time
to slow down and appreciate the little things
in life. I want each of you to know how much I
appreciate you and all the support you continue
to give me. I could not have gotten through
this year without each of you. I love you all and
pray that God will always bless our family. To my
husband, you are stronger than you know and
you amaze me everyday. Continue to hold true to
your faith. To my children, keep pushing to always
do your best and make the world a better place.
Let your love shine for all to see. I love you all!
