

Jacobs, Isaac

**Whitehall Township  
Soldier Reported Missing**

Less than a year in the service, Staff Sergeant Isaac "Shorty" Jacobs, former resident of Hillside in South Whitehall Township, has been reported missing in action since Sept. 3 by the War Department.

Jacobs, who has been serving as a turret gunner with the Army Air Forces in North Africa, was a member of the American bomber squadron that bombed the German aircraft factory at Wiener Neustadt, in Austria, last month. His eye-witness account of the havoc caused by the bombing figured prominently in the news dispatches of the spectacular 2500-mile round trip from North Africa. SEP 20 1943
