Mr. Klein,

In appreciation of your inspirational

FOREWORD

It is with mixed emotions of pride, pleasure and regret that we complete our stay at Liberty. Pleasure because of the pleasant memories which will always revolve around our high school career. A measure of pride, for we feel that our three ring performances have been notable ones and regret in that our show, which has run so successfully, has played before its last audience. It is difficult to imagine that these seasoned performers were once timid players just beginning the training and long hours of practice which would eventually result in the making of stars. Yet those tedious sessions have resulted in promotion from mere bit parts to center ring attractions.

Now up come the stakes and down comes the big top as we prepare to put the show on the road and although the players will separate and carry their individual talents to fields of greater endeavor, we hope that through the medium of the Cauldron, they will always be proud to remember that they were once part of "The Greatest Show on Earth."

DEDICATION

MR. STANLEY COFFIN

It is with sincere regret that we acknowledge the retirement of Mr. Coffin. His selflessness and generosity in the field of education can only be met with the deepest admiration and respect on the part of both the faculty and students.

Throughout his forty-seven years of teaching, Mr. Coffin has contributed an immeasurable amount of time and effort in the preparation of his students in terms of both scholarship and character. Years filled with numerous experiences have qualified him to be a revered mentor in the eyes of the student body.

A native of Slatington, Mr. Coffin has taught at the Bethlehem Business College, Franklin School, and finally, Liberty High School. He has also supplemented his teaching income by managing a small farm.

Therefore, it is with profound respect, esteem and admiration that we dedicate this issue of the Cauldron to Mr. Coffin, an unforgettable teacher and friend.

In Memoriam

JAMES URE

*"God moves in a mysterious way
His wonders to perform;
He plants his footsteps in the sea,
And rides upon the storm.*

*Deep in unfathomable mines
Of never-failing skill
He treasures up his bright designs,
And works his sovereign will."*

William Cowper

ADMINISTRATION

GRAND MARSHAL

DR. CHARLES E. CHAFFEE
Superintendent of Schools

Although a relative newcomer to the Bethlehem School District, Dr. Chaffee has easily won the respect of both the administration and students. His brief tenure in office has already seen the completion of a new Vocational annex, and the Memorial Gymnasium, both milestones in the history of Bethlehem and Liberty High School.

Not only Bethlehem High School, but the entire community has benefited from Dr. Chaffee's intelligent planning for the increasing enrollment in the Bethlehem Schools. The proposed additions and new schools will relieve present conditions and serve as a tribute to the superintendent's outstanding abilities.

We, the members of the class of '56, feel that we have been fortunate in that we have been able to complete our public school training under the direction of such a capable administrator, and we are sure that the years ahead will serve to strengthen our respect for the excellent work Dr. Chaffee is doing.

RINGMASTERS

MR. CHARLES A. KLEIN
Principal, Liberty High School

It is very improbable that many of our achievements would have been realized without the unfailing support of Mr. Klein.

Through his unceasing efforts to give us a firm foundation from which to continue our education both in terms of scholastic achievement and future experience, he has gained the admiration of faculty and students alike.

Therefore, it is with great respect that we express our deepest appreciation for his constant supervision of both our class activities and those of the school at large which have made us proud to be associated with Liberty High School.

The boys of the Vocational Department of Bethlehem High School highly respect the name of Director Lloyd B. Kehler. His kindness and understanding of our problems have brought him the admiration of every student in our department.

His firmness and belief in accomplishing the seemingly impossible have made an indelible mark on both his fellow teachers and students. Because of these traits and many other fine qualities, Mr. Kehler, we think, has been a superb director of our Vocational Department. He has been an excellent example of leadership in terms of citizenship and executive ability.

CAULDRON STAFF

Anyone walking through the corridors during a fourth period will certainly find much activity in the northwest corner of the third floor. It is in this corner in a long, narrow room that the year book, the *Cauldron*, is compiled by members of the staff, who can always be seen busily at work.

However, it seems to be a rather noisy corner of the building, because since everyone cannot be working all the time, home-work and talking are also managed. The latter seems to have the preference.

The sort of work which is done here provides an opportunity for those on the staff to become acquainted with many students

of the school, and the activities which are carried on within its walls. Everyone on the staff enjoys doing his part and our work is further encouraged by the realization that what is written here will be looked back upon by the members of the class in recapturing their wonderful high school years.

It is our belief that this year's *Cauldron* will be as good as those that have won awards in the past.

ARSENIC AND OLD LACE

Although to all outward appearances the Brewster sisters seemed tranquil and serene, they had a passion for elderberry wine with an unusual after effect. Not to be ignored is their brother, Teddy, who insists that he is really Teddy Roosevelt. Tie the plot together with a fugitive relative, a smattering of police officers and a Panama Canal and the results will be both hilarious and unexpected.

ORGANIZATIONS

STUDENT COUNCIL

"The meeting will now come to order." This familiar phrase is heard every Wednesday as the Student Council meeting begins. The Student Association, through the Student Council composed of a representative from each homeroom, discusses problems pertaining especially to good sportsmanship, scholarship, and leadership with particular emphasis on the promotion of better relationships with neighboring schools.

In order to do the latter, the officers have met with Allentown Student Council officers both here and at Allentown. One result of these meetings has been the exchange of assembly programs between the two schools and it is a general consensus of opinion of both students and faculty that these programs have been most enjoyable.

Here at Liberty, the Council has raised money through the sale of booster cards, bookcovers, decals and by conducting several dances. The money that is obtained by these activities is used to publish a handbook which is distributed to every student at the beginning of the year.

This year an emblem contest was sponsored which offered as a prize a \$25 war bond. Through the efforts of the Council, pep rallies, and a quiz program in assembly were held and a receptionist was stationed in the lobby to greet visitors during the day.

One of the major projects was getting a new meeting place. The old Driver Education Room has been secured for this purpose and will now be known as the Student Council Room.

BAND AND ORCHESTRA

Liberty High School's Band and Orchestra, under the able leadership of Dr. Joseph A. Ricapito, play an important part in many school activities during the entire year. These ambitious groups practice every morning from 8:10 until the end of the first period.

The Orchestra provides a distinct service to the school by playing for many school occasions such as the Senior and Junior Class Plays, the Thanksgiving Program, Christmas Vespers, the Spring Musical and Commencement.

The band plays at football games and pep rallies, marches in parades, takes part in many community activities, and presents their annual band concert.

Two social events are held by the combined organizations during the year; a Halloween Party given for the ambitious groups and a Christmas Party which is given for those in the Band and Orchestra Mothers Club. Bethlehem has also had the privilege of sending various band and orchestra members to the District Music Festivals and a select few have been honored in that they were selected to attend the All State Orchestra. The purpose of these many different activities is to teach the members of the organizations to work together and to gain a better understanding and appreciation of music. In addition all those who have heard these organizations play have gained an appreciation of the hard work which has produced a band and orchestra of which Liberty High School can be justly proud.

The Glee Club of Liberty High School engages in many activities throughout the school year. These activities are made possible by our directors, Mrs. Van Dora Fitch and Mr. Carlton Weaver. The Glee Club present a Thanksgiving Program, a Christmas Vesper Service and A Spring Musical to the student body and other civic groups. The Spring Program includes various song and dance routines which provide enjoyment for both participants and spectators alike.

These performances call for rugged rehearsals. Music can be heard coming from the south-west corner of the third floor from the girls on Tuesdays and Thursdays after school and from the boys on Mondays and Fridays during the fourth period. Combine practices are held in the mornings of Tuesdays and Thursdays. By these experiences the student not only receives vocal training but also acquires a knowledge of numerous types of musical arrangements.

The Liberty Choraliers, is a new musical organization this year, although it is a direct decendent of the former A Cappella Choir. The group is composed of two double octets of boys and girls, especially selected by the instructors from the Glee Club organizations.

THE NATIONAL THESPIAN SOCIETY

TROOP 1543

Sitting—Susan Maclay, Francis Pinter, *President*; Shirley Stein, *Treasurer*; Rodney Ritter, *Vice President*.
Standing—Majorie Santos, Deborah Mackago, Domenic Morano, Nancy Mills, Edward Gucker, Janice Petresky, John Steyers, Elsie Czipfer.

The National Thespian Society was established in 1929 and is sponsored nationwide by teachers and students interested in advancing the seven dramatic arts; Speech, Dance, Music, Writing, Dramatic Literature, Acting, and Dramatics Arts as we know them today.

This is a National Honor society and only students who have earned the required number of credits or quality work are admitted. The minimum number of hours accepted for membership are 100, and they may include backstage work, as well as performing on stage, working on committees, writing or producing plays on stage or radio. Members who fail to live up to the standards may be dropped.

Thespians pledge themselves to be obligated to assume greater tasks and responsibilities in carrying forward the dramatic arts program of the school and in furthering their own training as a participant in that program. A Thespian learns self-discipline and co-operation in a field which demands strict co-operation and self-control.

The society is non-secret and non-social. It is confined to members of secondary schools. The motto is, "Act well your part; there all the honor lies."

Our troupe at Liberty High School received its charter in May, 1955, and is assigned troupe number 1543. It meets at least once a week, often more, throughout the entire school year.

ART LEAGUE

Second Row—Sandra Homer, Sandra Hendricks.

Standing—Joyce Barton, *Treasurer*; Renee Heckert, Edward Delph, Alice Graver, Susan Allport, *Vice President*; Mr. Doney.

The Art League, which meets after school each Wednesday, is directed by Mr. Doney, art instructor, and provides a richer and fuller understanding of art for the members. Various art techniques not available in class are introduced through the Art League.

This year the activities included caring for Liberty's Art galleries, Memorial Hallway, hanging art exhibits, decorating the Christmas tree in the lobby, providing the assembly programs, participating in the Christmas Vespers, sponsoring the Art League Dance and Spring Festival, and making posters for various occasions throughout the 1955-1956 school year.

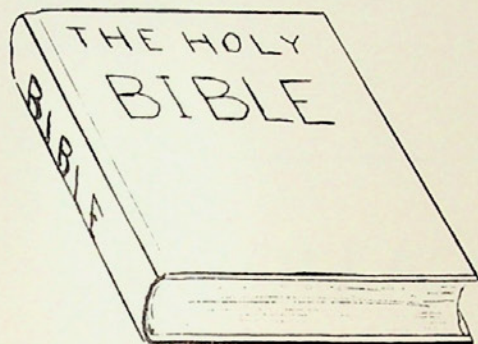

The Art League visits current exhibitions in order to come in contact with professionals in various fields of art. This year on the annual New York trip, club members were conducted on guided tours through the Modern Museum of Art, the Frick Museum, the Empire State Building, and the United Nations Building.

Through the efforts of the Art League, two pictures were obtained for the teachers' rooms. This was done by means of a ballot taken at an informal tea sponsored by the League. The selection was made from a group of paintings by local artists.

BIBLE CLUB

Under the direction of Miss Moll, the Bible Club meets after school on the second and fourth Friday of each month. Each of the members is urged to participate in all of the functions of the group in some way in order that he may create interest and help plan the programs, being about a situation of tolerance in regard to other faiths and become acquainted with the heritages associated with both Christian and Hebrew religion.

Among those activities which are associated with the programs for the year are having speakers who are acquainted with religions and the Bible, participating in discussions about the Bible and comparative religions, singing hymns and religious songs, making a study of the Bible, and having Fellowship.

Any one is welcome at the meetings at any time. The Club is always ready to accept new members and hopes to install interdenominational feeling which will last into future years.

DISTRIBUTIVE

EDUCATION

C a u l d r o n

page two hundred and sixteen

During the past year, the Distributive Education Club has been very successful in all the projects which it has undertaken. The main purpose of the club is to acquaint its members with the varieties of businesses engaged in retail selling.

Under the able leadership of Mr. Jerome A. Beidelman, the group has made rapid strides and is recognized by faculty and student body alike for its aggressive selling campaigns, particularly its sale of "mums" to the students attending the football games, and its sale of red, white, and blue Teddy Bears which have become the delight of the girls of Liberty High.

Trips were taken to large department stores in Philadelphia and New York where selling methods were studied. Since all club members are gainfully employed on a part-time basis another function of the club was to listen to problems arising under practical retailing situations and to try to render advice concerning them.

CHEMPHYBIOGENS

The Chemphybiogens is a club consisting of approximately twenty students who are interested in some phase of science. The name Chemphybiogens is a combination of the sciences (Chemistry, Physics, Biology, Engineering).

The club meets bi-monthly either in the biology room for lectures or in the 1950 Room for movies. The students also enjoy frequent field trips.

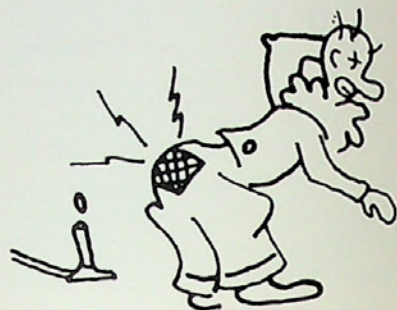

Some of the interesting places visited were the Lehigh University Medical Center, the Fritz Testing Laboratory, the Bethlehem Sewage Plant, and the Muhlenberg science building.

Outsiders are brought in to speak on their vocations. A pathologist from St. Luke's spoke about the diseases of the heart. The interesting part about his lecture was that he had real hearts for samples!

Another interesting speaker was Mr. Ellis from Upjohn's. Upjohn's is a company which manufactures the majority of our cartizone products. Mr. Ellis presented a movie which dealt with the production and use of cartizone products.

The purpose of the club is to stimulate interests in science and science affairs. Also the main objective is to promote participation in the Lehigh Valley Science Fair.

The highlight of the year is an educational tour in New York City. This year the club visited the Museum of Natural History and the Hayden Planetarium.

Standing—Dick Haber, David Daniels, Edward Gucker, Otto Heiney, Arnold Wildfeuer, Nickolas Politi.

One of Liberty High's newer clubs, the Chess Club has proved to be an active organization. Interest among members and outsiders was at a peak all year, with nearly the full membership and some guests being in attendance at every meeting.

Meetings were held every Monday after school in room 120. Chess games were played for personal enjoyment and to determine individual skill and club rankings. The top seven positions in the club formed the chess team the Red and Blue Knights, which engaged in interscholastic competition.

The Chess Club encouraged students to play chess and hopes to provide inter and intramural competition for those interested in the game. This year, the club played in the Penn-Jersey Interscholastic Chess League which held matches after school on Wednesday at various schools. Non-league games were played on Sundays. Our Chess Team has proved its ability by defeating all eight of its opponents thus ranking first in the league.

If interest in this club continues to rise in succeeding years and the members continue with the same high rate of enthusiasm which has marked this group up to this time, the Chess Club will soon become an integral part of Liberty High School.

LIBRARY CLUB

Rella Sandt, Elizabeth Werkheiser, Carl Fraley, Sally Goehring, Elizabeth Wiggin, Dorothy Bickert, Patricia Bishop, Patricia Pinkowski, Jean Stahr, Eleanor Check, Joanne Ritter, Susan Pitcher, Jeannie Jacoby.

The main purpose of the Library Club is to establish a better standard of service for the patrons using the school library. Under the careful guidance of Mrs. Randt, the school librarian, the members study the routine tasks connected with the smooth operation of a school library. Some of their duties consist of checking out books, taking care of circulation, checking in the mail, and in general taking over the duties of a librarian.

During the year the Library Club sponsors the Book Week Contest. There are two contests given; one for the students and one for the teachers. The winners receive a book of their own choice. Around Christmas time, the club members can be seen busily decorating the library in gay colors for the season festivity.

When the club members are not busy taking care of their duties, they are very busy with club meetings, field trips and parties. This year the members took a field trip to the library at Lehigh. There they were shown the operation of a college library and the various collections of books. Of course, the climax of the year is the annual picnic at which time the student librarians get a chance to kick up their heels and relax.

FUTURE NURSES LEAGUE

Anyone who has an interest in nursing or the fields related to it, such as laboratory technology or dental hygiene, may be a member of the Future Nurses' League. The main purpose of the league, with Miss Eckert as advisor, is to stimulate an interest in these fields. An attempt is made to acquaint the girls with the educational and physical requirements necessary for entrance to the school of their choice.

In order to achieve the aim of the club, a varied program is planned by student committees. Included in this program are speakers from nearby hospitals and community health agencies, films dealing with the various fields of nursing, and related subjects and field trips to schools of nursing outside the local area. The group also attends recruitment teas sponsored by hospitals of Bethlehem, Allentown, and Easton. At these teas the girls have an opportunity to meet and observe student nurses in training, tour the hospitals, and meet future nurses from other high schools.

Students interested in the teaching profession become better acquainted with all its aspects through joining this organization, a member of the National Association Future Teachers of America.

The agenda for this year included movies, visits, radio, programs parties, discussions and speakers.

A unique program evolved from a visit to Lafayette Elementary School at which members observed classes in sessions.

Faculty members and student teachers were frequent guests at meetings. Their daily episodes—routine, humorous, and unusual, as well as their advice encouraged prospective colleagues.

Near the end of the year, a large conference for area Future Teachers took place at Lehigh University. A general forum and individual group discussions provided an enjoyable and informative day.

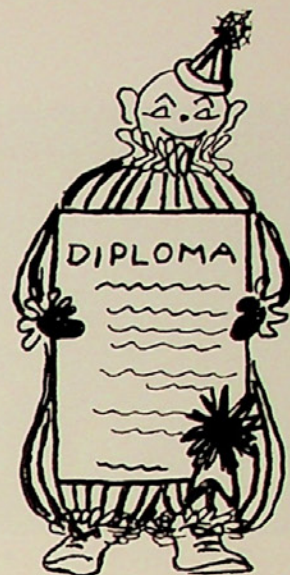

This year, for the first time, members were allowed to purchase pins, symbolic of affiliation with the national organization. Through-out the term they were kept posted on objects of concern to prospective teachers.

COLLEGE PREPARATORY GIRLS CLUB

The College Preparatory Girls' Club was organized a few years ago by a group of girls who were interested in learning more about colleges and college life. Each year, since, the club membership has been growing larger and larger. The girls meet every two weeks for the purpose of preparing for and acquainting themselves with the many different colleges and the opportunities offered.

Throughout the school year, speakers were brought to meetings to introduce their colleges. These special meetings are arranged by either the chairman of the program committee or Miss Walper, the advisor of the club. The highlight of the year is the annual tea for new members featuring a guest speaker.

Once a month, French students devote a class period to the study of France. The purpose of the French Club is to acquaint French students with the life, customs, and culture of France. During the French II club meetings, there are reports on French music, literature, art, geography, holidays, and cities. During the French III club meetings, the students give reports on French provinces. A regular feature of the club meetings is the singing of French songs, including the Marseillaise, the French national anthem. The clubs meet once a month during a class period.

The high spot of the year for the French III Club is a spring trip to New York where the members eat in a French restaurant and practice what they have learned by ordering their dinner in French. They also see a French movie, visit a bookshop and enjoy any French art exhibits. The distinct French flavor of the day is upheld by not permitting any English to be spoken during the entire trip.

DEUTSCHER VEREIN

The Deutscher Verein is limited to students studying third year German and meetings are usually held during the class period. The purpose of the club is to make practical use of the German language, chiefly through native speakers. Of course, the members also sing the Schnitzilbank and other German folk songs accompanied on the little organ by the teacher. Our group picture shows us singing "O Tannenbaum" beside our Christmas tree. A social affair is held the end of the school year when we say "Lebewohl" to Liberty High School.

Our first speaker in fall was a D. P., Mrs. Steinhanf, who came to Bethlehem this summer with her family. She told us of their unhappy life in Europe. Then a former Liberty High German student, Wilmer Hough, told us of his experiences in Germany as a secret intelligence officer. He had attended a government school specializing in foreign languages in preparation for this work. Dr. Margaret Gump, who originally came from Ulm in Germany, and is now Professor of German at Moravian College, gave us an excellent explanation of the German schools compared to ours. Some German students now studying in Bethlehem, a German war bride, and movies on Germany will round out our program this year.

The members translate German letters from school children for the Red Cross as a community service.

LATIN CLUB

First Row—Molly Cutler, Consul; Judith Clay, Consul.

Second Row—Arnold Goldberg, Aedile; Mrs. Funk, Advisor; Barbara Field, Aedile; Sara Hecker, Aedile; Jackie Sterner, Scriba; Jo Jo Snyder, Quaestor.

The *Septem Comites Vergilii* (Seven Friends of Vergil) met the second Friday of each month during the regular class period.

Mrs. Evelyn Funk was the club advisor and the members of the organization were all third year Latin students. Since the group was so small, everyone took an active part.

During the meetings the members added to their knowledge of Latin with reports given by individuals on Rome and Roman background. These were concerned for the most part with Roman history, customs of the Romans, literature of Rome, Roman sports, and also mythology.

During the social hour which followed every meeting, the members enjoyed playing games pertaining to their Latin vocabulary and their knowledge of Rome and mythology. Occasionally there was group singing of well known Latin songs. When holidays came, special plans were made for the meetings and refreshments were a special feature enjoyed by everyone. The group also took an active part in the Foreign Language Assembly and presented a program enjoyed by everyone.

The club ended its enjoyable year by taking a trip to New York. Friends were invited and a busy day was spent going to the United Nations Building, to a Broadway play, and to Radio City Music Hall.

CLUB ESPANOL

Under the direction of Mrs. Baker, the Spanish Club meets once a month for the purposes of acquainting Spanish students with the Spanish customs and traditions and to encourage more fluent speaking. The club is open to students studying in second and third year classes and all meetings are conducted in Spanish by the members.

The meetings are high lighted by singing and refreshments. The club earns the money for the refreshments and any other expenditures by selling theatre tickets. Reports on Spanish life customs and famous people are heard and games are also played. A Christmas party is the highlight of the year.

In April the club has an assembly program for Pan American Day. Also at this time of the year many pieces of Spanish clothing and other articles are displayed in the lobby giving the rest of the students an accurate impression of Spanish customs. The year is concluded with a picnic.

Under the able direction of their advisor, Miss Mary Crow, the Liberty High School Chapter of the Junior Red Cross is one of the few organizations that has as its members the majority of the student body. All those who enrolled in the Junior Red Cross Drive are considered as members. However, each homeroom sends a representative to the meetings to make plans for the activities of the club.

The club operates with the purposes of acting in an equal, coordinating and helpful capacity for the students enrolled in the Junior Red Cross of Liberty High School, to strengthen the cooperation of its membership and to stimulate an interest in the work of the Red Cross in the community and nation.

The Red Cross has fostered many activities. Each year the club has filled a gift chest with school and health supplies which was sent abroad to a needy school. In order to raise money for this project, the club held a dance in December and also had a penny scramble which incidentally, was won by, the seniors. An assembly program was presented in the fall and the filling of gift boxes was carried on in the spring.

During the year this was done by inviting local businessmen to speak to the group and by taking trips to various places of business.

The first meeting was highlighted by an informative talk by Mr. Frederick Zillinski, president of Bethlehem Business College, who spoke about the classes offered at the college. A movie illustrating the functions of electric typewriters was shown at another meeting.

In January the group went on a tour of the north side branch of the Union Bank and Trust Company. They were shown the functions of a bank and the many new banking devices which were installed during the renovation of the bank.

The climax to the year was a party held in February. Games were played and refreshments served.

LIBERTY HI-Y CLUB

John Votral, *Secretary*; Thomas Christein, Robert Kemkovitz, Joseph Long, Leslie Barkis, Ronald Koch, Richard Navarette.

The Hi-Y club, functioning for the first time in twenty-two years without the guiding light of Mr. Harry Dando, enjoyed a year of variety and work. Advising the club were Messrs. Freefield and DeMeglio.

The club strove to live up to their purpose of creating, maintaining, and extending throughout the home, school, and community high standards of Christian character, emphasizing clean speech, sports scholarship, and living.

The club's activity program throughout the year included recreation and swimming once a week at the YMCA; meetings on the first and third Wednesdays of every month in Liberty and on the second and fourth Thursdays of every month at the YMCA; participation in the Youth and Government program held at Harrisburg; and topping the entire year with a three day trip to the Adirondack Mountains.

Second Row—Martha Fahs, Mr. Donchez, *Advisor*; Cynthia Geiger.

The Young Writer, though only six years old has grown to a magazine with all the features of a professional publication. Interest in it has increased to the point where difficulties arise in determining what stories should be published from the wealth of material submitted by the four junior high schools and Liberty High School.

Chairmanship of the Young Writer is rotated among the English teachers at Liberty High, this year Mr. Anthony Donchez having the honors. His staff consists of students appointed by and representing their respective English teacher. From these the chairman appoints associate editors who may have had previous experience on the Young Writer staff. It is their job to select the final material from each school, edit, proof-read, and make-up the magazine.

The completion of each volume proves the magazine has achieved the three fold purpose for which it was intended: first, to encourage; second, to stimulate; and third, to appreciate all forms of creative writing.

First Row—Frank Adamcik, Robert Moyczan, Robert Lindaberry, Joseph Horwath, Charles Yeakel.

The Junior-Senior Y-Teens Club is made up of approximately 70 members. There are two different types of membership offered. The one is a regular membership of paying dues of a dollar a year and attending all meetings. The other type of membership is to be a social member. A social member pays the same amount in dues and receives the same benefits.

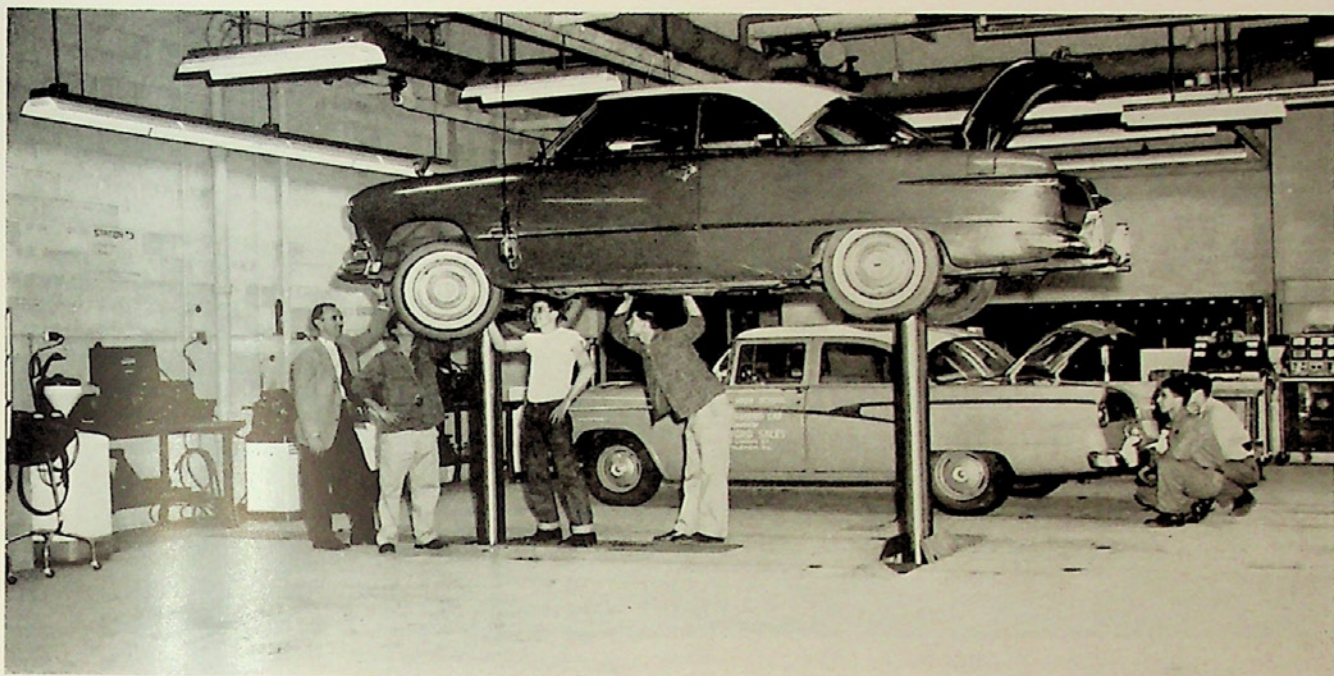

During the year we take trips, attend conferences, and participate in various programs at the Y.W.C.A.

Officers for the next year are elected by the Sophomores and Juniors who will be the combined Junior-Senior Club during the coming school term. The elected girls attend a week-long conference at Albright College in Reading, Pa.

Through the activities of the Y-Teens we are trying to build a better fellowship of women.

AUTOMOBILE MECHANICS

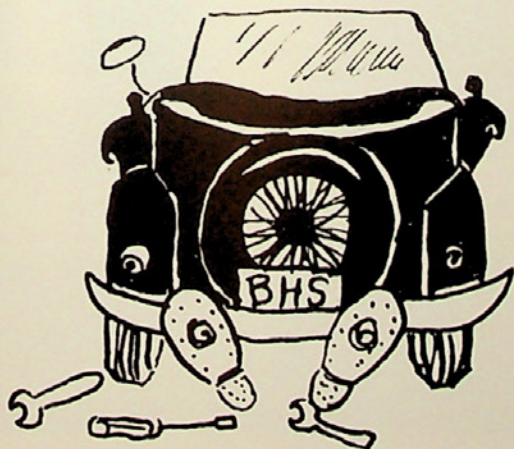

To anyone seriously interested in automobile mechanics, the Auto Shop is a veritable storehouse of information.

In the first year most of the students spend their time in the theory room. We keep notebooks that contain many interesting facts about the automobile. These notebooks are made up of information given to the students by the instructors or one of the seniors.

We start the practical work in the junior year. Students who have cars bring them in and work on them. All kinds of jobs are done. Transmissions are fixed, engines are overhauled, brakes are adjusted, in short everything that is done in a garage, is done in learning the trade.

The senior year is filled with work and responsibilities. Seniors are expected to help the juniors and rookies. If the instructor thinks a senior is capable of doing a good job in industry, he will find a job for the outstanding student. The student is then given the opportunity to finish school by going to night classes three times a week.

DRAFTING SHOP

Drafting is the graphic language used in the industrial world by engineers and designers to express and record the ideas and information necessary for the building of machines and structures.

This language is entirely a graphical one. It must be interpreted by acquiring a visual knowledge of the subject represented. A student's success in drafting will be indicated not alone by his skill in drawing but also by his ability to interpret the impressions of other draftsmen and engineers.

In this study we must first of all become familiar with the technique of expression and an important requirement is the ability to use instruments correctly. The study of lettering, usually the first work taken up in this technical course, is also extremely important.

The Vocational Department of Bethlehem High School offers a choice of three types of drafting: architectural, structural, and mechanical. The men in the architectural drawing shop specialize in the designing and detailing of homes, business public buildings, entertainment centers, and business establishments. In the structural drawing shop the main operation is the detailing of columns, beams, and trusses used in such places as buildings and bridges. The mechanical draftsmen designers and details such pieces of machinery as gear boxes, bench drills, double-acting air cylinders, and milling machine arbors.

Drafting, while teaching a boy accuracy, neatness, and giving him an understanding of mechanical and structural things, prepares him well to meet life in industry.

ELECTRICAL SHOP

Electricity is a form of energy which is associated with the presence of invisible particles called electrons and protons. In the Vocational Department of Bethlehem High School electricity is taught in three consecutive years.

In the first year one learns the fundamentals of Electricity. This includes simple bell circuits, the fundamentals of house wiring, annunciator circuits, simple series, parallel circuits, and transformer work.

The second year includes the fundamental of house wiring. This includes advanced series and parallel circuits accompanied by theory. In the second half of the year the most important work taught is Direct-Current motor work. In this work the manual starter, automatic starters, and field rheostats is most widely used.

In the third and final year in electrical shop one learns Alternating-Current motor work and Theory. In the beginning of the year, one receives an Alternating-Current motor which must be completely rebuilt. In the second half of the year, Alternating-Current Theory is the most important subject worked on. At the conclusion of these three years the electrical student is fully prepared and able to adjust himself to almost any electrical job.

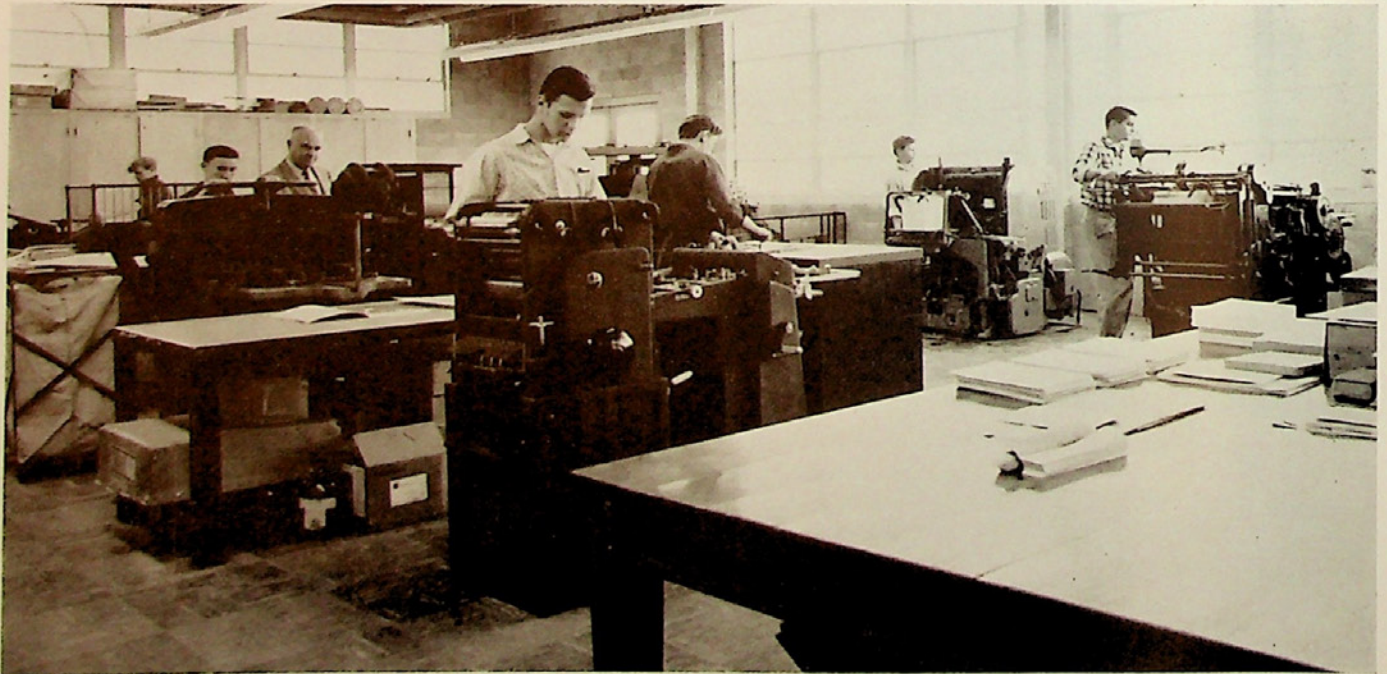

PRINT SHOP

Printing is the art of assembling type systematically in order to reproduce on paper or other substances. The principles of this art were known to the ancient Assyrian nations. Printing from blocks and clay tablets was practiced in China as early as 50 B.C., but modern printing dates back to the invention of movable types which took place less than 500 years ago. Printing has advanced from the lithographic and typographic until the most beautiful and artistic productions of printing are now made available at low prices.

The new print shop in the Vocational Department is fully equipped and well planned. The shop is divided into three main departments. They are the composing room, press room, and bindery room. In the composing room the type is set, proofed, corrected and made-up into pages or forms in order to be printed. In the press room forms are locked in chases placed on the press, made ready, checked and printed. The bindery room operations may include: drilling, perforating, sticking, trimming, folding, cutting, collating, and padding. All these operations are performed under the skilfull guidance of Mr. Hunsinger and our new composing room teacher M. Bucchin.

It was once asked of a great statesman if he would prefer a newspaper or a government. He chose the newspaper. Printing covers everything from a wrapper on a pack of gum to the billboard along the highway,

MACHINE SHOP

The machine shop in the past has been a number of shops making up a machine shop department. This year in our new school we have one large shop with all the facilities and all the students in one central shop, complete with lecture and theory room, locker room, and tool room.

With the advent of automation many more highly skilled machinists will be needed to fill the needs of industry. The training received in machine shop prepares the graduate for integration into machine shop or any of the closely allied trades.

Over the three year training period the machine shop students are trained on lathe, both horizontal and vertical milling machine, boring mill, shaper, surface grinder, tool and cutter grinder, drill press, power saw, and a large metal band saw as well as bench and forge work. During this training, safety is emphasized at all times, on all machines. Visual education, blueprint reading, drawing, theory-lecture is also an important part of the training.

The instructors in the machine shop are Mr. Herbert Ross, Jr. and Mr. Anthony Caccitore, men who are skilled machinists and have the gifted art of imparting their knowledge to others. These men are not only making fine machinists out of the students, but they are building character, thus insuring real honest-to-goodness American citizens, and boys who will be an asset to the community and country.

WOOD SHOP

Woodworking is an old craft dating back thousands of years. With the introduction of metal tools there came an expansion in the building of articles made from wood.

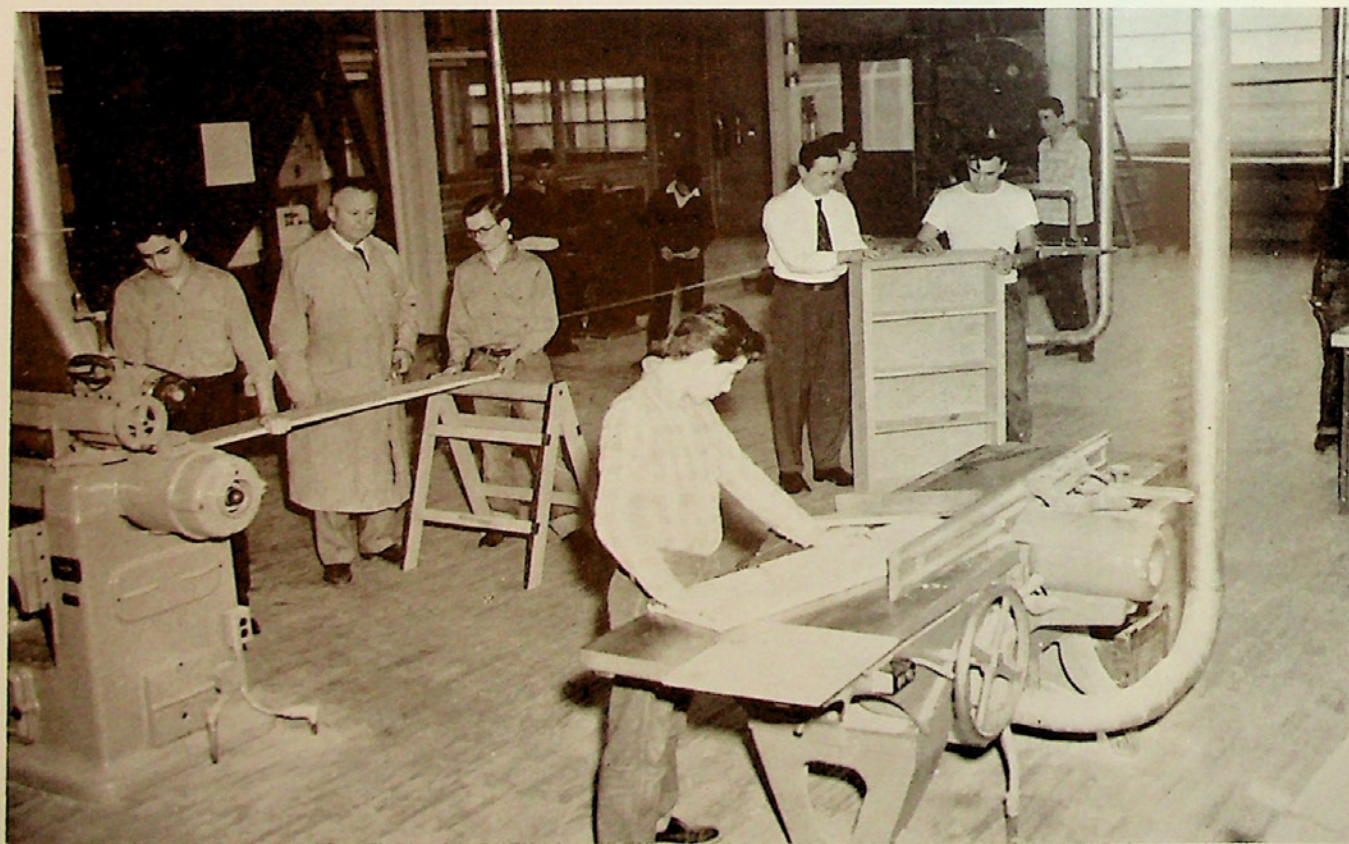

A skilled cabinet maker must be able to work with power driven machinery and with hand tools. He must be able to identify different kinds of wood, read blueprints, make joints, and be able to install hardware.

Much of the work done in the cabinet making shop is done for the Red Cross, Salvation Army, and various other organizations. To a certain extent the students may also make outside jobs for themselves.

The student does not run any power machinery in his sophomore year. He spends most of his time helping and watching the more experienced boys and their assignments.

In his junior and senior years, a student may run the machinery and take part responsibility on his assigned jobs.

Mr. Detweiler, our able instructor, has turned out a number of good cabinet makers in his many fine years of teaching and is sure to turn out many more.

ELECTRONICS SHOP

Electronics shop, taught by Mr. Edward D. Hartman, is now one of the best equipped shops of its kind in this state. This equipment is very expensive and delicate and must be handled with great care.

Did you every wonder how a radio receiver operates? We students did and now we have a pretty good idea on how a receiver operates. We learned about the different circuits that go together in the composing of a receiver.

The boys in their sophomore year study the electrical theory and learn how to use meters. They also learn how to compute necessary problems that arise in their studies.

In their junior year, they learn about alternating current, magnetism, and the study of the various types of tubes.

In their senior year, they learn how to spot troubles in receivers and how to solve thes problems. The boys also build receivers of their own and perform certain operations on them.

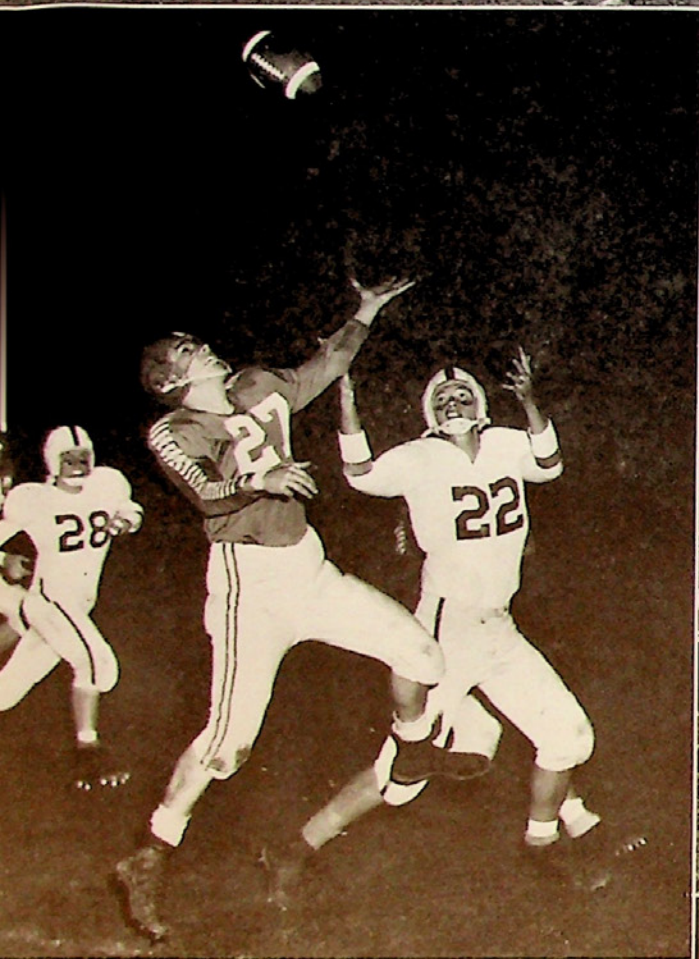

After they are finished with their studies, the graduates should know enough about electrical work to help them in their future life.

ATHLETICS

COACHES

We can never fully express our appreciation to these coaches for their excellent help and guidance. They have molded our athletes into well organized teams and even more important, they have taught us the value of good sportsmanship. It is now up to us to show them that this important lesson was well learned.

VARSIITY FOOTBALL

The football team's winning season, under Coach Warren Harris, provided many thrills for the spectators. In the seasons opener the Hurricanes ran all over Blythe Township 62-0 providing a score which ranks sixth among the schools all-time high. While 5,000 fans watched in the rain, the Hurricanes took on Southern Philadelphia, outclassing them 27-12. Allentown Central Catholic came to our Stadium with a large and powerful team only to be sent home with a decisive 47-6 defeat. The victory made the Hurricane-Viking series 9-0. Continuing their winning streak the blue and red eleven routed Milton Hershey 32-0.

The next two weeks the Hurricanes took to the road with both away games resulting in defeats. The Liberty team was shocked by Reading's power as Bethlehem suffered their first defeat 33-0. The following Friday in Cottingham Stadium in Easton, the undefeated Red Rovers of Easton shaded the Hurricanes 14-7. Recovering slowly from their losing streak, Bethlehem High outscored West Scranton 34-27 as returning to their home field provided a tonic for the Hurricanes. Phillipsburg, in the eighth contest of the season, came from behind to tie Bethlehem 7-7. Bill Chaikowsky ran an impressive 63 yards for the Bethlehem score. Closing their home season, the Hurricanes' solid team effort provided an easy 33-0 decision over Baltimore Polytechnical. The wind-up of the 1955 campaign took place on the Allentown High field Thanksgiving Day. Victory was Bethlehem's as the Red and Blue Hurricanes racked up a 20-6 victory. This was the first victory at Allentown for Bethlehem since 1934. The seasons record was 7 wins, 2 loses, and 1 tie.

Congratulations go to Mr. Warren Harris, his staff, and every member of the football team for a job well done.

MR. WARREN HARRIS

Although Coach Harris was affiliated with Liberty High School for less than two years, his outstanding ability in the field of coaching will long be remembered.

To the boys on the football team, Coach Harris has represented the good sportsmanship and desire to win which constitutes a winning team. The success of his training can be seen in the impressive games which the Red and Blue Hurricane played. The highlight of the two gridiron seasons which he coached was the victory over Allentown of which Coach Harris can be justly proud.

The best wishes of the entire faculty and student body of Liberty High School go with him as he assumes his duties as Freshmen line coach at Rutgers.

JUNIOR VARSITY FOOTBALL

The 1955 J. V. Football Squad came through with a winning season. Joe Preletz and Ferdie Burkhardt did a fine job preparing the boys for their games. The season record was four wins, three losses, and no ties.

The first games proved to be heartbreakers for the Hurricane Jayvees as they suffered defeats to Easton and Allentown by the scores of 7-6 and 27-0 respectively.

The contest with Allentown Central which Bethlehem High School won 33-7, provided our gridders with a spark to set off a three game winning streak.

Phillipsburg was beaten 18-12 and Easton 12-6.

In the second contest with Allentown, the unbeaten Canaries seemed to be just too much for our team as we lost the game 27-6.

The season ended on a happy note as Bethlehem sent Northampton home with a loss and a 19-7 victory for Bethlehem.

MAJORETTES AND CHEERLEADERS

What band performance is complete without the zest and color of one of the snappy majorettes? With their varied and unusual formations, these girls provided an extra thrill at football and basketball games.

The chief requirements for becoming a majorette are poise and the ability to march and while height is an asset, it is not a necessity.

The Liberty students are appreciative of the work done by other girls in making the 1955-1956 season one to be remembered.

The cheerleaders, led by Miss Shimer, could be seen leading the students in school cheers at all home football and basketball games. The example these girls showed was one of the best in promoting good sportsmanship.

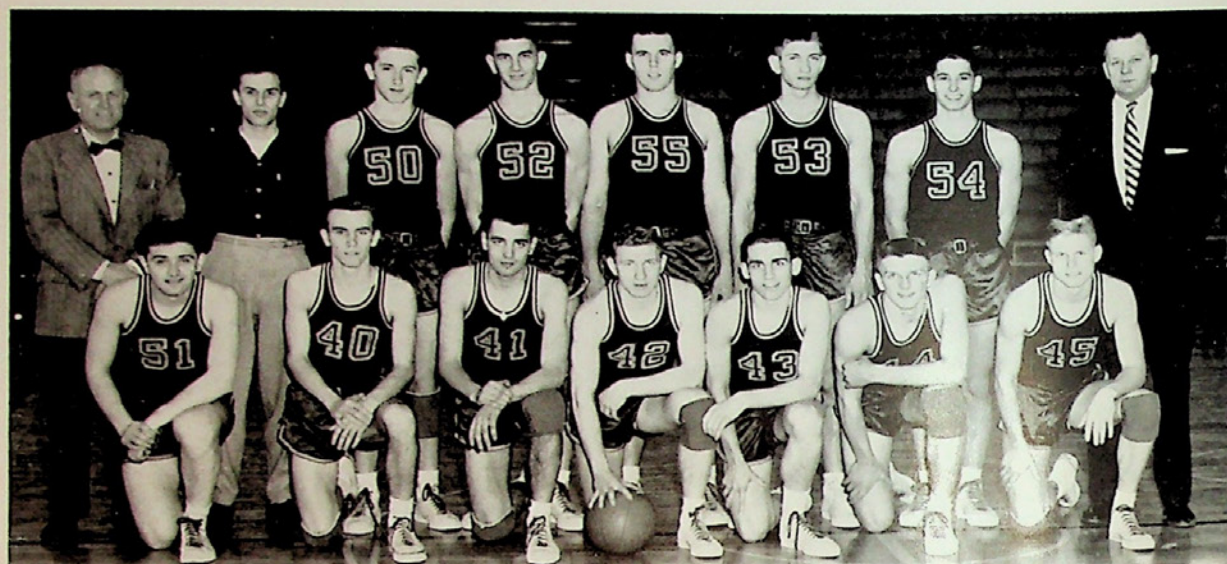

Prime requisites for a cheerleader are pep, precision, vitality, a sense of timing, responsibility, good grades, pleasant personality, and versatility. The girls plan their own cheers. Their job is an exhausting one physically and takes up much time, including part of the summer vacation.

They always wore smiles on their faces as they lead cheers, whether our team was winning or losing. A responsive student body was the only thanks they received for a difficult and exacting job.

The 1955-56 edition of Bethlehem High School basketball under the able coaching of Mr. John Howard ended with a new individual scoring record being made. Gary Piff the B.H.S. sharpshooter scored 1,144 points over a period of three years. As a sophomore Piff scored 191 points, 440 points last year and 513 this past season. The former high scoring record holder was Bobby Gall.

Billy Packer, the Hurricanes sensational sophomore, was the second highest scorer in the season's competition. He made 265 points and had an average of 12 points per game. Other highscorers were Bobby Horvath, John Mika, and Mike Preletz.

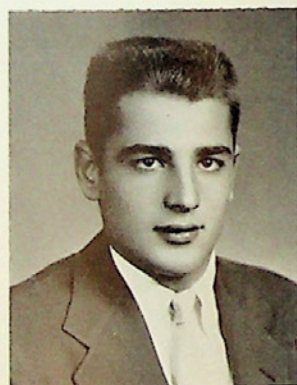

The Hurricanes were hailed as champions of the Lehigh Valley Invitational Tournament as Bethlehem licked Allentown Central Catholic 65-61.

Winning of the first ten games lead many to believe that our squad was to go undefeated. However, Central Catholic who had just been beaten by Bethlehem three weeks before gave the Hurricanes their first defeat.

For the first time, the Annual Eye Glass Fund Game was played on the campus of Liberty High School. In the feature of the evening, the B.H.S. Cagers were defeated by Palmerton.

Johnny Fuhr was once again JV coach and filled the vacancy made by the resignation of Paul Marcincin. The Junior Varsity won 15 games and lost only 4.

Returning men Billy Packer, George Latso, John Kereczman, John Sellers, Jim Leslie and Bill Chaikowsky will be the nucleus of the 56-57 squad.

WRESTLING

With the completion of the Memorial Gym this past year there has been a great increase in the popularity of wrestling. Although the Hurricane grapplers did not win every meet they nevertheless had a rather impressive season under the direction of coach Mr. James Harkins.

The several returning lettermen made the first match with Nazareth an easy victory for Bethlehem, 37-13. In the second round the Nazareth team was beaten by the same score, 37-13. After suffering defeats to Phillipsburg and Northampton, 19-20 and 13-27, the team traveled to Easton to present Easton High with a 23-16 loss. In the first match with Allentown, the District XI champions brought down Bethlehem with a 22-14 tally.

The second round was more successful than the first for our only defeat was to Easton, 19-24. Getting revenge for the defeats from Phillipsburg and Northampton was an easy task for the B.H.S. Wrestling Squad for they won both return meets 24-16 and 24-20 respectively. The season ended with the defeat of Allentown 27-20. In the District XI Tournament three men received points. They were: Alan Black, Gregory Ruth, and Frank Szvetcz. In the 138 pound class Greg Ruth pinned Flynn of Easton to capture the district championship for his weight class.

Bethlehem High's Soccer Team won six games, lost two, and tied one. The team scored twenty-nine goals to their opponents six in nine games.

With three lettermen back to open the season, Bethlehem's Booters defeated their first three opponents before being trounced by North Penn who went on to place first in the first half of the Tri-County League while Bethlehem came in second. This was also the ranking of these two squads at the end of the seasons campaign.

In the first game of the second half, Mike Kush scored six goals to set what is believed to be an all-time Bethlehem High School individual scoring record in one game. Bethlehem went on to place second in the Tri-County League while North Penn was first.

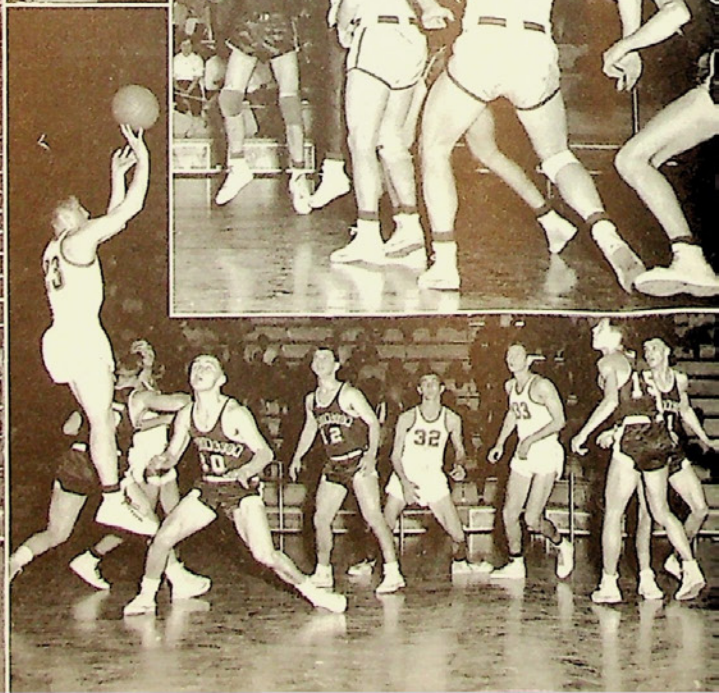

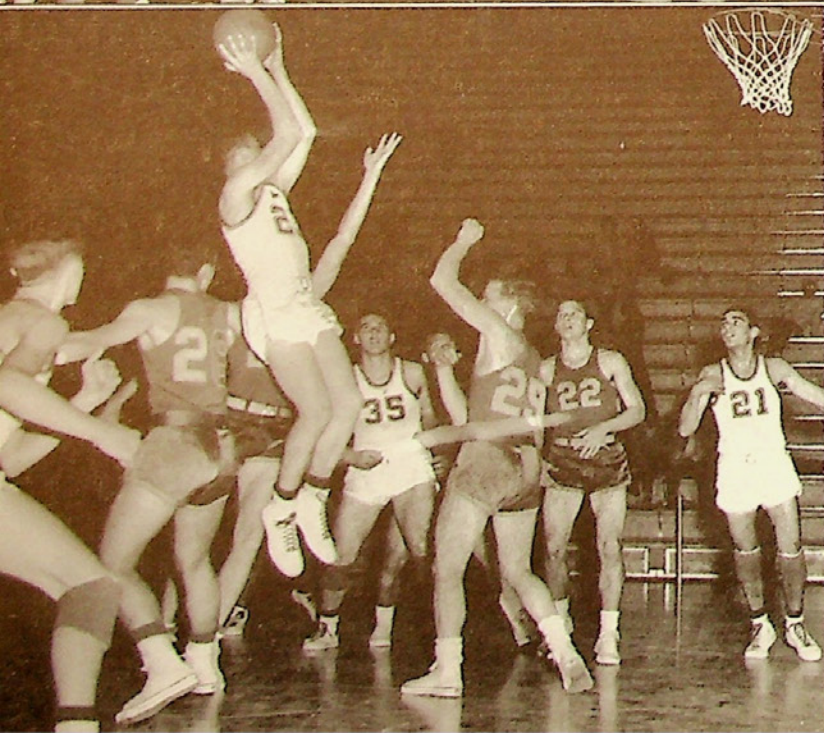

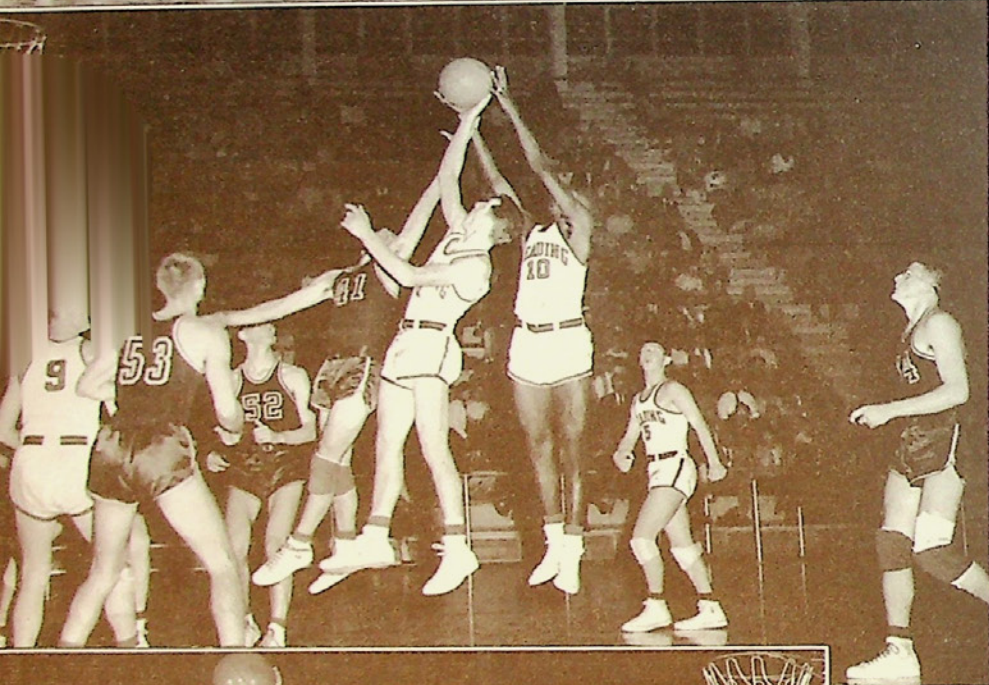

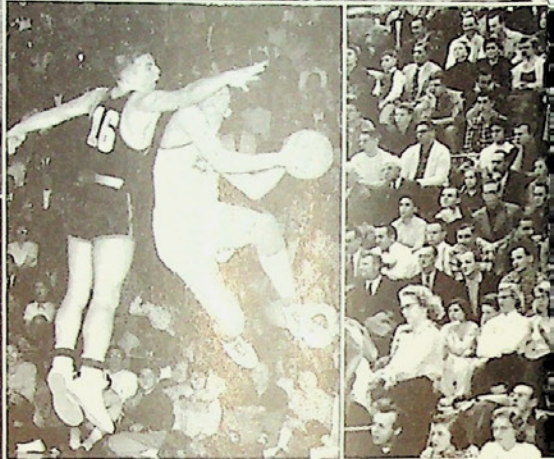

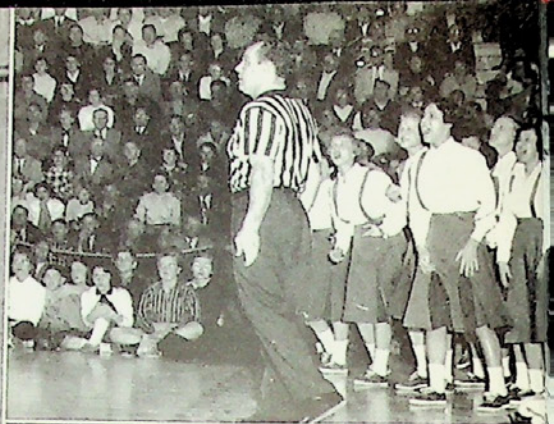

In November, the All-Star Game was held in Lansdale. North Penn defeated the All-Stars 2-0. Bethlehem's representatives were Kush, Fruedenberger, Donnangelo, Serfass, Altemose, and Mr. Ted Martz who served as coach of the League All Stars.

Second Row—Mrs. Weston, *Coach*; Amelia Sniscak, Judith Clay, Kitty Bilinski, Frances Geld, Barbara Kovacs, Dorothy Gasdaska, Ruth Teal.

This has been another successful year for the girls and Mrs. Weston. Fair play and fun is to be had by all. The girls had been driving hard and had been playing very exciting games. To break the monotony of long bus trips the girls found much entertainment in games, singing, and reading or eating.

The spot-lighters of the games are Carol Heffelfinger, a Junior and June Savitz, a Senior. There were only two seniors on the team this year, the other, being Barbara Kovacs, who played the position of guard, June made a total of fifty-eight points during the season, twenty-nine of which were scored during the last game against Bangor. She is the highest scorer of the year. Barbara played a wonderful game as guard the entire season.

The scores of the games were as follows:

Intramural basketball was played during the month of November and the beginning of December with two games being played each afternoon. A total of 36 games were reeled off in this round robin competition. The interest of the girls ran high and the competition was such that many exciting games were played.

With 90 girls competing in the intramurals, girls who showed good ability in these games were invited to try out for the girls varsity basketball team.

Team captains were: Eagles—Barbara Kovacs; Tigers—Carol Heffelfinger; Monkeys—Rachael Cabrera; Cats—Ruth Teal; Dogs—June Savitz; Seals—Mary Ann Trumbower.

As the cold weather begins to settle in, most people look for the comforts of warm homes and wool clothing, but some of our spirited lassies begin to don their hockey gear and make a beeline for the hockey field.

In the past few years hockey has grown as one of our main sports. More and more girls get wholesome fun and plenty of exercise from this energetic sport.

Under Mrs. Weston's guidance the girls are taught the fundamentals of the game and many a royal battle has been waged over the frozen turf. The activities of these ambitious girls may have been slightly curtailed by the fact that the boys varsity and junior varsity teams occasionally monopolize the playing areas.

However, such details do not bother our dauntless hockey enthusiasts and the season was a most successful one not only in terms of hockey but in the more general field of good sportmanship. There is also the standing motto "Keep your sticks below the waist." Many a player has experienced the discomfort which failure to follow this rule brings.

Anyone who visits the Liberty Bowling Alleys will find an ambitious group of girls investigating the mysteries of that sport known as bowling. Under the direction of Mrs. Weston, the girls are taught the fundamentals of the game and through constant practice become quite proficient.

The popularity of the sport is tremendous at Liberty. Although it is a comparatively new activity, the large number of interested bowlers is adequate proof of the success of the game. In past years there have been as many as one hundred and fifty girls registering for team competition.

Not only does this sport have immediate interest to those learning to play for the first time but the pointers learned now will be useful to those who continue to play the game in later years.

MERMAID CLUB

Phyllis Meil, Mary Jane Wolfe, Leslie Bell, Barbara Wasser, Jane Saunders, Susan Jorpics, Elizabeth Ziegenfuss, Sandra Trout, Mary Altmiller, Amy Vezzoli, Dora Gurney, Joanne Stofko, Carol Heffelfinger, Sandra Cowell, Mrs. Leidig, *Coach*; Elaine Achey, Ann Bishop, Peggy Brown, Becky Radley, Mildred Dodig, *Student Director*; Frances LeTowt, *Secretary-Treasurer*; Barbara Kovacs, Kari Rorhus, Dolores Hahn, Joan Fitzko, Patricia Doran, Louise Harris, Susan Miller, Ann Preletz.

The Mermaid Club is an outgrowth of what was originally known as the Swimming Club. The Swimming Club was for both boys and girls and as they gradually drifted apart, the girls' section adopted the name Mermaid to distinguish them from the boys.

The Mermaid Club is composed of thirty girls, ten from each of the sophomore, junior and senior class. Each year, ten sophomore girls are chosen to replace the senior girls who have graduated.

The basic purpose of the Mermaid Club is to produce, annually, the Aquacade. This water show gives the girls the opportunity to display their talents in the water ballet field. A theme is chosen first, music to fit the theme is next and finally the routines are worked out.

Put them all together with hours and hours in length, the average water show requires from 50 to 70 hours of work in the water. This does not include the 20 to 30 hours of work involved in costume making, scenery and program make-up.

The 1955-56 Aquacade had as its theme Waltz Time, with the music provided by the Waltz Kings, Lombardo, Wayne King and Montevani. The Mermaids did an outstanding job of grace, rhythm, timing and beauty.

BOYS' SWIMMING CLUB

After completing the senior life saving course, the boys of the swimming club, under the direction of Mr. Ted Martz, started training themselves for the District XI Championships, held at East Stroudsburg.

Bethlehem took third, with Allentown and Hazleton first and second. It was the first year since 1952 that Bethlehem didn't win a first place.

Tom Howard, placed third in diving, while James Houser, placed fifth in diving and Ed Amstutz, took second in the 50 yard free style, and third in the 100 yard free style. The Hurricane Medley Relay Team took second behind Allentown. This is the first year that four men have been used in this race. A new time was established by Allentown in 2:05.8. Bethlehem finished in 2:11.1.

The club did not go to the Eastern Regionals, but with most of the boys back next year, the chances look brighter. The clubs also anticipate entering the Scranton Swim meet in March which is held at Marywood College.

First Row—Ernest Gestl, David Guth, Michael Riskin, Arthur Metzger, William Ruth, Roger Grube.
Second Row—Mr. Martz, *Coach*; Edward Amstutz, Kit Illich, Frank Tompkins, John Gregorous, Michael Sabo, James Houser.

Demonstrating in front is James Blake.

BASEBALL

The baseball squad, under the able direction of coach John Howard, of 1955 had three wins and nine losses giving them a .250 record of the season.

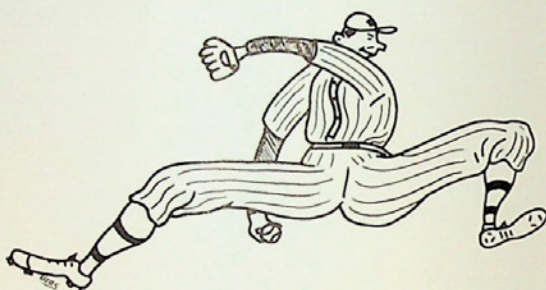

The wins were scored over Bethlehem Catholic 4-3, 16-0, and Easton 3-1.

The other games and the scores were: Easton 1-6, Phillipsburg 2-3 and 5-8, Central Catholic 3-6 and 4-5, Reading 2-3 and 4-11, and Allentown 2-5, and 5-12.

The ace hurlers for Johnny Howard were Jim Bauder, Jim Pratt and Vince Seamen.

With the returning lettermen Gary Piff, Vincent Seamen, and John Serfass the prospects for a successful season, in 1956 are bright.

TRACK

The 1955 edition of the track team proved a success to Liberty and the new coach head John Hudak. Mr. Hudak succeeded William "Pop" Emery, who served as coach for 38 years.

The victories included Whitehall 46-44, Emmaus 63-27, Allentown 71½-45½, Northampton 57½-32½, and Easton 54-45. We suffered only three defeats which were at the hands of Reading, Phillipsburg, and Pottsville.

In the District XI meet at Allentown, the Hurricanes took top honors edging out Pottsville by 9¾ points and taking the event with 46¾ points.

In the Penn Relays in Philadelphia, Bethlehem placed 6th in the competition with other eastern Pennsylvania high schools.

Returning lettermen are Doug Ballie, Frank Szvetcz and Bill Pulley and a successful season is anticipated for 1956.

THE MEMORIAL GYMNASIUM and VOCATIONAL ANNEX

The completion of the Memorial Gymnasium and the Vocational Annex marks a turning point in the history of Liberty High School.

The Memorial Gymnasium was the scene of many exciting basketball games as the B.H.S. Hurricanes tackled their opponnets. With a seating capacity of 4,000 the Gym was found to be satisfactory for sports events and combined meetings of the students of the academic and vocational departments. Through the modern facilities available in the Vocational Annex, the boys interested in technical education were able to avail themselves of many new opportunities.

With this integration of both departments a new unity was achieved which has already proved beneficial to the entire school.

TECH CLASS PROPHECY

The year is 1975, and I, Robert Lindaberry, am invited to go behind the scenes of the Big Top. As governor of Pennsylvania it is my job to keep the circus a good place for entertainment.

I flew from Harrisburg to the International Airport. As I left the plane I recognized my old friend Al Kichline. He told me that he was now a flight technician. The airport cab drove me to the D & R Hotel, owned and operated by Donald and Ronald Baylor. It was now late evening so I retired for the night.

In the morning I left for the circus. At the red wagon I met Whitey Gross, Ray Bencak, and Chicken Barbarics selling tickets. Here George Elovski, the public promotion director, met me. He took me to the silver wagon and introduced me to Frank Fabian, now general manager of the Big Top. George then escorted me on to meet the personnel director, Joe Horwath, in his private office. As we passed another door it surprised me to see on a door, Ray Lipsky, press agent. We went in and met his three assistants, John Heidecker, John Philbin, and Ronald Williams.

I was taken to the big tent which housed the huge three ring stage. I was greeted by Tom Donchez, the Big Top equestrian director. He asked me if I would stay for the show, I replied that it would be a pleasure.

The show commenced. To my surprise Lennsy Kodnovitch was the band-master. A few members of the band were: Robert Hippensteal, drummer; the accordion ace, Stanley Gawlik; the sax player, Tom Rocasky. When the band concluded the opening selection, I saw James Swartz and Eddie Morrison, on the stage. My two friends told a few jokes and were chased off the stage by the high wire artists, Louis Cherney, Harvey Diefenderfer and Tom Dobyan. They exhibited a fine act.

The wild animals act was called next. I met the lion tamer, Teddy Rothrock, the smallest tamer the circus ever had. Then I met the circus doctor, Robert Ference, who took care of the cats. He was responsible for feeding the kittens.

The members assembled again, Teddy took his animals through their acts showing no fear toward them. All the animals were sent back to their cages except one tiger. At this moment Tom Donchez began to speak, "Fearless Banuelo will now lead a horse into the cage, and Teddy will attempt to have the tiger sit on the horses back." This act was completed with great care in the cage.

Elovski then told me this part of the show has been extensively advertised and was the hit of the performance.

Tommy then announced the fastest moving part of the performance. The horse show. John Cacciator was the ring master. The midgets went through a few stunts on the horses when "Ducky" (Donald Bergstresser) appeared and stole the show with his shetland pony.

The tight wire act was introduced at this point to add a little comedy to the show. My old friend, John Filo, was so good that often the members of the show watching the act would gasp as he faked a fall. Once when his accomplice, Charles Pulley, did a back flip somersault to be caught by him, Filo hesitated and it seemed as if Pulley would fall, but he still caught his hands somehow.

Now that the story of the big tent has been told I would like to add the Big Top Hall of Fame, a few names of my friends. They have been granted a portion of the big top and are traveling all over the world entertaining the armed forces and important cities near each stop.

The trophy for the greatest star in the circus world had been given to Tom Donchez. Tom had gone to fame with his tight wire artistry. The trophy for the most versatile person held Richard Karvoski's name. Another entitled, "The Most Exciting Act" had the name Thomas Voytko. I was told that his feat was to drive his motorcycle, standing on the seat, around a simulated barrel. I saw Fred DeBellis and Kenneth Bitler listed on a trophy for the greatest riding team.

As I looked on I noticed a trophy painted red with a model of a hot-rod atop it. The title on it was, "The All-American Daredevils." James Gittings, Rodney Haney, and Frank Wunderler were listed. On another call, "The Greatest Clown," was listed Albert Orta's name. My day had been well spent. George was now escorting me to the gate. I thanked him for the fine time he had showed me. At this moment my private chauffeur met us and guided me to the car.

As we drove back to the hotel I stopped to eat at the Greek's Silver Spoon, owned and operated by George Paulos. I then spent that night at the D & R Hotel.

The following morning was a beautiful day. As I had no business planned for the morning I decided to drive back to Harrisburg. As we were leaving Philadelphia I noticed a sign which read, "Richard Chontofalsky, Architectural Designer." Just before reaching Sellersville I saw a high antenna. As we drove closer I noticed a shop at its base displaying a sign "Inhoff and Pichel, radio and T.V. repair."

We stopped for gas at "The Three Ace Station" owned and operated by Bill Magan, owner; Alton Paulus, body man; and Reds Mumbaure, mechanic. After the tank was filled, we started on our way again.

We got on the Super Dream Highway and before I knew it I was back at my home in Harrisburg ready to prepare for the afternoon business of keeping Pennsylvania the Keystone State.

THE DECLARATION OF GRADUATION

When in the course of human events, it becomes necessary for the Class of 1956 to graduate and dissolve the name which has connected us together, and to assume among the powers of earth, the separate and individual occupations to which the laws of Liberty High School entitle us, a decent respect to the opinions of all requires that we should review our past achievements.

We hold these facts to be self-evident; that all students are considered equal; that we are endowed by our teachers with certain inalienable rights. Among these are social life, liberty, and the pursuit of an education. To secure these rights, a student council is instituted among the students deriving its just powers from the consent of the teachers; that who-so-ever violates these rules, it is the right of the students to judge the case, and institute new laws laying their foundation on the faults of others and to organize its powers so that they shall be of benefit for the safety and happiness of all.

Accordingly, all experiences show that we, the Class of 1956, have had a prosperous year. That when it came time to meet our rivals in football, Allentown, it was the right, it was the duty of every squad member and senior to attend the game, to lead our class on to victory, as we did, and to provide a status for the future security of high school football games. Having established a new Memorial Gymnasium and Vocational Department, with the purpose of security for our fellow students, we have provided a more efficient educational curriculum and athletic facilities. Through the dramatic ability of chosen fellow students we, the class of 1956, have accomplished the task of providing an amusing, entertaining Senior Class for the benefit of all mankind.

In conclusion we have prospered financially through the sale of Christmas cards for the benefit of our social and graduation activities.

Therefore, we, the students of the Class of 1956, in agreement with the faculty of Liberty High School and appealing to the occupations of this world, hereby declare that we have graduated and become free, independent individuals seeking leadership and new fortunes in this world.

The fore-going DECLARATION was, by order of the Cauldron Staff, composed and signed as follows:

THIS WAS OURS

*It's onward now, into the world,
Our lives-our own to make and mold.
Our years at high school now are gone,
And will the world be cold?*

*We each will go our chosen way,
Will try to do what we think best.
As each begins to live his life,
Will he think of the rest?*

*Remember football games, the dance,
The play and all the other things
Companionship, a young romance
The joys that our youth brings.*

*And yes, remember classes, too
The algebra, the chemistry,
The rooms of learning that you knew,
Remember jealousy!*

*Three falls, three springs, three years of school,
Preparing us to face the world
To show the people what we are,
A flag becomes unfurled.*

*The class of '56 moves out
To test its voice-to shout aloud
Achievement ours, now more to do,
Of '56 — be proud.*

*Its onward now into the world,
We all go separating ways
Our years at Liberty are gone
Remember high school days.*

THE LAST WILL AND TESTAMENT

We, the class of 1956, being of sound mind (most of the time) and body, do hereby bequeath these possessions, treasured and otherwise, to the underclassmen on the occasion of our sad departure from these hallowed halls.

First and foremost, we leave them the ability to do a whole quarter's notebook in one night (and most of the morning.)

To the future typists of Cauldron, Lois Edleman, Louise Ehrgott, and Connie Bowman, leave their red, calloused, tired fingers.

Mary Helms and Cynthia Geiger will their Latin speaking ability to any student interested in the founding and progress of Rome.

The natural black curls of Barbara Goodman shall be worn by Toby Tarquin.

Barbara Easter, our famous female mathematician, bequeaths her time, patience, and ability to any girl willing to follow in her footsteps.

To David Polefka, Frank Szvetcz, bestows his fine leadership and all the responsibilities connected with being senior class president.

George Karustis and Nancy Auer pass on their ability to keep up with the L.H.S. teachers and receive the honored title of the most studious, to any junior willing to spend his life surrounded with books and homework.

Talk! Talk! Talk! Barbara Wasser, better known as "Chatterbox" leaves this outstanding ability of gabbing to Mary Jane Wolfe.

Kaye Sutton and Barry Brown bestow upon Stephanie Hombis and William Kech the title of "Songbirds of 1957."

James Whistler and Rosalie Dascmer, our class clowns, will the ability to have fun in all their classes as well as outside of school to Francis Pershey and Dick Haber.

To John Stetler, David Roper and John Saeger, bestow the honor of being Mrs. Fitch's "Maestro's of the Piano."

Double, double, toil and trouble, fire burn and cauldron bubble. To the future chemists, we the class of 1956 leave the remains of the chemistry lab and teachers to utilize as you see fit.

Guppies, swordfish, angel fish, and our own Tom Howard, can be found during an exploration of the deep waters of the L.H.S. swimming pool. Tom wishes to leave his kingdom to the next King Fish, Kit Illich.

In spring, when a young man's fancy turns to . . . , Jim Houser, digs out his tennis racket and starts his daily practice. To all future All American Tennis Players, Jim leaves his spring training.

To the halls and stairways, we leave the quiet patter of our feet and the brief talking and laughter of our angelic voices.

Finally, we leave the main arena of the circus to the future performers, to follow faithfully the excellent work of their predecessors.
